

Page 6

* The Statement of Recommendation

Hallelujah! I give all the glory and appreciation to God who has led me to read this precious book.

I came across the book, 'Baptism by Blazing Fire.' After I had bought and read this book from a Christian book store, I thought to myself, 'What on earth! This is happening at a small church located in a basement? A newly established church in Incheon?' I then immediately bought the 2nd and 3rd book to read.

I have read about the Lord's Church family members who were not saved and now in hell tormented by fire. I have read about their regrets and resentments. I have also read about the homes and gardens in heaven that are for the saints. Heaven is beautiful and the homes are made of gold and decorated with precious stones. We will live in them for eternity. As I read, I have come to realize the amazing love of God and His infinity. All throughout my reading, I was in constant shock and impressed greatly.

I have read many books and testimonies of people experiencing direct and personal revelation of heaven and hell from saints within Korea and throughout the world. However, there were not many books that documented practical event and their circumstances so meticulously. There are not many books that have shocked or impressed me.

The wife of Pastor Kim, Yong Doo, his son Joseph (17), his daughter Joo Eun (15), and several members of his church members have all been obedient to the pastor's direction and leadership. They have listened to the Word of God, worshipped, praised, and prayed every evening from 9 PM until the early next morning. How could this not please God? Their all night prayer service was not just a one or two day event. They have been doing this for several years. It didn't matter whether it rained or snowed, they had never missed a day. They had been crying out to the Lord through the years without any rest. As they cried out in this manner, their prayers reached the throne of Father God and He was moved. The Lord then personally and directly came to visit them. He comforted and gave them hope.

Page 7

Moreover, great power and authority was granted to them. They had received the baptism by Holy Fire, tongues, prophecy, gifts of healing, gifts of spiritual discernment, and the power and authority to cast out demons, devils, and evil

spirits. The Lord had sent them to hell as part of an intensive training program so that they could be used greater. Their spiritual eyes had awakened. They were able to physically and spiritually see the Lord standing next to them. The Lord allowed them to see Him whether their eyes were physically opened or closed. They were also able to see heaven and hell. They were granted the ability to see the different variety of evil spirits. They were granted spiritual power and authority from the Word to smash and defeat the power and authority of the devil in hell. It is just astonishing.

Pastor Kim, Yong Doo is an intelligent man. He had graduated from An Yan University, Presbyterian School of Theology. (?????????????????????????) With his determination and remarkable endurance, he still leads his ministry with difficulty and perseverance. It has taken all of his strength to write the series of books.

The Lord in this book was presented as a person with so much love. Moreover, the Lord is full of humor. We acknowledge Jesus is King of kings with authority over all of heaven and earth. At the same token, He is also a compassionate and kind hearted friend who is always with us. As I have read and learned all this in great detail, I cannot but naturally praise Him with hymns of gratitude.

When I had attended the revival service led by Pastor Kim, Yong Doo, I was very surprised. I was astonished of the length of time for the service. It ran from early evening all the way to 4 or 5 AM. From the bottom of my heart, I was surprised to find a pastor who would lead such revival until the early morning hours. Are there still any pastors who would do such a thing today? During the revival, I had first handedly witnessed the direct powerful manifestation and work of the Holy Spirit. It was clear and vivid as day. Pastor Kim gave all his effort to please the Lord. If necessary, he was willing to sacrifice himself to please God. It was all for God and His glory. I could see the core theme of the pastor's ministry was to make every effort to live his life by living according to the Lord's commandments and His Word. I was very impressed.

Page 8

In present time during war, a gun or missile is not randomly shot at the enemy. We aim and shoot with the help of the latest technology and equipment. We use radar or surveillance to detect and observe the enemy's activities. Only when we target accurately, we can bring complete destruction or success with one shot. We must apply this method when it comes to spiritual warfare. As we battle with Satan, the devils, demons, or evil spirits, we can defeat them with weapons to target them precisely. We can receive the

latest spiritual weapons from the Lord and be more effective. With the sling of the Word, the pastor smashed Satan, the devils, and demons. I am very proud of him. It is like David striking Goliath with one shot from his sling.

Some people with no background or experiences might present different opinions from their lack of faith or doubt. However, what I have personally witnessed and felt was the authentic, clear, and absolute work and manifestation of the Holy Spirit. I can only thank the Lord for rising up such valuable spiritual workers from various churches in Korea. The supernatural spiritual realm is not something we can completely comprehend. We must all personally meet the Holy Spirit and have our spiritual eyes opened. Only in this way, we can understand and receive revelation from the Word of God and experience the spiritual realm.

Pastor Kim, Yong Doo experienced the spiritual realm. By grace, he was granted the opportunity to experience heaven, hell, and the entities of the evil spirits. Pastor Kim did not take away or delete anything but disclosed all that had to be disclosed. He wrote the books with his blood, tears, and in pain. I recommend that all should read the series of books, 'Baptism by Blazing Fire.' The new spiritual realm that people were not aware of would be revealed and understood. With such hope, I gladly recommend these precious books.

* Introduction

There is an odd saying, 'If you know the enemy, you will win hundreds of time out of hundreds of time.' God's church and the believers must now clearly understand the times and their enemy, the forces of evil spirits. We are only able to triumph this way. As Christians it should be basic, necessary, and an indispensable element to know the existence of our enemy in order to win the spiritual warfare

"Wherein in time past ye walked according to the course of this world, according to

the prince of the power of the air, the spirit that now worketh in the children of disobedience:”
(Ephesians 2:2).

When the Lord visited the land of the Israelites, He did not disclose the evil spirits to the Jewish people or His disciples with the intention to promote or further their fruitless superstitions

“Therefore rejoice, ye heavens, and ye that dwell in them. Woe to the inhabitants of the earth and of the sea! for the devil is come down unto you, having great wrath, because he knoweth that he hath but a short time.”
(Revelations 12:12).

Whenever possible, the evil spirits will plan evil and always start trouble in our churches, with Christians, and of course, everywhere on earth. Therefore, someone must confront and break the strongholds of the evil forces. This is the job for Christians.

Page 10

When Satan fell, many angels accompanied and fell with him. Therefore, with the judgment of God, they provisionally have received their due punishment *“For if the word spoken by angels was stedfast, and every transgression and disobedience received a just recompence of reward;”* (Hebrews 2:2). But as a form of retaliation, they are gnashing their teeth and contaminating the salvation of God’s chosen people. They continue to seek people to devour and make them break or fall away with *rage “Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour: Whom resist stedfast in the faith, knowing that the same afflictions are accomplished in your brethren that are in the world.”* (1 Peter 5:8-9).

1. 책임소재

There is countless number of poor pathetic souls churning out on the earth who are being led astray by the evil spirits. These souls are deluded by the evil spirits and suffering. The evil spirits are leading them as they wish. Sadly, many of our churches and pastors are ill-equipped and do not know what to do. Are we going to tell the poor souls to check themselves into a mental hospital? Or are we going to tell them to take pills or tranquillizers to treat their sufferings and nervousness? The Lord is strongly indignant toward most Christians. The Lord is looking for a people who will help the victims receive deliverance and healing.

“When Jesus therefore saw her weeping, and the Jews also weeping which came with her, he groaned in the spirit, and was troubled. And said, Where have ye laid him? They said unto him, Lord, come and see.” (John 11:33-34)

“And I brought him to thy disciples, and they could not cure him. Then Jesus answered and said, O faithless and perverse generation, how long shall I be with you? how long shall I suffer you? bring him hither to me.” (Matthew 17:16-17)

Page 11

It is not a surprise when the evil spirits enter unbelievers and they become frenzy. But throughout the country, there are too many demonized people who are believers. Many filthy evil spirits are working in the households of believers. I was shocked and shocked over again. The most shocking thing to me is the fact that Christians who are confident and have a strong belief in their salvation are the ones who are demonized as well.

Nevertheless, who can we blame or who can we bear the responsibility? The Lord has clearly declared that there is no way to drive out demons except through prayer *“And he said unto them, This kind can come forth by nothing, but by prayer and fasting.”*(Mark 9:29). Since the method is declared in the bible, we are not to avoid it and it is our responsibility. We know this fact and it is us, the Christians who must jump in and engage confronting evil spirits with boldness. In order to resolve this issue, whether by individual or as a group, we must pray together as one. This is what the Lord truly desires and is the complete teaching of God’s Word.

2. The number of evil spirits.

“And there appeared another wonder in heaven; and behold a great red dragon, having seven heads and ten horns, and seven crowns upon his heads. And his tail drew the third part of the stars of heaven, and did cast them to the earth: and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born.” (Revelation 12:3-4)

“And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels, And prevailed not; neither was their place found any more in heaven. And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him.” (Revelation 12:7-9)

The number of evil spirits is numerous and it is a number we cannot determine. We are only able to comprehend the forces of the devil as an infinite number based on the Word. Nevertheless, it does not really matter on the strength of their number. The nature of our boldness and adventurous spiritual disposition to unite and harmonize with each other by God is crucial and important in disclosing the identities of the evil spirits. It is then we can cast them out. With that said, anyone can now mount the victory banner. The victory banner stating, "Lord, Jesus Christ."

"Beloved, think it not strange concerning the fiery trial which is to try you, as though some strange thing happened unto you:"(1 Peter 4:12)

"These things I have spoken unto you, that in me ye might have peace. In the world ye shall have tribulation: but be of good cheer; I have overcome the world."
(John 16:33)

3. Break the conventional mind set

When Jesus came to the world, He boldly crumbled and broke down the conventional religious and traditional practices. He then encountered extreme meetings with tax collectors, prostitutes, gentile women, a centurion, orphans, sinners, the sick, and etc

"The Son of man is come eating and drinking; and ye say, Behold a gluttonous man, and a winebibber, a friend of publicans and sinners!"
(Luke 7:34).

Thanks to Jesus, many souls who were oppressed in darkness were finally exposed to the true light. They were able to taste healing and freedom at the same time.

"The people which sat in darkness saw great light; and to them which sat in the region and shadow of death light is sprung up."
(Matthew 4:16)

For 15 years, I have struggled, been troubled, and experienced nervousness from conventional and traditional thinking. The Lord then told me, "Pastor Kim! Do not be afraid, just believe! Break the existing conventional spiritual thinking that has framed you! Is there anything that I can not do? Put down everything and be adventurous! Come to Me with big and bold steps!" When I

stepped out one step at a time, a streak of light began to shine. I eventually came to this point. From this moment forward, I am very interested on how the Lord will lead me. What methods will He utilize? We are weak and half equipped. For example, in some areas, we seem very spiritual but more or less, we are not very spiritual at all. I am no different. There is a coward in everyone and for me it is hidden behind my outward appearance as a pastor. As a result, I have dug the spiritual well on my knees in order to win the endless spiritual battles and for the battles that lie before me.

Even though I have felt and experienced my limitations to express what I need too, the fourth book has come to light based on the strength of intercessor prayers by the members of the Lord's Church and by many throughout the country. I desire to present this book to the newly established church pastors and their wives. They have yet to establish their church names and are still waiting for their time as the songi mushroom that waits in the cold shaded ground that wishes to emit its strong fragrance to the Lord.

Pastor Kim, Yong Doo

Page 18

Before Entry

* The message about spiritual battle

“When a strong man armed keepeth his palace, his goods are in peace: But when a stronger than he shall come upon him, and overcome him, he taketh from him all his armour wherein he trusted, and divideth his spoils. He that is not with me is against me: and he that gathereth not with me scattereth.” (Luke 11:21-23)

1. Going through spiritual stages and battles

“These are the journeys of the children of Israel, which went forth out of the land of Egypt with their armies under the hand of Moses and Aaron”. (Numbers 33:1)

The Israelites did not know the power of salvation through the event of the red sea. They did not know that there was a difficult journey awaiting them between the red sea and the land of Canaan. The journey would be most exhausting.

They could not rely on all of God's special protection. They had to go through the wilderness. Even after crossing the Jordan River, they arrived at the land of Canaan with Holy feet. In order to possess the land of milk and honey, they had to fight many exhausting wars which awaited them. They had to bring

destruction over their enemy.

Page 19

This also applies to us. Many Christians do not realize the reality of spiritual warfare. They have no clue but instead imagine entering the land of Canaan, heaven. They are fascinated with the thoughts of the beautiful scenery in paradise and its holiness. However, our future is spread out with many layers of spiritual stages and processes. Much spiritual warfare is awaiting us. Our lives are surrounded by invisible enemies. Experiencing the process can feel endless. It is an exhausting, painful, and tormenting process. We must get to light from darkness and the only hope is in Jesus Christ. (John 14:6)

2. One devoted to fight with evil forces

Generally, people always dream of living their lives enjoying and resting. They want comfortable lives. However, their eternal wish or hope is vanished through sin. Our life is the battle. Our life is a competitive sanguinary struggle for survival. Our life is a continuous wrestling match. But many attempt to avoid the battle. Our fight is not ordinary. It is a fierce battle that only people with Christ can fight. The fight is with evil forces and not even an inch of ground can be conceded. The worldly people are the sacrifices of the evil forces. It is the people of faith that can fight and triumph. (Galatians 5:24)

Page 20

Jesus is looking for people who will devote themselves to fight the battles against the forces of evil. Luke 11:23, the Lord offered us to be with Him. The Lord positively proclaimed the following. "He who is not with Me is against Me, and He who does not gather with Me, scatters." If we are to be with the Lord, we have no choice but to distinctly arm ourselves and engage in the spiritual warfare. It is our duty to wrest and bring down the enemy. However, in most cases, many Christians prefer to be passive and complacent. The strong man represents the forces of the devil that is fully armed and guards his own dwelling. They are well prepared and their preparations are set up by way of precaution. "*When a strong man armed keepeth his palace, his goods are in peace:* (Luke 11:21) The people who can successfully fight and engage the forces of evil spirits are Christians. But currently, most Christians are helplessly defeated.

3. The start of battle

The engagement for Christians began when the Lord was here on earth. Jesus came to destroy the works of the devil. The Lord desires believers to be good

spiritual soldiers, rather than just a lay believer.

“Thou therefore endure hardness, as a good soldier of Jesus Christ.”

(2 Timothy 2:3)

“He that committeth sin is of the devil; for the devil sinneth from the beginning. For this purpose the Son of God was manifested, that he might destroy the works of the devil.”

(1 John 3:8)

Satan and his forces do not engage each other. Satan is very cunning. They give no gap or opening. Therefore, they do not divide their forces. The evil forces know that a divided kingdom will collapse and will not continue to stand *“And if Satan cast out Satan, he is divided against himself; how shall then his kingdom stand?”* (Matthew 12:26). Jesus had discussed about this issue *“But he, knowing their thoughts, said unto them, Every kingdom divided against itself is brought to desolation; and a house divided against a house falleth.”* (Luke 11:17).

Page 21

The spiritual battle is very fierce and intense. The outcome of the battle will depend on who is more armed and who has more power *“But when a stronger than he shall come upon him, and overcome him, he taketh from him all his armour wherein he trusted, and divideth his spoils”*. (Luke 11:22). When Jesus who is more powerful comes, He will eventually win and will break the power of the devil. The power of the devil will come to an end. When we go spiritually deeper, we can come to realize that we must always arm ourselves completely in our thoughts, minds, and in our daily lives.

4. Put on the full armor of God

“Finally, my brethren, be strong in the Lord, and in the power of his might. Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand. Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness; And your feet shod with the preparation of the gospel of peace; Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked. And take the helmet of salvation, and the sword of the Spirit, which is the word of God:” (Ephesians 6:10-17)

When we observe the clothes that people wear, we can distinguish the type of work they are doing. For example, soldiers wear military uniforms. When

people see the soldiers in uniforms, they can feel the strength as the uniform and soldier represents trust and safety. But when we observe people wearing a night gown or hospital gown, they appear to be weak and without strength. Some soldiers in special commando uniforms appear and represent more strength. People who may encounter them might become afraid and shiver. In truth, Christians must arm themselves completely as well. When they are completely armed, the evil spirits will view the strength and will shiver immediately at their presence. We Christians must have the ability and power to snatch back souls that are seized and in bondage by the evil forces

“For the word of God is quick, and powerful, and sharper than any twoedged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart.”
(Hebrews 4:12).

We are to settle our victory through the Word of God which is quick, powerful, and sharp.

Page 22

5. Gather with the Lord (Luke 11:23, make a decision!)

We need to ask ourselves a question. “Even though by beloved Jesus grants me the opportunity to make a decision, will I continue to stay in a complacent state?” The world is governed by Satan. Although everything is under God’s plan, the evil spirits counterfeit and play the role as if they are in control. The evil spirits are the culprits that destroy, steal, and plunder. They plan and strike the Christians every day and night. Some Christians are helplessly defeated before they even know what hit them.

Within our society, people are basically well organized. They place a lot of effort to search for conventional reformation through their own efforts, such as with legislation, education, improve working conditions, and etc. However, it will all eventually end in somber death. Even though the world is under Satan’s control, we still have hope. I truly believe the power of the devil will be ineffective once we recognize and accept the work of Jesus Christ and the power of the cross and the power of resurrection.

The Lord is more powerful and He breaks down the stronghold of the devil. The gospel is always the good news. Simply confessing it with your mouth and not understanding it with your heart is not enough when it comes to spiritual warfare. One must jump and engage into the battle with the Lord.

However, the Lord has clearly warned us that there will be people who will be

against this. The Lord is seeking people who will engage into the flames like a fire fighter. We are required to have faith in order to have the ability to make a decision whether we will engage in battle with the Lord or be against it. Please bear in mind; we must eventually make a choice. This is the truth.

Page 23

*** Vision from three years ago**

About three years ago, as I was praying on the platform throughout the night, the Lord showed me a vision. It was about the end times. (Joel 2:30-32)

I do not know if the vision was before, during the middle, or after the tribulation. But God's people were taking refuge on Mount Zion, safe from the persecution by the evil forces of the world. All of the unbelievers were deluded and they appeared out of their minds. The unbelievers were searching throughout all the places to seize God's people. They had one thing on their minds, one goal, to seize all believers. They dragged the believers to jail and tortured them to death. These brutal scenes were placed in front of my eyes.

The evil people had some type of device that accurately distinguished each other. The devices were on their bodies and it would determine if person was one of their own or a believer in Christ. There were only two options for believers. They could either be martyred as they were found or find refuge.

Page 24

I saw my wife, many pastors (some which I knew) with numerous believers and me densely taking refuge on Mount Zion. We were the only remaining believers left. I could not comprehend the location of Mount Zion but the forces of the Anti-Christ and God's chosen were in tense confrontation. It appeared as though both parties were in close proximity to one another. Mount Zion was not visible or a place in which the world was able to locate. Secular forces were not able to locate the mountain because the Lord had thoroughly wrapped the mountain with His Fire. The thickness of the fire was about 1 meter. The fire provided a special layer of protection. The believers taking refuge on the mountain were clearly able to see the surrounding exterior areas of Mount Zion. However, the unbelievers were not able to physically see or track the location of the mountain. God had a special method for protecting His people. His power kept us completely safe.

Mount Zion powerfully flowed with God's supernatural energy. God supernaturally provided food for His people. The believers were happy and I did not find or feel any fear, anxiety, apprehension, or inconvenience. There

was no concern for their safety. They knew they were in good Hands and the expressions on their faces showed it. They were continuously overflowing with joy and the peace of God.

In that moment, a deep low echoing voice from the heavens spoke. "This is the end times, who will go out to the world and spread the gospel? I need about twelve people. I need volunteers who will go on their own accord." I naturally knew the voice was God. Although they knew it was the voice of God, the believers on Mount Zion hesitated and no one step forward in urgency. They knew that the moment they volunteered it meant stepping back into the reality of the world and death would await them. The possibility of capture within a short time was realistic as well.

Page 25

God then showed me a vision to bless me and grant me grace. Within that moment, I volunteered as the first person to minister and spread the gospel. It appeared as though we needed more time to fill the remaining eleven spots. As time passed, the believers were still hesitating and looking at one another. God commanded me to leave the mountain at once and He said, "Since Pastor Kim has volunteered in faith, I will grant him with great and powerful fire. When you receive my power, you will show and manifest my authority and power."

The moment I left the mountain, I felt like a commando who would not return. I saw myself as a human bomb that is guaranteed to demolish and bring down the position of the enemy. When I stepped out from the protection of the pillars of fire, I experienced a strange phenomenon. It didn't take a minute or even a second. The moment I stepped outside the mountain and the pillars of fire, I was instantly returned to the world. The distance from the world and Mount Zion was just a step away. When I dwelled on Mount Zion, I had no sense of anxiety and I had no concerned with the things that happened outside the mountain. But as soon as I stepped outside, I instantly and vividly felt terror and anxiety. Now outside the safety zone, I was not able to see Mount Zion anymore. The mountain was no where in sight. "Oh! How can this be? How could have this happened....?" I was bewildered for a moment. I felt all alone to fight the forces of evil. I felt very lonely. No one was by my side. There was no other person with me. The reality of fear overwhelmed me.

Page 26

However, as some time passed, a person of the Lord's army appeared. As the person came closer, I recognized the face. As I looked closer, it was my wife

walking towards me with a smile on her face. "We are married in this world, I will still follow you. I have volunteered as well!" Soon after, other believers appeared. Ten of them appeared and now the number of people that God was seeking has been fulfilled. While we greeted and introduced each other, God's voice once again spoke. "All of you are my servants who will spread the gospel during this end time. I will grant you the power of fire and authority. You will greatly show and manifest my power!"

During this vision, my wife and I did not really care of our intimacy or thought of the importance of our marriage. The twelve of us were more individuals. After we prayed as a group and in unison, each of us separated according to our mission. I then visited every household in the town I was sent and I shared the gospel. I was risking my life. Suddenly, a group of people who had the power of evil force on their back stared me down and rushed toward me. "Here! Seize the person who believes in Jesus!" I could not find or feel any human morals from them. In fact, I was not able to see or feel any humanity in them. They all were murderers, savages, and their consciences were numb. They acted and behaved as a group of hyenas that were ready to demolish their prey.

Just when they were about to seize me, an enormous and powerful white horse rapidly flew toward me. The horse flew down from heaven. The horse quickly flew passed the evil people to catch up to me. As the horse approached me, it opened its mouth very widely. In that moment, I saw something powerful come froth from the mouth of the white horse. An enormous flame poured out from his mouth and the flames rushed toward me. Then from my chest, a sack came out and caught all of the fire balls that came from the horse's mouth. All the fireballs went into my chest.

Page 27

It all happened in an instance and right in front of my eyes. From that moment, the fire within my body transformed into a powerful offensive weapon. The fire shot out from the tip of my fingers. I positioned my fingers and gesture it as a pistol. I shouted, "Jesus! Jesus!" Suddenly, from the tips of my fingers, powerful flames shot out. My fingers were like a flamethrower and some became faint from the fire. Some of them rolled and tumbled to the ground. Finally, they avoided me. They did not want to be shot with the blazing fire.

Before, when I preached without power, I was persecuted and I avoided those who afflicted me. But now, armed with the Holy Fire, I was on the offense. My circumstances had reversed. The evil people were now busy avoiding me as they ran from me.

As I used the powerful weapon of Holy fire, I noticed it was depleting. They were like bullets, I need more ammunition. This fact made me anxious. I had thought that the fire would be limitless once the power was granted to me. However, as I used up the power, the fire gradually decreased. Finally, my power was like a gun without bullets. When I was out of power, the evil group controlled by the evil spirits immediately realized it somehow. Then they rushed toward me. "Hey! Finally! The fire is all used up! Seize him! Attack!"

Page 28

This vision was vividly shown to me by the Lord. It was a spiritual metaphor. In the spiritual realm, there is a quota that must be filled daily. We must be provided with the power of the Word. We must prepare and desire the Word as though it is a meal to nourish us, just as in the physical realm. This can be accomplished with passion and prayer as we are on our knees. Therefore, any person who is weakened in prayer will show symptoms of spiritual torpor. Basically, they will directly lose their spiritual power. When the power of fire in me weakened, a different colored horse descended from heaven. This time the horse was brightly shining. Just as the white horse did previously, this horse poured the fire into me as well. I was once again filled with fire into my sack. With the power of God manifested, I again approached the people of the world and shouted, "Jesus! Holy Fire!"

I thought about the other eleven believers who were out there as well. They must be spreading and preaching the gospel and going through the same ordeal as I am. The twelve volunteers including myself may be a symbolic number or it can just (문자적인 숫자) However, the amount of people or who they are were not important. It didn't matter whether the quantity of people were small or large. What was important was whether the souls were pure and suitable for the Lord's heart and will. They are to be prepared. When the proper time arrives, these people will suddenly appear to do the work and lead ministries with the power of fire. Perhaps, some are already at work in ministries with the power of fire. Everyone will have an opportunity. Gender is not an issue. The Lord will use them as a righteous ordinance. It is only possible for such a person who is not contaminated by the world or worldly things. They must have a pure conscience and without any deception. They must have faith. These are the prerequisites in order to be used by God.

"But in a great house there are not only vessels of gold and of silver, but also of wood and of earth; and some to honour, and some to dishonour. If a man therefore purge himself from these, he shall be a vessel unto honour, sanctified, and meet for the master's use, and prepared unto every good work." (2 Timothy 2:20-21)

“But thou, O man of God, flee these things; and follow after righteousness, godliness, faith, love, patience, meekness. Fight the good fight of faith, lay hold on eternal life, whereunto thou art also called, and hast professed a good profession before many witnesses.” (1 Timothy 6:11-12)

Page 29

With the Lord’s command, I am documenting this book which discloses the devil’s identity. I am at the same time attacked from all sides, inside and out. The attacks are so severe that it is impossible to describe them all. I am physically and spiritually attacked. The circumstances can be very difficult. The many attacks are all different in nature. Sometimes, when it gets bad, I am stabbed and pierced by the evil spirits as I drive on the highway. They stab my feet, wrists, and head. I am frequently in danger and in situations that are critical.

The Lord protects me in some areas but I had to also experience some direct attacks. When I threw myself into this ministry, I had already entrusted my life to the Lord a long time ago, even unto death if necessary. When I face attacks, difficult situations, or critical moments, my faith grows stronger. In the future, I will document and describe many more battles I have had with Satan. I will meticulously describe them in more details. The identities of the devil will be disclosed even greater.

Page 30

Three mentors

There are many people who have awoken the passion and have opened the eyes of my faith. However, there are three special pastors who have made a huge impact in my life.

*** Pastor Chae, Bok Gyu (Korean Central Church, Senior Pastor. The old Bethany Church)**

My past is not quit so normal as Korean society would have it. I graduated from Seong nam elementary school which is located in the city of Sun chon. I moved to Seoul to attend middle school. However, due to bad timing, I lost a year of school. Once I entered middle school, I was attending a school that was adjacent to Bethany Church. I attended middle school for only one year

because it closed after my first year. The Bethany Church had a school program and taught students who were financially poor. They also taught students who missed the registration deadline to enter school for financial or other reasons. In Korea, once a student enters middle school, the family of the student must pay for tuition. The school at Bethany Church was a low budget run school. The teachers were students who had just graduated from college. However, they taught the students with passion.

Since the school was located within the church building, all the students were able to attend revival meetings. Moreover, after class, we all went to the main sanctuary to hear the sermon. We heard a powerful and unusual message preached by Pastor Chae, Bok Gyu. My faith was born during that time. During prayer time when we all cried out in unison, I would put many caramel candies into my mouth. I would joke and play with my friends. Those days were very precious and memorable. I had many dreams during my childhood. But I had never imagined that I would one day become a pastor.

Page 31

Pastor Chae, Bok Gyu is like my father of faith. He has always been a free and easy kind of guy. Anyone can approach the pastor. He is friendly and very affectionate. However, whenever he is on the platform preaching, his words are sent out with power. He is also humorous and his words are sharp as it pierces the spirit. His words had power and depth to change believers. After I had established my church in Seoul, I visited my old pastor to pay my respects. Pastor Chae, Bok Gyu, greatly impressed and estatic asked, "Is it true that a former student from Bethany Middle School had become a minister?" He was so happy as though it was one of his own children.

*** Pastor Pyee, Jong Jin (Nam Seoul Central Church)**

In the latter part of my teenage years, I moved to the capital city of Seoul in the Jung -Gu Yaksu Dong district. It was then I continued my life in faith. My eyes were beginning to be spiritually awakened when I met Pastor Pyee, Jong Jin. He was the senior pastor of Yaksu Central Church. During that time, Yaksu Central Church repeatedly moved and relocated from Yaksudong to Gang Nam Dogok Dong and then to Gaepo-dong city. In those years, I was experiencing the best moments in my faith. I was most active and energetic during that time in my youth. When it came to my faith, I was dedicated and passionate. I devoted myself regardless of my circumstances. These were the years in which my faith blossomed and exploded.

Pastor Pyee, Jong Jin is a global evangelist officially recognized and approved

by the Korean churches. (신앙적인 인격의 토대..... was the catalyst to my foundation of faith and growth.) I met some good folks and my wife to be during that time. I will never forget those days.

Page 32

Whenever I am experiencing a moment of indolence, laziness, or complacency, I reflect on the passion of Pastor Pyee, Jong Jin's ministry as it inspires me. His burning faith in the Lord and his dedication to hold continuous revivals without rest had impacted my life. His faith is devoted even unto death. During my youth, I participated in the all night prayer meetings at the Nam Seoul Central Church. This is where I had built the foundation for my current prayer ministry. I am indebted to Pastor Pyee for his meticulous prayers and his sound instructions. Through Pastor Pyee, I had set my way to become a pastor. Moreover, during this time, many ministers including myself were shown our strengths and calling. Through Pastor Pyee's ministry, many lay believers, missionaries, and pastors were shown that they would be serving the Lord with great passion. Even at this moment, my heart is overflowed with joy.

Pastor Pyee, Jong Jin had sowed many visions to me. I am very confident. I will never forget the wife of Pastor Pyee, Mrs. Lee, Sung Ja. Whenever Pastor Pyee had left for another revival meeting, his wife would sit in the front of the pews and pray throughout the night. The dedication of Pastor Pyee's wife praying throughout the night is a frequent story of my wife. Nam Seoul Central Church had definitely made an impact of who I am today. Moreover, it built a solid foundation to my faith and Christian belief. I also learned to some extent the administration aspect in which I needed for my ministry. The valuable tools and assets I acquired from Nam Seoul Central Church are the foundation to my ministry. Whenever I reminisce those days, I get excited and my heart overflows in joy. The feeling of ecstasy can not be suppressed.

*** Pastor Yoon, Suk Juhn (Yonsei Central Church)**

God had called me to be a pastor and He has led me to my ministry. The Lord has led me into difficult disciplines. He was disbranching me. I was a tree with many dense branches. A ministry begins with a dream and vision. However, it is not a matter that one should only assume that it will be filled with delight and joy. I have come to painfully realize as a ministry begins, it is built up in stages a little at a time as one's physical desires and will dies. I have learned this through many disciplines and trials. The Lord without a doubt had placed me in the dry wilderness in full measure. I had faced many difficult moments in life. My wife had also encountered some stages of death from time to time

in the wilderness. (At that time, my wife was on her death bed with no hope to survive. She was in pain everyday. It was a difficult moment in my life. I was pulling out my hair and pounding on my chest.)

Page 33

As a drought waits for much needed rain, I happened to meet Pastor Yoon, Suk Juhn at the pastoral seminar. I had seen him from a far distance. During my youth, I had frequently walked back and forth along the ridges of a mountain as I prayed. It was Pastor Yoon who had truly directed and guided me on the essence of prayer. I started my ministry in the early 1990's. However, I was wandering in frustration and in pain. But during that time, I began to learn Pastor Yoon's prayer ministry. And from that moment, my prayer was accumulating for almost fifteen years. It then eventually exploded and now as a result, our church is experiencing many spiritual events. Pastor Yoon's prayer ministry is in a class of its own. I later realized that all of Yoon's events in his church began with an extensive system of prayer.

My people talk about prayer but in reality, the circumstances are not there for one to pray effectively, even if one desires to pray. Even if one prays and attempts to pray in length, they are not able to be completely effective as they become subject to their physical, spiritual, or mental limitations. I have come to realize that when it comes to prayer and ministry, no human being has mastered it perfectly. I have also prayed for hours but I still have deficiencies. As I observe many people eagerly desiring to learn the prayer ministry of Pastor Yoon, Suk Juhn, I am also wishing to model after him.

Many decades ago, a pastor named Lee, Yong Do was well known for his great mastery in prayer. At that time, he was branded as a cult. He had also died from a chronic disease. During his last years, no one had come to visit him. Although he is dead now, if he was still alive, he would be the person I would go and visit. I have heard that Pastor Yoon wanted to model after Pastor Lee, Yong Do.

Page 34

However, in the last few years, Pastor Lee, Yong Do's ministry has been reinstated as legitimate. The final conclusion stated that his ministry had nothing to do with being cultish. Now, many people want to model after him. Before I met Pastor Lee, Yong Do, I asked the Lord. "Lord! Lord! Do you know Pastor Lee, Yong Do? I would really like to meet him!" The Lord replied, "Ah ~ ha! Pastor Yong Do, yes, I do know him. Wait a minute. Your name is very similar to his!" I was very excited and thrilled to be finally meeting him. Within that moment, Pastor Lee, Yong Do came forward. He appeared in

front of me and bowed to Jesus. The pastor and I held each others' hand and had a nice chat.

Page 35

*** Presenting testimonies**

We have many more testimonies of pastors and lay believers. Since our space is limited, I can only present some of the testimonies and cases of the revivals that we have experienced with other pastors.

*** Gunsan Our Church, Pastor, Kim Kwang Sun (A letter of appreciation by all)**

“But Barnabas took him, and brought him to the apostles, and declared unto them how he had seen the Lord in the way, and that he had spoken to him, and how he had preached boldly at Damascus in the name of Jesus.” (Acts 9:27)

My first visitation (November 5th to 7th, 2006)

I had only finished reading the book ‘Baptism by Blazing Fire’ a month ago. I just happened to meet a pastor in a certain place. That particular pastor introduced me to this book and I read all three books. It was very shocking. How can God work in such a way, I asked myself. In shock, I decided to send my wife to West Incheon to visit the Lord’s Church. My wife went to visit the church the very next day I had finished the book. It was a Friday when she visited the Lord’s Church and my wife attended the Friday evening service. I had to visit my mother in law’s wake service. I then headed for the Lord’s Church with my wife’s sister. I had to ask many people for directions in order to find the Lord’s Church.

My sister in law had received tongues when she was in middle school but she had lost her gift when she stopped praying. She had lost her tongues and had forgot about everything as a Christian. When she got to the Lord’s Church, the pastor told her to sit in front of the platform. The pastor then told her to shout out with an earnest heart. “God! Please grant me tongues!” When she shouted, she busted out in tongues.

Page 36

Pastor Kim, Yong Doo and his wife prayed over her. My sister in law was suffering from insomnia. But from that day on, she now sleeps well. She had also continuously suffered with coldness in her feet and hands. Her hands and feet become warm whenever she shouts out Holy Fire. From that day forth, my sister in law continues to boast in the Lord, she wants to make the Lord happy. She now introduces God to her students and their parents. She is also busy promoting the pastor’s book as well.

After I had heard the many experiences from my wife, I became impatient. I wanted to visit the blessing place so that I could directly receive the blessing/grace and experiences.

As soon as Sunday noon services finished, I packed up a bag and text Pastor Kim that I was going to visit him. The moment I arrived and until early morning Wednesday, I begged and prayed for my spiritual eyes to be open and to experience an encounter with Jesus.

The Lord's Church is very small and it reminded me of the stable where Jesus had been born. However the power and manifestation of the Holy Spirit was more powerful than any largest revival meeting I had experienced. As I heard the members of the church crying out in prayer, I was pressed to repent and challenged to strongly focus my heart on the Lord more than ever. With powerful hymns, the children and adults danced in the Spirit. They are accompanied by the Lord 24 hours a day. They are able to converse with the Lord. They frequently visit heaven and hell. They face and battle the evil spirits as they are able to see their appearances. Many members prophesized, they see visions, they interpret tongues and assist in the ministry of the Lord's Church.

They had gathered at 8:30 PM and the service continued until 6 AM with worship, praising, preaching and prayer. I was in shock, and then more shock.

I was in a scene where Jesus and the early church were experiencing the work and the manifestation of the Holy Spirit. I could not find any fault or errors with the pastor's sermon. I found it very unique that the pastor was attempting to make the Lord happy. The pastor performed many humorous gestures and made funny facial expressions. It was an impressive sight to witness the members of the church attend service in delight and having fun at the same time.

Page 37

I was suddenly impressed with the thought and belief that I could never be blessed unless I possessed the heart of a little child. I strongly believe that if my spiritual eyes are opened and I have an encounter with Jesus, I will lead my ministry with a belief that is firm and determined. I need my church congregation to experience the same path.

On that Sunday evening, I arrived at the Lord's Church. I passionately praised and worshipped as the electronic piano played the hymn. I then listened to the pastor's humorous and passionate sermon. During break, the pastor described the variety of experiences he had encountered which were not documented in the book. He explained the various things the Lord had done. He further described some of the difficulties and mistakes he had made. The pastor explained how the Lord is humorous and fun to be with.

Soon after, the second prayer service began. All those who participated in the prayer service cried out repeatedly. They cried out with all their strength. I have learned one important thing. The members of the Lord's Church advised me to shout, "Holy Fire" whenever unnecessary or hindering thoughts came to me during prayer. My wife and I shouted out in tongues with all our strength. We were covered with tears as we repented and prayed in tongues.

My church is relatively new. It was established three years ago. During the growing stages, I faced many difficult trials and tests. When I was in the midst of trials, I prayed and forgave the people that need to be forgiven by me. I had thought that I had been forgiven of all things by God. However, I had come to realize that there was still some residual bitterness within my heart.

From day one, the Lord had granted me the work of the Holy Spirit. It is the work I had been longing and desiring to experience since I had read the fire books. During my fervent prayer, the Holy Fire came into my heart and heated my whole body. I felt a sensation of tingling on my hands and they became hot. The sensation then spread and filled my whole body. I also experienced the Holy Electricity in which I had read about in book three. When I returned to my church, I employed the same method of prayer with my members. The Holy Spirit worked in the same manner as He had done with me during my visit at the Lord's Church.

Page 38

On the evening of Tuesday during prayer service, I earnestly prayed in power. As I prayed, thousands of evil spirits appeared, ran toward me, and attacked. They were all different in appearance. Their faces were heinous with an absence of expression. Their eyes were filled with blood as they stared at me with a venomous look. One evil spirit appeared with only half a face. Another evil spirit appeared as a Buddhist monk holding a baby monk. I saw many in the form of gods that are pictured or portrayed in the Buddhist temples. I loudly shouted, "Holy Fire!" The evil spirits disappeared. However, they continued to return and then they all eventually departed.

After the evil spirits departed, I focused and continued in my prayer. Suddenly a dragon appeared before me. It was extremely large. It attacked me as it got in front of my face. I shouted, "Holy Fire, Holy Fire, and Holy Fire!" I then shouted, "In the name of Jesus depart!" It departed.

Next, an anaconda snake stood in an upright position and faced me as it got right in front of my eyes. I soon realized that I was holding a sword. It was the sword of the Holy Spirit. I struck the sword down decapitating the snake. It disappeared. It was an unbelievable experience. Later when I took a shower at home, I realized I had three deep wounds on my left shoulder. My shoulder was marked with bruises. I remembered that the dragon had attacked me by clawing and pressing its foot on my shoulder as it got in front of my face. When I showed my wounds and bruises to my church members, they were all shocked.

With the dragon gone, I focused back in my prayer. I then felt the sensation something sharp and pointy sprouting throughout my whole body. The sensation began from my shoulders. The sensation tingled a bit but I was able to bear and endure it. At a later time, I asked Joseph to check me. He told me that I was granted the Holy Poisonous Thorns. I was so excited and happy.

As I continued to pray, I was blocked by thick white and black walls. The walls were very thick. When I shouted 'Holy Fire' I noticed some areas of the wall cracking and crumbling somewhat. I shouted 'Holy Fire' ten more times and this time with more boldness and strength. The walls only crumbled a little bit more. I assumed I was not strong enough or deficient to completely crumble the walls. But suddenly, Pastor Kim, Yong Doo who was standing on the platform asked all the praying believers to shout 'Holy Fire' in unison. He asked us to shout it out in strength and to shout it out three times. When all the believers powerfully shouted 'Holy Fire' the huge thick walls began crumbling down. I then saw a golden street and it opened and led to the throne of God.

When I explained to Pastor Kim about my experience, he was very surprised and happy. He told me that I must be getting a sort of a freebie. Even though my spiritual eyes were not completely opened, I was able to witness and experience the manifestations of evil spirits. Moreover, I was able to experience and witness the breaking through to the road of God's throne. I was very excited and happy. While visiting and staying at the Lord's Church, my mind raced with many thoughts. I had elected not to stay at a hotel. I spent the days and nights on the floor of the Lord's Church. I slept on the floor hoping to have the opportunity to touch the bottom of the Lord's gown. God had granted so much grace to me and I knew I was not worthy of it. Pastor Kim suggested that I stay at the church even though it would be more comfortable at a hotel. He said that it would be better and a blessing to stay in the church because the evil spirits are gathered and huddled at the hotel. I obeyed and as a result I experienced the amazing events of God.

After I had slept I headed and drove back to home to the city of Gun San. I had prayed until early Wednesday morning. From the moment I left the Lord's Church, the weather was very gloomy. I complained about the gloomy weather to myself. An hour into my drive, a dark cloud hovered next to our car as it chased us. It was an extraordinary experience. When I looked up into the sky, the sky was clear blue without any clouds. The sun was brightly shining. The black cloud densely rose up to transform into a dragon and a snake. The two serpents aimed their spears at us. They continued to follow us along the side of our car as we were able to hear sounds of thunder.

As we continue to drive for some distance, my wife, who was sitting beside me was shouting, "Holy Fire!" I then suddenly became sleepy and my eyes began to shut. I had almost completely shut my eyes to fall asleep. We arrived at a rest area and stopped the car to rest. When we looked over to the building in the rest area, we saw an evil spirit fiercely staring at us. . It was the dragon aiming a spear at us. We shouted "Holy Fire!" It then disappeared.

We come to realize that the evil spirits are attempting to hinder us and make it difficult to return to Gun San. We were about to begin our ministry in disclosing the identities of the evil spirits. As the tension decreased, I thought I rest for a second but I was awaked by the sound of wind. I was startled to find that I had slept for two hours. I sensed the attack of the devil was just beginning. With that thought, I was quietly excited. I had realistically realized the power of the Holy Fire.

At Gun San, during our church service, I preached and introduced what had happened at the Lord's Church to my congregation. I exhorted the church members to read the fire book written by Pastor Kim, Yong Doo. I decided to visit the Lord's Church at another time. My church members were very curious about the events that I had experienced and they wanted to know what kind of power and blessings I had received. Now, I earnestly pray for the people who long and desire God. I pray for the deacons and deaconesses who come to our early morning prayer services. All of them have now experienced the Holy Fire and Electricity. With their experiences, they are now refreshed and are free from the heaviness that was placed on their shoulders and heads.

Page 41

*** A second visitation (November 12th to 14th, 2006)**

During Sunday noon services, I preached with power. In the late afternoon service, my wife preached about Pastor Kim's series of books with the first being 'Baptize with the Blazing Fire.' My believers wanted to visit the Lord's Church. During my second visitation, I was excited and full of expectation. I wondered what kind of grace the Lord would grant me.

When we arrived at the Lord's Church for our second trip, the deaconess were very surprised. They had an expression of daze. The sight of the church itself was not what they had expected. However, they understood for they had already been told through our preaching and from the information received from the book of Blazing fire. And before they realized anything, they were blessed with gifts restored. They became very happy.

On that Sunday evening, I fervently prayed and cried out. Without realizing it, three to four hours had passed. While I was praying, the Lord touched my arms. Now, besides praying long at the Lord's Church, I am able to pray for long hours at my home church. I prayed continuously throughout night from 8 PM to the early morning. The Lord caressed me. I am very grateful and thankful.

During prayer, I earnestly prayed and longed for grace. Then God suddenly granted something heavy to me. The next day, Deaconess Lee, Mira saw a vision. Mira described the vision. She was looking at the platform of the church and Jesus

was placing the full armor of God on me. She saw the Lord sticking or placing a round object on my right palm. The Lord then said, "Stand against the devil. The pastor and his wife take charge of this side to fight and the deacons and deaconesses take charge of the other side to fight the devils." I thought to myself, 'Ah! That heaviness I felt was the full armor of God!' I prayed and asked the Lord and He said that He had placed the full armor of God on me. I am very grateful and thankful to God. He has granted grace to an insufficient servant such as myself.

After lunch, I happened to pray with Brother Haak Sung. We prayed in front of the platform. Brother Haak Sung, who was sitting next to me, has his spiritual eyes opened. I asked him, "Brother Haak Sung, where is the Lord?" Brother Haak Sung replied, "Trinity God has surrounded you and Father God has laid His hands on your head and is praying.

Page 42

Within that moment, a Holy Fire that is full of power fell upon me and my whole body became hot. Electricity also came upon my hands and I was streaming down tears of repentance. I do not know how much I cried but I had lost my voice. I heard the voice of the Lord, "Do not become corrupt! Endure and serve until the end!" I answered, "I will please you Father God." The Lord then said, "If you want to please me, follow the lead of Pastor Kim Yong Doo and dance together tonight during service. I obeyed as a child would. Even though I am not a good dancer as Pastor Kim, I gave my best attempt to please the Lord.

It was now Tuesday evening and we were planning to return back home on Wednesday. With a short time remaining, we were determined to firmly concentrate our minds with prayer. My wife's prayer was focused with the request to have her spiritual eyes opened up tonight. However, no matter how hard she cried out and prayed, shouting Holy Fire, and shouting out in tongues repeatedly, her spiritual eyes did not open. I think my wife was also begging the Lord to show her any type of vision, even if it would be a one time scene.

My wife was longing for a revelation and continued to cry out. Pastor Kim, Yong Doo approached and laid his hands on her and prayed. As she continued to pray, she fell backwards. And on the ground, although nothing happened, her mind was at peace. Then suddenly, her head was refreshed and her eyes moved unceasingly and then she stared toward the direction to the right. In her vision, she saw a large indoor sports arena where it appeared that more than a hundred thousand people were dancing.

Page 43

My wife said that she was standing in the VIP section which was divided by glass. She asked the Lord in her vision, "Lord, if you are willing to show me, please show me more details." After that, Pastor Kim, Yong Doo's humorous face gesture filled my wife's vision. The pastor was so funny that she laughed out loud during her prayer. As she looked into the distance, she saw someone dancing. My wife asked the Lord to provide more clarity. The Lord showed her that it was Him that was dancing with many people. The numerous people were loudly cheering and very happy. The people were rejoicing and dancing with the Lord.

Since my wife asked and begged for at least one vision, the Lord complied and just showed one vision. She shared her testimony with other deaconesses from our church who were visiting the Lord's Church with us. The deaconesses regretted the fact that my wife had only asked for just one vision. Then they asked why she hadn't asked or her spiritual eyes to be opened.

During these days, one incident that we especially witness every morning at the Lord's Church is the fact that Pastor Kim, Yong Doo is taken to hell everyday. As a pastor, myself, the sight I witnessed is so pitiful that even I can not bear to see Pastor Kim in torment. Pastor Kim's body is paralyzed. His body becomes twisted as he screams in pain. During Pastor Kim's torment, he is generally being attacked by evil spirits. He is defenseless and without any spiritual weapons. As usual, today was another day for Pastor Kim to experience the torments of hell. He was in so much pain that he sweated profusely. I prayed close to the platform as I wanted to share in his torment and carry some of that burden.

Soon after, something grabbed both my hands and I was forced to spread out my hands and arms. My body stiffened and it formed the shape of a cross. I felt something heavy on my shoulder. I felt as though I was carrying a cross. My whole body was paralyzed until early morning about 5 AM when early morning services was about to begin. When the early morning services began, the right side of my body became normal and the rest of my body became normal when the morning services finished. I had experienced Jesus' cross.

It was an amazing experience. The people who do not have their spiritual eyes opened may see my experience as incidental or trivial. However, this experience will go into the annals of my life. I am the pastor of an orthodox Presbyterian Church. I have led my ministry for over twenty seven years. I have overseen the missionary teams and the church. I was very proud to lead and participate in the movement for prayer and the Holy Spirit within my church. However, until three years ago, my mind was not opened to the gifts.

Page 44

I have come to realize that my ministry from the foundation of erecting the building, having many believers and new believers come to church, becoming

somewhat a popular pastor, even receiving attention for being a social personality from society did not prepare the believers to live in victory. I neglected many believers and did not educate them about evil spirits or demons. They were completely defenseless. Now I see that there was no choice, they were helpless and defeated whenever the evil spirits targeted them.

Book 1 and 2 discloses the countless pastors and ministers that have ended up in hell for their incorrect teaching. I thought to myself that if I continued to be ignorant to spiritual warfare, I might have been included with the group of pastors/ministers in hell. I was appalled.

Entering this New Year, the Lord has commanded me to proclaim the message to keep Sundays Holy. I am preaching to the members of my church not to buy any snakes to their children on Sundays and come prepared in advanced. I am also preaching the message that they should not dine out on Sundays as well. Currently, I am emphasizing the message more than ever. This Sunday, a four year old child from the nursery class pestered me with the question. "Pastor! I can not buy anything on Sunday? Not even to eat, right?" I acknowledged and complimented the child, "Yes, of course. Hwang, Gum beat, you are well informed. We do not buy anything on Sundays." Later I found out that his parents work all throughout the week until Saturday afternoon. As a result, the child only had Saturday evenings and Sundays to buy anything. I later found out that his father had bought stickers at the convenience store located in front of the church. The child had begged his father to buy something on Sunday and his father gave in.

When the mother found out, she was startled. The mother is a deaconess and a college professor. She thought that if she allowed this mistake, she would be condoning it and it would happen again. Therefore, she returned the stickers back to the convenience store and advised the store owners that her pastor preached on abstaining from purchasing anything on Sundays. She then boldly asked for a refund. The store owner then refunded without saying a word. As I listened to the event, I became very happy to see that at least one person was listening to my preaching to keep Sundays Holy.

Page 45

I had visited the Lord's Church two times. Both times, I had spent at least three days. After my visits, the Holy Spirit prompted me on Friday to pray over our deaconess. I called the deaconess to the front and told her that I would pray for her. The deaconess told me that while I was gone visiting the Lord's Church, she had a dream on the morning of Tuesday. In her dream, I suddenly appeared and laid a white paper on the tip of her finger and lit it on

fire. She continued and stated that I lit the paper on fire and told her to touch the fire. In the dream, I told her the fire would not be hot. She touched the fire two times. After she had woken up, she said that she had thought to herself that she may have had this dream because the pastor must have been praying for her at the Lord's Church. At the altar, I told her to open her hands and I imparted the Holy Fire unto her. The deaconess stated that she felt as though her hands were holding round balls of hot fire. After she had experienced the Holy Fire, she returned home with a smile on her face.

On Sunday, during lunch time, we were congregating and having lunch in the church dining room. One of the deaconesses was suffering from a severe cold. She was coughing and suffering from a headache. My wife immediately went to her and shouted, "Holy Fire!" As she laid her hands over her head and prayed, the deaconess shouted in amazement. "Oh! Oh!" The deaconess said that she felt a hot energy from the hands of my wife wrapping around her head. I instructed her that if she is having a bad day, feeling sick, or feels anxiety to shout out, "Holy Fire!" After instructing her, I placed my hands close to her hands and imparted Holy Fire and Electricity. After the deaconess has experienced the Holy Blazing Fire, she promised to pray more earnestly.

Page 46

The name of our church is 'Gun San Our Church.' We have dedicated our church to pray three times a day, 2 AM, 1:30 PM, and 8 PM. Ever since I have read Pastor Kim's book, our church has begun an all night prayer service starting at 8 PM. We are copying the work of the Lord's Church. Whether we have a small or large turn out, we continue to move forward with an all night prayer service. The Lord's Church has specifically manufactured prayer chairs which give the believer the ability to pray on their knees for long hours. Our church has immediately prepared to manufacture the same type of praying chairs. The prayer chairs are most satisfying and comfortable. It brings me great joy and happiness to be on my knees for long hours and pray. I am just so happy at this moment.

"Trinity God, I love you very very much!"

Gun San Our Church
Pastor Kim, Kwang Sun

Gumi, Korea - New Hope Church, Pastor Chang, Young Do (Presbyterian)

From April 24th to 26th, 2006, we had invited Pastor Kim, Yong Doo. He is the author of 'Baptism by Blazing Fire.' We had the privilege to hold the revival meeting at our church. For the revival meeting, our church, Gumi, New Hope Church held a special early morning prayer service for twenty one days. As we prayed for 21 days, we prepared ourselves by praying and asking for the manifestation of spiritual gifts and experiences. On the very first day of the revival, Pastor Kim, Yong Doo instructed us how to powerfully pray. As a result, many believers immediately received gifts.

With the case of Deacon Chung, Mal Soo, as soon as Pastor Kim laid his hands and prayed, Deacon Chung fell backward as he was shocked with electricity. He fell and was not able to get up for awhile. He said that he felt like his head was about to blow up. On the other hand, Deacon Chun, Hwang Yun was able to witness his home in heaven. He said that his home was very shabby and ghetto. The home looked as though it was about to collapse. With the Holy Fire, the home disappeared and was gone without a trace. Pastor Kim suggested Deacon Chun to come up to the front and please the Lord. This would make the Lord happy and his act would result in accumulation of rewards in heaven. With Pastor Kim's suggestion, Deacon Chun began to humorously dance for the Lord. The Lord then immediately built Chun's new home. His home was very tall, it was a very tall building.

Deacon Chun then experienced hell. The ground cracked open and below were swarms of snakes swimming wriggling in mud. He then saw one of his relative in the pit of hell tormented. He said that maggots were crawling up onto his whole body. Besides hi, there were many more believers in the revival experiencing heaven and hell.

The revival meeting led by Pastor Kim was over flowing with passionate worship and praises. There was a passion for the love of souls throughout the meeting. Fire had lighted up in the believers' spirits. As the pastor preached, his words came forth with assertion. The service went throughout the night until 5 AM. This revival has reminded me of our early church led by Pastor Kim, Ik Doo. He was a early church father, famous for fire and healing, for miracles, signs, and wonders.

We have never performed an all night revival meeting. It was the first time with Pastor Kim. The pastor led the revival meeting with so much humor and blessing. None of the people in the revival fell asleep. All of the New Hope Church members had specifically experienced the supernatural spiritual experiences. I am very thankful for the opportunity to experience the third heaven which Apostle Paul experienced. Hallelujah!

Page 49

*** Pusan, Korea Global Church
Pastor, Baang, Noah (Orthodox Presbyterian)**

I am Pastor Baang, Noah who serves Pusan Global Church. Six months ago and through my wife, Bae Chung Woon I read 'Baptism by Blazing Fire.' I was very shocked. Generally, when people ask for a revival meeting, the pastor or evangelist would give a positive answer right away. However, Pastor Kim, Yong Doo advised us that he would give us an answer after he prayed about it. It is unique for him to intercess and pray for more than a month.

April 10th thru 12th, 2006 - We intentionally held a revival meeting during the Lord's suffering week. We experienced amazing events right from the beginning. After our worship team finished preparation worship, we handed the microphone over to Pastor Kim. Within that moment, the amazing presence of the Holy Spirit came upon all the church members. The power of the Holy Fire came in fullness upon the members. The power consumed them all. I clearly and vividly saw the scene with my own eyes.

The worship led by Pastor Kim was the most powerful I have experienced. People who have never experienced what we experienced will not be able to understand how powerful it was. We experienced a special work by the Holy Spirit through the healing hand motion of Pastor Kim and the Holy Spirit dance by his wife. I am now very confident to know that God is very pleased as we dance in Christ. Mrs. Kang, Hyun Ja's (Pastor's wife) Holy Spirit dance in which she danced every hour blessed our service much more. It was truly amazing. Pastor Kim's revival meeting continued until 5 AM and we didn't even realize how much time had passed.

On the first day, April 10th, around 3 AM, when the Holy Spirit came upon us and touched the church members, I experienced a most powerful and impressive sight. Healing, deliverance, power and gifts and many spiritual blessings were received. Moreover, many spiritual thirsts had been resolved. On the 2nd day, the 11th, during evening service, many church members and other participating believers vividly experienced hell with Pastor Kim's leading the service. During that frightening event, I experienced Satan torturing my whole body. My physical body was tingling and an odor of smoke permeated from me. This experience has me trembling in fear.

Page 50

After the revival, our church is now in so much joy. Most and first of all, I have been changed. I am now keeping Sundays Holy, completely Holy. My time spent on reading the bible has been extended. My spiritual power is now stronger. I am totally amazed. Now, the congregation of my church is keeping Sundays Holy. They are giving their tithe

to the Lord without any excuses. They now give joyfully. During our worship and praise time, most of the members now dance in the Spirit. Our church has completely changed to a new church. The church is now very passionate for God. The church members are totally devoted to Jesus and really believing in Him. They are now assured that there is a heaven and they tremble and fear hell. With most of the members now with opened spiritual eyes, they unceasingly pray and engage in the spiritual battles. Their prayers are now fervent and passionate. They are filled with prayer.

Our good Trinity God connects great pastors with the people who eagerly desire to know God. Our Lord has granted us many spiritual blessings. I am very grateful! Hallelujah!

- I give glory to God
Pastor Baang, Noah

Cho, Hee Oak, Evangelist (A letter of appreciation)

Halleluja! I give glory to God

While we live on earth, it is very important on who we meet. My God, who is with me, grants me the opportunity to meet good people from time to time. And He also sometimes grant me the opportunity to read good precious books.

The Holy Spirit led me to read the 'Baptism by Blazing Fire' and by God's grace and inviting Pastor Kim, Yong Doo, I was able to hold a revival meeting. We were able to experience a fervent revival meeting with the Lord grace and we felt His presence at all hours. Throughout the revival meeting, His grace led to many experiences and manifestation of tongues, healing, and baptism of fire. I am very thankful for the astonished transformation of the church members in their Christian life.

Pastor Kim persistently refused to receive the offering of gratitude as he was able to witness the living condition of our church. Instead, the pastor comforted and cheered me on. I am only a female servant for the Lord. The church members who have experienced the Fire are still continuing to experience the powerful Holy Fire whenever they pray. Therefore, they are filled with joy and grace. After experiencing God, we have come to realize that our thoughts and God's thoughts are very different. We are now truly awake and we now truly pray. We are gathering our hearts together so that we will walk a true faithful Christian life by focusing only on the Lord. Thank you very much.

-Pusan Agape Church
Cho, Hee Oak, Evangelist

May 1st, 2005 Sunday

“The people which sat in darkness saw great light; and to them which sat in the region and shadow of death light is sprung up. From that time Jesus began to preach, and to say, Repent: for the kingdom of heaven is at hand.” (Matthew 4:16-17)

***Oh, Seung Young, evangelized by Kim, Joseph**

Kim Joseph - There were some things that I was never able to understand before my spiritual eyes were opened. But after my spiritual eyes were opened, all of my things I was curious about or questioned have been resolved by scripture. It is a great thing to understand the spiritual realm but on the other hand, it is difficult to adapt being in two different realms simultaneously. However, it is still an advantage and a huge benefit for me to always see the spiritual realm than for me not to be able too see that realm as I journey in my Christian life. It has strengthened me big time.

There are many times in which I can clearly see Jesus with my physical eyes but He sometimes comes to me in the form of a light. The Holy Spirit is the Spirit but He sometimes appears in the form of a light or fire. I frequently converse with the Holy Spirit just as much as I converse with Jesus. This priviledge is granted totally by the Lord's grace. Today, Oh, Seung Young has come to the Lord's Church and registered as a member as a result of my intense testimony to him. I have shared my visitations and experiences of heaven and hell.

Jesus said, “Joseph! Since you have evangelized and testified of the gospel, I will give you a great reward.” The Lord then added an enormous amount of floors to my house in heaven. My friend, Seung Young had never really found a home church. He would find a church and go for a short time but then stop. This process repeated numerously. Today, after he had heard my testimony, he decided to totally submit himself to the Word of God. His curiosity and interest of heaven and hell increased as he continued to ask me more questions of the two places. The pastor spoke over Seung Yong and my self, “This evening, may the Holy Spirit grant you grace, Seung Young. You must greatly desire and pray. Come to church early and prepare your heart.” Seung Young and I obeyed and said, “Amen!”

In the Sunday afternoon service, instead of someone leading us in prayer, all the church members prayed in unison. Seung Young who sat next to me saw me pray and he also prayed in unison with his hands raised high into the air. During the middle of prayer, a light suddenly flashed for a moment. I opened my eyes and cheered on Seung Young. “Hey! I think you will experience a great event today during our evening service!”

Oh, Seung Young - Due to Joseph's preaching, I attended the Lord's Church for the first time. During the day service, as I prayed out loud, a huge fireball exploded in front of my eyes. I did not know what kind of phenomenon had occurred but Joseph had explained to me that God was about to grant me a personal experience.

Page 55

The pastor had also explained that since I do not have enough prayer time during the day service, I would be granted a great personal experience if I prayed a lot during the evening service. The pastor's word strengthen me and I waited for the evening service with great expectation.

*** Oh, Seung Young spiritual eyes are opened**

After the evening service, I began to pray immediately. The pastor came to me and prayed over me. As soon the pastor laid his hands on my head, my tongue loosened up and I began to hear a strange language. "Joseph! I think I am going insane! Why is my tongue bending and making strange sounds?" When I asked, Joseph answered, "Oh, right now you have just received the gift of tongue by the Holy Spirit. If you continue to pray in the same manner, you will probably have your eyes spiritually opened. You must not open your eyes, keep on praying in tongues!" I continued to pray in tongues out loud. The pastor repeated the advice given to me by Joseph.

I did not know how long I had been praying. I am sure I had prayed for a long time. I think two hours had passed. Suddenly, I saw a person in front of me who was wearing a white gown. He was walking side to side. He was repeatedly walking back and forth among the church believers. He was busy walking around and then finally stood in front of me. I was so surprised and said in confusion. "Who...who are you?" He then tightly held on to me and said, "Seung Young! I love you! I am Jesus who you have longed to meet. Do not be afraid!"

Page 56

When Jesus held me into His bosom, my heart became warm and peaceful. My heart melted away. Jesus looks exactly like a person. However, His whole body was radiating brightly. On His hands and feet bear the mark caused by the crucifixion. As I prayed on my knees for a long time, I was not able to move. My legs were severely numb and in pain. Jesus focused on my legs and touched them. As soon as the Lord touched my legs, the pain gradually disappeared.

Jesus applied His blood from the top of my head down to my toes. I asked Jesus out of curiosity, "Jesus, what are you doing now?" Jesus explained, "Since evil spirits can continue to enter your body, I am covering your body with my blood so that they can not enter. When the evil spirits appear, shout out my name in a loud manner. Shout out 'Jesus' blood! Holy Fire! The evil spirits will not dare to approach you!' After Jesus applied my body with His blood completely, He disappeared. The moment Jesus

disappeared, I felt something wriggling and crawling on the floor. I gazed at the object and said, "What could that be?"

During our evening service, the pastor firmly instructed me. "Tonight, Seung Young, you will experience a special event. You should do as I instruct you." As the pastor previous warned me, I began to see evil spirits disguised in the shape of snakes. There were two snakes crawling toward me, one from the left and the other from the right. Their bodies were marked with a mixture of black and red colors. They then positioned themselves in an upright manner and attacked me. They were making hideous sounds. I became very frightened and startled. I shouted, "Satan, depart from me! Demon, depart from me!" The mouths of the snakes were very large and frightening. They had sharp fangs, a pair on each the upper and lower mouths. They hissed at me with their red tongues.

Page 57

I was able to clearly hear Jesus speaking into my ears, "Seung Young, do not worry! I will protect you! From now on, I will grant you power to defeat the evil spirits. Stretch out your hands and grab them." After hearing Jesus, the appalling and frightening feelings disappeared. I was strengthened. I approached the two snakes and grabbed them by their necks. I shouted, "In the name of Jesus, depart!" I then threw them into the far distance. Jesus was standing at the corner and closely watching my reaction. When I threw the snakes out, the Lord clapped as He was very pleased. He said, "Very well, good job Seung Young!"

*** Standing in front of God's throne**

Jesus said, "Seung Young, hold onto my hand!" As soon as I held His hand, I was led by the Lord and was standing before God's presence. I was witnessing God who was enormous and he sat on His throne. I was standing before God. I could not lift my head or face, I felt like I was in the realm of light. The light was so bright, I could not bear it. I have heard previously about Father God and Jesus many times. Now, I pretty much knew it was Father God. He said, "Seung Young! Persevere to the end! Do not miss attending the Lord's Church. You must attend faithfully!"

I enjoy being alone, that is my personality. Whenever my father, mother, or friends speak harshly to me, I am the one who is sensitive and will be hurt by it. As a result, I have frequently built up bad thoughts. I have frequently held down my hurts and negative thoughts to myself.

Page 58

My parents did not believe in me. I was distressed because my friends and other people around me did not give me any credit. I have done many bad things. However, my friend Joseph had always believed in me and understood me. He understands me a lot. I only expose what is in my heart to Joseph. But today, God said, "Seung Young! Take out everything that you are hiding in your heart! If you continue to hold it in your heart, it

will become sin and it will develop into sickness! I will heal you completely!” When I heard God’s Words, my heart became very peaceful and all of my worries and fear disappeared.

My heart has always held onto grudges as people have hurt me. At times, my heart was in so much pain that I almost felt like going insane since I held it in. But today, for the first time in my life, I had a personal encounter with God. I had only heard about him previously. From now on, I will do all matters with faith. I will live for the Lord. I am very grateful for God and I am very thankful to my friend, Joseph. I love the Lord’s Church where I can attend evening service everyday. I am expecting the same kind of experience I have had with God tomorrow. I hope He grants it.

Page 59

May 5th, 2005 Thursday, Family prayer rally

“Hear the right, O LORD, attend unto my cry, give ear unto my prayer, that goeth not out of feigned lips.” (Psalms 17:1)

Kim Joo Eun - It has been a long time since only our family has gathered together to pray. Jesus appeared. Jesus appeared and caressed my head and said, “Joo Eun, I love you! Go tell your parents, Pastor Kim and Saint Hyun Ja that they should also come to the church during the day and pray. If they adhere to my commands, they will spiritually enter deeper and I will meet them. Therefore, cry out during the day as well!”

Page 60

*** Traveling to heaven with Brother Joseph**

Jesus said, “Today, I will take you and Joseph to heaven! Are you ready?” My brother and I responded, “Amen!” I felt great.

My mother received a unique gift. Whenever we ask the Lord a question, He would answer by speaking to us. But most of the time, He would use my mother as she would nod her head to answer the question. With my father, the Lord only spoke and permitted my father to hear whenever he was writing the book. Within time, the pastor’s gift and spiritual eyes will be opened much more and greatly than the other members. The pastor is going to be used as the Lord’s servant to serve him on a global scale.

While my father and mother were praying in tongues, my brother and I flew toward heaven. I held the Lord with one hand and my brother with my other hand. It seems that Jesus always wants to show us heaven. We always feel that the Lord is trying to show and confirm to us that we are citizens of heaven and not of the world.

“But now they desire a better country, that is, an heavenly: wherefore God is not

ashamed to be called their God: for he hath prepared for them a city.”
(Hebrews 11:16)

“For our conversation is in heaven; from whence also we look for the Saviour, the Lord Jesus Christ: Who shall change our vile body, that it may be fashioned like unto his glorious body, according to the working whereby he is able even to subdue all things unto himself.” (Phi 3:20-21)

Page 61

We passed through the atmosphere and entered straight into space and through the galaxy. When we passed the galaxy, I saw the heavenly pearl gates. The gate was round shaped. As entered the gate, we followed Jesus and there were numerous angels welcoming us. “Welcome! Saint Joseph, Saint Joo Eun, it is nice to see you again!” My brother and I then went to Father God to respectfully greet Him. “Father God, my brother and I have arrived!” God then spoke to us with a deep echoing voice. “Yes, Joseph and Joo Eun are here. Welcome!” Within that moment, the sound of the bells of heaven began to ring. The sounds of the bells were echoing softly and solemnly. “Dinnnnng, Dinnnnng ~” It reminded me of church bells. “Wow! There are bells in heaven, they are ringing in heaven!” My brother and I flew toward the direction of the bells to take a look.

*** The appearance of the bells of heaven**

The bells in heaven were located on top of a tower. The scene reminded me of a church in the country where a bell would be in a small tower and a cross would be on top of the tower. The colors of the bells were in perfect harmony of gold and silver. The bells were dazzling. The bells rotated in a pendulum motion as it rang out loud. The sound of the bells rang throughout the skies of heaven. The angels and the people of heaven heard the bells and gathered quickly to the church in heaven. Perhaps, the purpose of the ring was to gather the people to worship God. An enormous amount of people gathered to pray. It appeared that all the people were individually praying and they were praying for God’s glory. They also were praying for the church and saints on earth.

Page 62

*** A heavenly car shaped like a cloud**

In heaven, there are many saints flying around wearing a robe with wings attached, but there were more saints who walked around. I also witnessed something special. There was countless number of moving clouds. These clouds were moving around like cars and being used as transportation. I felt that it was not suitable for me to call it a cloud car but I called it that anyway. The cloud cars flew as high as the skies of heavens could reach which was endless and they also in all directions as one desired. Many of the saints rode on the cloud cars. I frequently saw three to four saints cloud pooling to get to their

destinations. My brother and I rode on a cloud car. It had the ability to move either fast, slow, or just gently.

I was in pure joy and ecstasy as we rode around on the cloud car and tour the places in heaven. It is just impossible for me to express with finite words the pure joy I was expressing. The angels were our guide as they showed us around the places in heaven. We then once again came before God. Father God asked, "Did you see many places?" We respectfully bowed and replied, "Yes, Father God! Thank you!" Jesus smiled as He stood in front of God's throne. He looked pleased and had a benign appearance.

Page 63

*** Fell asleep in the bosom of God**

It appeared that Brother Joseph was itching to see more places in heaven. Jesus then took Brother Joseph to another place. I felt tired. Father God said, "Freckles! Your soul is in heaven but since your physical body is praying on your knees at the church, you may feel some fatigue. Come to me!" I then saw God's hand come out from the shining clouds. His hand was bigger than a giant mountain. The size of God is so big that it was beyond imagination. Comparing my soul to God, I felt like I was smaller than the smallest speck of dust. Father wrapped His hand around me slowly and softly. Father then lifted me up to His bosom and held me tight. Warm energy came out from His bosom and I fell into a deep sleep.

Kim, Joseph - After I saw Joo Eun lifted up to the Father's bosom, I held onto Jesus' hand and He continued to show me the other places in heaven. I very much wanted to visit the other wonderful places in heaven. I visited the crystal clear oceans, the valleys, and the unique looking mountains. The mountains all had names. The site of heaven is indescribable and cannot be expressed with human words. I can not possibly understand or explain it. Only the people who have directly experienced will know what I am trying to express. I would only be able to converse the experience with them.

Page 64

*** Jesus' scolding**

Pastor Kim, Yong Doo - Around evening time, when our family prayer was about to end, I asked a question to the Lord through Joseph. My wife was still in deep prayer under the platform. "Jesus! Today, I am very exhausted. Can I just go home and sleep?" Jesus then scolded me. "Pastor Kim! Being a pastor, you must pray more than Saint Kang, Hyun Ja (wife). Just because you are physically exhausted does not give you the right to leave your wife alone in church. You just want to go home and rest without your wife because you are tired? Why would you act such a way?" The moment I was rebuked, my face became flushed. I felt ashamed in front of my children.

My son Joseph became a smart aleck and decided to give me an advice I was not looking

for. "See! As a pastor, how could you want to rest all by yourself? Don't you have any loyalty toward your family? I am also exhausted myself..." I replied, "What? Are you the Lord? Why are you acting like the Lord? Are you rebuking me like the Lord?" Joseph answered back, "The words just came out of my mouth. I didn't mean it to rebuke you. If you leave mother here alone, wouldn't that be awkward?" The Lord intervened and said, "I completely agree with Joseph! Married couples that pray together should go home together. Why would you want to go home and leave my fiancée, Saint Kang, Hyun Ja all alone here?"

I had no idea how or when my wife began over hearing our conversation. She gave a reproachful side long glance at me and said, "Indeed Lord! That husband of mine is useless in the flesh. He is not much use for me. My eternal Lord! My eternal groom! The Lord is the very best!" All our family members laughed hysterically.

Page 65

May 6th, 2005 Friday

"The LORD hear thee in the day of trouble; the name of the God of Jacob defend thee; Send thee help from the sanctuary, and strengthen thee out of Zion; Remember all thy offerings, and accept thy burnt sacrifice; Selah." (Psalms 20:1-3)

*** Please grant us some money**

Sister Baek Bong Nyu - The financial situation of the pastor and my household are in the worst situation. We were crying out for help and almost begging and screaming for help. Tonight, I was determined to pray for financial blessings. Even though we are becoming more spiritual as each day passes, we are still facing difficult challenges. The challenges of normal living are continuously cumbersome. We have to continue to pray and persevere until the Lord answers our financial needs. As we pray, we are also pleading for a financial blessing.

Page 66

When I did not know Jesus, I lived unconstrained life. I lived a life led by my physical desires and it was comfortable and pleasing. But after I had come to the Lord, my life has become more difficult. All my options and sides appeared blocked and hindered. The only side that was opened was up. The Lord said, "Just wait a little longer! Be patient and persevere a little longer!" The transformation and process from the desires of the physical life to the spiritual life was very difficult. I was in much anxiety. My household and the pastor's household is held by a string of faith. However, no one can ever cut it off. After the worship/praise and sermon ended, it was time for prayer. The pastor shouted words of command, "Be tough and strong minded! Be persistent and persevere! To the end! Shine forth, tighten up and be anointed!" I also shouted and yelled as much as the pastor. As I

prayed in tongues, I went into a deep concentration of prayer.

The Lord checked on the other church members and then came to me after a long while. As soon as He stood in front of me, I shouted in a loud voice, "Lord! I have something to say!" The Lord, of course, was already aware of my thought and said, "Bong Nyu! I know what you are about to ask. It is about money, right?" The Lord and I laughed together out loud. "Oh Lord, how did you find out what is in my heart so quickly? You have made me speechless!" The Lord said, "Is there anything that I do not know? I see through the mind of all people and I know what they hold in their heart!"

"O lord, thou hast searched me, and known me. Thou knowest my downsitting and mine uprising, thou understandest my thought afar off. Thou compassest my path and my lying down, and art acquainted with all my ways. For there is not a word in my tongue, but, lo, O LORD, thou knowest it altogether." (Psalms 139:1-4)

"But Jesus did not commit himself unto them, because he knew all men, And needed not that any should testify of man: for he knew what was in man." (John 2:24-25)

Page 67

*** Compliment from Father God**

Jesus held my hand and we walked toward the front of the throne of Father God. Father God said, "Welcome Bong Nyu." I immediately prayed and said, "God! Father! Please grant us some money for the pastor and my household! Please I beg of you!" Father God gave me an answer I did not expect. "Saint Bong Nyu! Listen very carefully! You are very hard headed!" I was very surprised of His sudden unexpected statement. I thought to myself, 'What? Why would God say I am hard headed?' Then as God smiled, He immediately complimented me, "I did not meant it in a negative way. I am saying that you are indefatigably and praying fervently.

I said, "God! I learned how to pray from the pastor. The pastor shouts out, "Indefatigable! Be strong minded! Be faithful!" He then importunes us to imitate him so that our faith will not weaken. Father God laughed out loud and said, "Very well, very well. If anyone prays indefatigably as you, there would be no one without opened spiritual eyes!"

I begged and prayed in front of Holy Father God to grant us some money. God answered, "Wait a little longer! I will bless you as much as I can!"

Page 68

Today, I visited heaven just for a short time with Jesus. After I returned to church, I concentrated on intercession. Jesus was busy going around with the other members. It seems Jesus becomes busier when prayer time begins

May 7th 2005 Saturday

“The LORD thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing.” (Zephaniah 3:17)

*** The pastor’s household visiting heaven with the Lord**

Pastor Kim, Yong Doo - The church members have left for their homes. My family was the only ones left and we continued to pray. During the middle of our prayers, we saw the Lord stand in front of us. My family and I were kneeling and holding hands as we concentrated in our prayers under the platform. The Lord gave words to my children.

Kim, Joo Eun - The pastor asked the Lord for a favor. Since only our family was left at church, the pastor asked the Lord to take us to heaven. Jesus answered and said, “Very well. Today, I will grant you this special grace to you! Until now, I have personally taken the members of the Lord’s Church to heaven and hell on numerous occasions. But today, you will experience something different!” Jesus then waved toward the sky. As soon as He waved His hand, I saw a bright shining white object approach toward us from the far distance.

*** Riding a heavenly dove**

The radiating moving object looked like a UFO but as it approached closer, it was a heavenly dove. The dove was very large. The size of the dove would have been the size of our master bedroom, the small room, and the veranda put together. The dove was wearing a golden colored crown. Whenever the dove moved, light poured down. The body of the dove was whiter than snow and it even reflected light. As soon as the dove appeared before the Lord, it bowed its head down and said to us, “Hello, please get on my back! I have arrived at the Lord’s command!” Brother Joseph and I interpreted to our parents to what was happening. We meticulously explained the appearance of the dove to our parents.

Jesus said, “Very well, quickly, get on! The time is delayed!” He then held all of our hands and we rode on the back of the dove. The Lord rode on the front and sat on the neck. Behind the Lord was my father followed by my mother, brother, and then me. Once we were all on the dove, the dove began flapping its wings yet so softly. The dove initially flew slowly toward the sky and then it gradually increased in speed. Even though, the dove began to fly rapidly, we were riding without any friction. The ride was very smooth and stable. It felt like we were sitting on a soft cushioned sofa.

As we passed the atmosphere and entered space, the groups of evil spirits surrounded us. They were layers upon layers of evil spirits. Their faces all looked different. They tried to stop us. Jesus then loudly shouted, "What! How dare you block our way!" When Jesus waved His hand in the air, fire shot out from His hand toward the evil spirits. The fire hit their faces. The evil spirits were thrown far off into the distance. They fled as they appeared to be shocked by the sudden offense of the Lord. As they fled, they gave us an evil stare of resentment. The dove then opened its mouth toward the evil spirits and fire shot out. The dove also attacked the evil spirits. It was an extraordinary scene.

Soon afterwards, the dove entered in the dark tunnel. We took the right path and flew in force. When we arrived at the gate of heaven, the dove landed gently and dropped us off. The dove then flew off and disappeared. We followed Jesus through the pearl gates. The angels who guarded the pearl gates bowed their heads down and obeyed. As we watched the angels obeying the Lord, we made a elation entry. We only depend on the Lord. Numerous souls and angels have always welcomed us. "We welcome you! Saint Joseph! Saint Joo Eun! Wow~ today, you came only with your family! Welcome!" As we approached God's throne, we bowed down. God caressed our family, He stroked our familys' head and body with His enormous hand. He said, "Welcome, you may look around the many places in heaven."

Page 72

* Looking around our familys' homes

I asked the Lord, "My beloved Jesus! I wonder how high our homes have gone since the last time. I want to know about the homes of my father, mother, and brother. I also would like to see the interior structure and see what is in the homes. Please show us, yes?" The Lord delightfully promised to show us. "Of course, since you have come all this way to heaven, I will show you." Jesus then walked toward my father's home first. He said, "Hmmm, whose house should I show first? Since Pastor Kim has been leading his flock well and providing good spiritual guidance, I think visiting the pastor's house is in good order. Right?"

As we walked toward the pastor's house, many souls happened to pass us by. They greeted us with shouts. They showed recognition of us as they whispered to one another. As Jesus passed by, all of the souls bowed their heads down in respect. The Lord is heaven's master (host).

* **The pastor's house**

We followed the Lord and walked for some distance. Then an enormous building appeared. We were not able to distinguish the height and width of the building. My brother and I could not close our mouths. "Wow! Jesus! Jesus! Is this really my father's house? What kind of house can be this big? It is so big, I cannot believe it!" Jesus then replied, "Heaven's standard is much different then what you are accustomed too on earth. It is different on how you sense it, judge it, and see it with your physical body. Your

father the pastor has documented the book of disclosing all of the identities of Satan. He has followed my command and obeyed without delay. He as proceeded and carried out my will knowing that he would not be welcomed by people. Even in the future, as he continues to write the book according to my instructions, his reward will be enormous. He will also have to take a lot of criticisms from people. Very well, explain to Pastor Kim what you are witnessing and as it are!”

Page 73

The door plate of my father’s home is written as the following, “The home of Kim, Yong Doo, a bald and bulging headed pastor.” The name on the door plate was so unique. My brother and I laughed out loud. Jesus laughed with us. The Lord said, “Pastor Kim makes me happy and delightful whenever he gives church service. This is why I have written it down like this, to have a good laugh and to make Pastor Kim a entertainment!” Jesus was very happy and He said that He will frequently place words that are entertaining on the door plate. The pastor’s house was shaped like the morning glory. As the house went up, the width of the area became wider. The numbers of floors are unimaginable. Attempting to count the number of floors was futile.

As I continued to look at the pastor’s house, I became envious as my mind was blown away. The Lord said, “Joo Eun, although, your house is not as large as the pastor’s home, it is still enormous. In a short time, we will go there to see your house. You will jump in joy!” We approached the front door and an angel stood guard. The angel allowed us to enter into the house as he saw us accompanied by Jesus. On the first floor stood an endless garden with a waterfall and a lake that was complimented with grass and a flower garden. The second to the tenth floor was filled with different variety of food and some nice looking clothes. The home was decorated with things that could not be compared to anything on earth. It was magnificent. There were numerous varieties of rooms such as a movie theater, a party room, bedrooms, and etc. The rooms were very big and grandeur.

Page 74

The next home to view was the pastor’s wife who is my mother. Initially, the homes of my father and mother were located far from one another. However, since my mother has built up many things that have pleased Jesus; the Lord has relocated her house next to my father’s home. Jesus is delighted with my mother. Jesus said, “Joo Eun, I have relocated Saint Kang, Hyun Ja’s home into Pastor Kim’s neighborhood. If you also pray, I will relocate your house as well.” So I shouted, “Amen!” My brother also response, “Amen!” My mother’s home was so big and magnificent. It was not much bigger than my father’s home in height. Her home was a bit shorter than my father’s home. My mother’s home was just as tall and I could not count the floors. The top of the building included a zoo. The size was unimaginably wide. There were so many animals.

*** Dinosaurs and animals in heaven**

I once watched Jurassic Park on video. I wanted to know if there were dinosaurs in

heaven. I was thinking and worrying. “If there are dinosaurs like Tyrannosaurus in heaven, there will be big trouble. They are fearsome dinosaurs.” Both my father and mother’s home had zoos at the top of their buildings. The zoo was so wide; I could not see the end. I shouted in joy. ‘Wow! What kind of zoo would be located on the top of their buildings?’ Since my father and mother’s houses are excessively enormous, I witnessed something unimaginable in front of my eyes. In the far distance, at the meadow where it stretched very wide, I saw countless and different kinds of animals. They were running around and playing together. Among the animals were the Tyrannosaurus and many other herbivorous dinosaurs. I saw meat eating animals mingled with them as well. They did not growl or eat each other. They were all content and in harmony with the weaker looking animals. They were all in one place and very happy to be with one another. They looked very peaceful.

“The wolf and the lamb shall feed together, and the lion shall eat straw like the bullock: and dust shall be the serpent's meat. They shall not hurt nor destroy in all my holy mountain, saith the LORD.” (Isaiah 65:25)

I looked much closer at the meat eating dinosaurs. I closely observed their eyes, teeth, and claws. Their teeth and claws were not pointy or sharp. They were round in nature and so were their eyes, more round and benign. Their eyes were protruding; it reminded me of the eyes of gold fishes. In fact, their eyes looked very cute. I could not find any dinosaurs with sharp or pointy teeth. I could not find any that looked scary or fearful. Their appearances were interesting and I laughed at the uniqueness. As I laughed, I asked the Lord, “Hahahaha! Jesus, how can dinosaurs look funny and interesting?” The Lord said, “In heaven, all animals are peacefully living and are in complete happiness! What do you think? Isn’t it great?” I replied, “Yes, Lord! It is awesome!”

I then asked the Lord, “Jesus! Jesus! Am I able to converse with them?” The Lord answered, “Of course you can. Go right ahead and speak with them!” A cute monkey approached me, “Saint Joo Eun! Hello!” I shouted in amazement, “Wow! The monkey is speaking!” It was a brown monkey and very small in size. He was so cute that I wanted to hold him. The monkey could speak but it also made sounds that monkeys on earth would. I did not understand that. Without me realizing it, the monkey was already on the top of my head and playing. I really liked the monkey very much.

Page 76

After that experience with the animals, the monkey would always come see me whenever I visited heaven. He came to meet me as any person would. The monkey said that he would really like it if I would visit heaven everyday. As I would walk around the different places in heaven, the monkey would come by my side and without me knowing, hold my hands. The monkey and I became good friends. We end up playing with each other and we would have a great time together. We made funny movements as we played. The Lord benevolently watched as we had fun.

* **The heavenly eagle**

“Jesus! Jesus! I would also like a nice heavenly animal to follow me around and meet me whenever I visit heaven! Please make my wish come true!” As I begged, the Lord asked me, “Hmmm, I see. Very well. Joseph, what kind of animal would you like?” As soon as the Lord asked, I loudly shouted, “Yes, an eagle! I like eagles! The appearance of an eagle flying through the sky and spreading its wings is very impressive!”

Jesus raised His hand and made a gesture. Then from a distance, an eagle started to fly toward me as fast as an arrow. The eagle flew and encircled over me and then gently landed on my left shoulder. The eagle was radiating a bright light. It looked impressive and fantastic. The size of the eagle appeared was about the same size as the ones on earth. It was also wearing a crown of gold. The color of the eagle was whiter than the wool of sheep and as it moved it reflected light. The eagle said, “Hello, Saint Joseph! My service is to you!” The eagle hanged its head down and greeted me. As the white colored eagle held its head down to greet me, I got so excited and blown away. Jesus gently asked me, “Joseph, do you now feel better?” I respectfully bowed down to Him and answered, “Yes, Jesus! I love it! I love it so much; I do not know what to do! I thank you very very much!”

Page 77

In my heart, I said to myself that I wanted to train this eagle to be the best. As soon as I said that in my heart, an object appeared next to me. It was an object that I could throw for the eagle to chase down. Heaven is a very surprising and marvelous place. Whenever I think of anything in my heart, the thing or object I would ponder about would manifest and appear instantly. I grabbed the object and threw it up into the sky and it flew like a boomerang. In fact, it looked like a boomerang. It flew high into the sky and then the eagle who was sitting on my shoulder instantly kicked off and flew after it at enormous speed. The eagle caught the object with its feet and brought it back to me. I repeated throwing the object many more times having fun and the eagle brought it back each and every time. The eagle obeyed as I desired.

On the side of my father’s home, the Lord wrote some funny words. Since the home is very large, I could not see all the words with one glance. As Jesus and my family read what was written, we all laughed out loud. “Bald headed pastor, I love you!” On my mother’s home, it was written, “Bong Ja! I love you!” It was the nickname of my mother. On my home, it was written, “Joseph (nickname) I love you!” On Joo Eun’s home, it was written, “Freckles, I love you! I love you, Freckles!” Jesus said, “I will continue to change the words from time to time. I will write different things on it. I will be expressing my heart!” When I heard Jesus speaking those words, I felt great. Jesus said that He loves us very much.

Page 78

Laughing, Jesus said that I love food too much. Perhaps that is why the first floor through the tenth floor of my home is filled with food. In heaven, there is more variety of

delicious foods than on earth. Jesus said if I want to eat in heaven, I should pray much more. I could then eat as much as I want when visiting heaven.

Page 79

May 8th, Sunday Parents' Day

"But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel". (1 Timothy 5:8)

*** Visiting hell on Parents' Day**

Sister Baek, Bong Nyu - Today is Parents' Day. Since it is Parents' Day, we pinned carnations on the chest of the seniors of the church during the day service. The thought of my mother tormented in hell lead me to cry all day. The agony was enormous as I continued to try and forget the thought. It would have been better for me to not have seen my mother in hell.

As the members of the Lord's Church began to pray, Jesus led us to heaven and hell as the Lord willed. Compared to the time in January, all of the church members are spiritually opened. They have deepened spiritually and grown so much. We are therefore experiencing many awesome events on a daily basis. They are beyond our imagination. It sometimes appear that Jesus desires to show us heaven and hell more than we desire to experience or witness it ourselves.

Page 80

Worrying, I thought to myself. 'Perhaps, the Lord will lead me to hell. What should I do?' My worries became a reality after a short time. Witnessing my parents in hell on Parents' Day was unbearable and painful. I think Jesus was trying to imprint hell into my mind. How can I ever be able to handle the sight of my parents jumping up and down from the flames of fire in hell.... While I was praying in tongues, Jesus held my hand and said, "Bong Nyu, we will go to a place together." I submitted to the Lord without resisting.

*** The place in hell where flesh, skin, and bones are separated**

"And fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in hell." (Matthew 10:28)

Jesus and I arrived at a place where the scene was flaming fire. The view of flames were easily seen everywhere. Today, unlike other days, I could not see many people here. Two giant devils brought my mother and approached next to the fire. Suddenly, small sized evil spirits began to bring people into the same place. They were bringing and lining up

people to be tormented. The people screamed as they were lined up and witnessing others being tormented. They were shaking in tremendous fear as their faces turned pale blue.

Page 81

Two evil spirits securely grabbed my mother from each side. Then another evil spirit appeared with a long pointy sharp knife. He grimed with an evil look toward me. As he swung the knife into the air, the evil spirit terrorized my mother. "Today, you will be tormented much more in front of your daughter so that she may witness it!"

My mother looked at me and screamed. I could not watch. "Bong Nyu! Ah, Bong Nyu! Please save me. Quickly! Hurry, save me! I am so scared of that knife!" My mother pleaded. As mother screamed, she looked at me and the evil spirit glanced back and forth. My mother shivered in terror. I cried out, "Mother! Mother!.All I can do is cry! What should I do?" My poor mother. Ah! What can I do? Once a person ends up in hell, there is no way out. It is permanent and eternal.

The evil spirits sliced my mother within a brief second. They began to slice mother as a fisherman filleting a fish. They then began slicing one of her legs. They split open the leg as mother screamed. Her screams echoed into the skies of hell. "Ugh! Ah!" Then onto the other leg. They sliced from the bottom of her feet to the top of her head. The knife penetrated and sliced her open. They continued from the rectum, to the stomach and up to the face. They sliced each area one after another. The scene reminded me of someone gutting a fish to take out the insides. My mother's body was all sliced up. Even in that condition, my mother screamed in agony. "Bong Nyu! Bong Nyu! Please take the knife away. Hurry!" It didn't matter how much mother resisted or struggled, there was no chance for her to escape. The evil spirits opened and sliced her up like students did on frogs to study their anatomy. However, it was more than just a lab, it was hell.

Page 82

There were other people behind mother that were being tortured as well in the same manner. I could hear a series of screams. Bloodshed was everywhere. I was able to clearly witness the events. There is no Parents' Day in hell. There is no concept of time. When the children treat parents to dinner and/or takes care of them with the up most effort, this could be filial piety and this is what the unbelievers would only do. However, true filial piety is not for children to just take care and honor their parents but to lead parents to Christ if they do not know Him so that they may enter heaven. This is what the Lord desires.

I have already lost the opportunity to lead my parents to heaven. Therefore, I am a sinful human being. Whoever reads this book and truly loves their parents, please use all available methods to lead them to Christ. The children must find a way for parents to accept the Lord. I would desire nothing more but for children to lead parents to Christ or vice versa.

The devils that have sliced my mother's body have now coiled her torn body around a sharp iron skewer. They then placed her over the fire as though they were barbecuing a chicken. They turned the skewer to roast her. My mother's screams did not stop. I placed my fingers into my ears to stop hearing the screams and cries. Jesus then tightly held me into his arms. "Lord! Lord! Why do you allow me experience this difficult moment of pain? And today is Parents' Day! Lord! How could you do this at this time?" As I cried out, the Lord warmly patted me and said, "Many Christians and unbelievers are performing and defining filial piety in a secular way and they are not properly performing it the way I desire them too. Their secular concept of filial piety is sufficient in their own eyes and they boast and gabble on how good they perform or honor the concept. But the children of parents who are born again in spirit must witness to their parents so that they can be saved. That is real filial piety! Bong Nyu! I know it is difficult for you to bear and witness the torment of your mother. However, when the torment of your mother is documented, this can teach the souls on earth what real filial piety is about. This is why I have brought you here. Therefore, do not be sad! I will comfort you!"

Page 83

After the prayer meeting was over, I cried and told the pastor about my experience. The pastor and his wife consoled me as they cried with me. This Parents' Day has been the worse I have ever experienced. Even now, when I think about my parents being tormented in hell, I would tear. I am in agony. I blame myself and I even bear a grudge against myself.

*** The return of Kim, Yong Sup, a student**

Kim, Joseph - There is a student who has returned to our school. He has been in middle school for five years. He has caused many problems. His name is Kim, Yong Sup. He has been to five different middle schools and now he has returned back to our middle school. He is now in my class. All the students in the class are diffident of him. He is a bully. He rules our classroom intimidating other students. His words were the law in our class. If we rebelled against him, he would beat on us. Unfortunately, he sat next to me and also became my class partner for projects and studying. The teacher had decided to create partners based on the sequence of the students' number. My number was 7, his number was 8. The sequences of numbers were based on our heights. I had become his partner and I thought I would rather die than become his partner. In Korea, unlike America, students do not go class to class. We stay in one classroom and the different teachers would come to us. Kim, Yong Sup and I would have to face each other in school all day. He would force me to run his errands on every matter and would pick on me. He thought nothing of it.

Page 84

I complained to my parents, "Father! Mother! I think I am going crazy. What should I do? I have no idea how he ended up in my class and how I had become his partner. Please provide me a solution!" My parents responded, "Why are you in so much distress? Pray!"

Prayer will solve every problem. You must evangelize to him and pray. Only the Lord can change him. Keep praying for him!” I resented the answered and rudely answered back. “No! I do not want to! It is very difficult and tiring to face someone like him in school. If I see him in church, I will really go crazy!”

I decided to ask for a favor to the main teacher who was in charge. I thought to myself, ‘Since my teacher is a Christian, she will consider my requests thoughtfully.’ However, the teacher said, “Joseph! Although you are experiencing difficult and trialing times, you must endure. You are a believer in Jesus! If you ask me to change your partner, what about the other student who will become his partner? Will you be able to bear the responsibility for his torment? Please endure the situation!” My teacher had rejected my request. After he had rotated from that other five schools back to ours, all the other students were really diffident of him.

Then an unexpected incident had occurred. Our homeroom teacher passed out a questionnaire to all of the students in the class. The questionnaire asked if we were being harassed by any other students. After answering the questions, the teacher asked us to turn it in. Many of the classmates wrote down Yong Sup as a bully. They turned it in anonomously. The questionnaire was left on the table and then surprisingly the teacher left the room for a brief moment. Yong Sup took this opportunity to approach the table and look over the questionnaires. He exploded! From the perception of the other classmates, Yong Sup was a bully who harassed most of us. We considered ourselves only victims. However, the teacher was already aware of who the bully was.

Page 85

Now Yong Sup is aware of what others think of him including the teacher. He then became more rebellious and defiant toward the teacher and the classmates. Yong Sup was sent to the principal’s office and to detention. He then gathered all his classmates and said his farewells to us. “Alright! From now on, I do not wish to see any of you! I hope you all live happily forever!” I then gave him a farewell gift. I gave him Kleenex as a gift. He responded, “Hey, Joseph! You call this a gift? Good bye!” With only two hours of class time, Yong Sup departed and went home.

*** The rebuke by my father and mother**

There were many times I had to force myself to go to school. I did not want to endure or see Yong Sup. The thoughts of Yong Sup were distressing my life and time. I wondered when I could be free from him. I was quite stressed by him. Now that I knew that he would no longer return, I was ecstatic. I felt great and I felt like I could fly. I called my parents to inform of them the good news. “Hello father and mother! The Lord has finally answered my prayers! You know the one that has been harassing me? He has finally dropped out of school and left during the middle of class! He said that he will never return to school. Hallelujah!

Page 86

However, my parents rebuked me. “Joseph! Yong Sup is a human being like us. Why are you so selfish? In such times like this, you should be evangelizing more to him and get him to believe in Jesus! Are you sure you are a believer? How do you know that he will not change through you? Yong Sup not returning to school is not God answering your prayers. You go to him this instance and console him. Don’t you think you should help him graduate middle school? After your phone call, father and I are crying!” Actually, my parents cried a lot and they really felt sorry for Yong Sup.

After getting an ear full from my parents, I realized I was selfish and narrow minded. Yong Sup was in middle school for five years. If he gives up on his education now, he will go the wrong way and be lost. After I was rebuked by my parents, I realized that my behavior and my way of thinking was not Christ like. Therefore, I contacted Yong Sup. “Brother! I know it is difficult but I will be your study partner. Please come back to school. Brother, I miss you! Graduation is only a few months away, right? Please be patient and endure a little longer. I want to invite you to my church. Please come visit my church. I experience heaven and hell almost on a daily basis. I am certain that there is a heaven and hell...” Yong Sup replied, “Ok, I will see. Nevertheless, you are my partner and you are the only one who has spoken to me with kindness.” Yong Sup returned to school that very same day for the last period. He voluntarily approached the teacher and confessed that he was the one in the wrong and asked for forgiveness. Yong Sup then decided to attend school again. He had also promised to visit the Lord’s Church.

* **Yong Sup believes in Jesus**

Kim, Yong Sup - With Joseph’s invitation, I began attending church. Joseph is naturally kindhearted and considerate. There are clear characteristics that Joseph was raised as a pastor’s kid. Joseph’s household always looked happy. Whenever I see the happiness in their household, I become envy of it. Joseph is younger than my little brother but he is more mature and prays a lot for me. He tells me that there is a heaven and hell and they are both very real. He tells me that if I properly believe in Jesus, I can experience this as well. I was very surprised of this knowledge.

Page 87

To tell the truth, I was pretty doubtful. But now, I had the mind to be changed into a new person. My parents were very worried of me. I am very sorry now that I had troubled their hearts countless. In reality, I had made up my mind many times to drop out of school but with Joseph’s call, I was continuing school and attending church. I even registered as a member to this church. The pastor gladly welcomed me and his wife hugged me in a warm way. The other church members treated me like family.

When I first visited the church, I saw Seung Young. He goes to our school as well. Joseph had evangelized to Seung Young as well only a few days ago. Seung Young said, “Ah! Yong Sup, glad to see you here! I want us to zealously attend church together!” When I saw Seung Young, I felt sorry and regretted what I had done to him. Seung Young

was one of the students I used to harass and make run errands for me. Seung Young approached me and said, “Brother! My spiritual eyes are just beginning to open! The day before yesterday, I went in front of God’s throne and I received the gift of tongues!” I asked, “What is that?” He replied, “Oh, since you do not know, just follow the pastor’s instructions. You will then experience many things. Your faith will grow as well!”

Page 88

*** Yong Sup repents each and every sin**

“And saying, Repent ye: for the kingdom of heaven is at hand.”

(Matthew 3:2)

“Bring forth therefore fruits worthy of repentance, and begin not to say within yourselves, We have Abraham to our father: for I say unto you, That God is able of these stones to raise up children unto Abraham.”

(Luke 3:8)

“Who will have all men to be saved, and to come unto the knowledge of the truth.”

(1 Timothy 2:4)

The pastor told me to confess everything that I had done wrong up to now and repent to God. When we truly repent, Jesus will let us experience true repentance. On Sunday night, I searched all my sins including harassing other people, troubling my parents’ heart and so forth. When I repented, I began to pour down tears of repentance. My face was covered with nasal mucus and tears. The floor and the cushion I was sitting on were all wet. Two hours had passed and it felt like a second. When I first came to church, I prayed for more than two hours. During the middle of my repentance, the pastor approached me and prayed over me by laying his hands on me. In that moment, my body became like a fireball and I was speaking in a strange language (tongues).

Page 89

*** I receive the gift of tongues and my spiritual eyes are opened**

When I confessed all my sins and asked for forgiveness, I received the gift of tongues. As soon as I received the gift of tongues, I began to see something in front of me. I kept on asking for forgiveness. “Jesus! Jesus! Please forgive my sins! I have sinned so much up to now!” Jesus appeared to me. He wore a white robe that was whiter than snow and said, “Yong Sup, I love you!” Intuitionally, I knew, ‘Ah-ha! This is Jesus who I have only heard about.’ I kept on repenting.

I am widely popular as a troublemaker. Whenever the teachers and I face each other in the playground or in the corridors, we try not to make eye contact. But when we make eye contact, we make unwelcome facial gestures at one another. This happens frequently. It was most difficult for me to face and make eye contact with the teachers in class. I

wanted to escape from school very much. I ran away from home several times and eventually was tagged as a problem child.

But after I had met Jesus, my heart became peaceful. Now, my heart strongly tells me that I need to change. As my heart urged me, I heard God's voice echoing around my ears. The voice was much deeper than the voice of Jesus. "Yong Sup! I love you! Do not sin, never again!" The voice was very loud. Father God was personally meeting a sinner who had committed much sins and who was a troublemaker. It was an awesome experience. I also had an experience meeting Jesus and the Holy Spirit. I was experiencing a feeling that I had never experience before.

Page 90

Now I realize why Seung Young and Joseph attend church so enthusiastically and why they are so zealously faithful. Now, we are three including myself. We are praying every night. The pastor told the story about Daniel and the three friends. He said, "Keep the integrity of your faith and do not degenerate your faith. It must be kept until the end. Victory!" He then congratulated me for receiving the gift of tongues and for experiencing the spiritual realm. Today, I felt like I was going to fly. It was the most ecstatic night of my life.

I was longing for each night service and for the over night prayer meeting. In fact, I longed and waited so much that I felt as though I would go crazy if I didn't have it. After today's prayer meeting, I thought to my self on how I would be able to wait for the next evening's service. I wished to myself hoping that my school life and my home would be like church life. I witnessed to my parents and to my teachers. My parents and teachers were very happy. I had totally transformed from a trouble maker to an examplar student. I had become a new creature. I was born again.

"Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new." (2 Corinthians 5:17)

*** The Lord transforms people**

Pastor Kim, Yong Doo - It does not matter whether one is an adult or youngster, the Lord can positively transform a person to bring a powerful influence onto society. When one especially experiences the power of God in a church, it is like a good fertilizer. For it begins the growth for the person and the church. We are not able to distinguish between old and new things if we do not abide in Jesus and His Word. Furthermore, if we do not study the Word of God, it is basically impossible for anyone to obtain new supplies for one's life. God desires us to dig and seek the endless treasures of heaven through our faith and His Word. If we do not meet Jesus who is our treasure, then all we are doing is wasting our whole life. They will spend a dry and apathetic life.

Page 91

“We shall find all precious substance, we shall fill our houses with spoil:”
(Proverbs 1:13)

“Again, the kingdom of heaven is like unto treasure hid in a field; the which when a man hath found, he hideth, and for joy thereof goeth and selleth all that he hath, and buyeth that field.” (Matthews 13:44)

Yong Sup who was officially recognized as troublemaker and someone who was very prone to accidents is now a born again new creation through Jesus Christ and the Holy Spirit. God is gradually molding and strengthening him. I am full of joy and ecstasy beyond expression as I watch Yong Sup being transformed. I truly give all the praise and thanks to the Lord. These days, Yong Sup is unceasingly saying, “Thank you God!” And frequently we also hear him saying, “I have finally become a true man because of Joseph.” The sudden transformation has shocked his classmates and other students. However, there are still many students who partially doubt his transformation. Now that Joseph and Yong Sup often hands out together, Joseph is viewed as a troublemaker as well. As of now, Yong Sup must steadily endeavor and build up his character to maturity. He must prove by his walk and action. The ball is now in the court of Yong Sup. He will experience many trials and tests. Even in the midst of trials, he will have to endure and be patient to the end.

Page 92

Whenever we see Yong Sup, we pat on his back and encourage him. We help him put his heart in order. Currently, Yong Sup is trying very hard. He is now learning the way of obedience and perseverance. He is doing great.

“Cast not away therefore your confidence, which hath great recompence of reward. For ye have need of patience, that, after ye have done the will of God, ye might receive the promise.” (Hebrews 10:35-36)

Joseph, Seung Young, and Yong Sup are a close knit group. They all hang out together. They always talk about Jesus. They are very interested in spiritual matters. Nevertheless, they do not live their lives by neglecting or severing the matters of the world. On the contrary, our prayer is for God to grant the kids more faith and make them whole so that they would have the power to conquer the world over the enemy. This is our hope and desire.

“Looking unto Jesus the author and finisher of our faith; who for the joy that was set before him endured the cross, despising the shame, and is set down at the right hand of the throne of God.” (Hebrews 12:2)

“These things I have spoken unto you, that in me ye might have peace. In the world ye shall have tribulation: but be of good cheer; I have overcome the world.” (John 16:33)

Page 93

The transformation of Yong Sup has filled his household with laughter. Yong Sup is totally trustworthy, he is someone people can give a signed blank check. People now can trust him on his decisions and his conclusions. It is gratifying to know that he is transforming into an exceptional student and is approved by people.

On the third day of receiving the gift of tongues, his spiritual eyes have specifically opened in fullness. Now he is passionately serving the Lord and is evangelizing the gospel to many of his friends. He is living a joyous life.

Page 94

May 8th, 2005 Sunday Evening

“At that time Jesus answered and said, I thank thee, O Father, Lord of heaven and earth, because thou hast hid these things from the wise and prudent, and hast revealed them unto babes. Even so, Father: for so it seemed good in thy sight. All things are delivered unto me of my Father: and no man knoweth the Son, but the Father; neither knoweth any man the Father, save the Son, and he to whomsoever the Son will reveal him”.

(Matthew 11:25-27)

*** Pastor Kim, Yong Doo and his wife goes to hell**

Pastor Kim - Jesus said to my wife and me, “From now on, you and your wife will frequently visit hell and experience the torments. Firmly prepare your hearts. You will not be able to see and since you will not be able to see, you may feel like you are suffocating. However, your senses of your physical bodies will be very sensitive. You will experience the torments of hell and receive realistic markings on your physical bodies. Since Saint Kang, Hyun Ja is timid as a rabbit, I will personally carry her in my arms. Pastor Kim, follow behind me as closely as possible. The pathway to hell is very dangerous. Keep alert, be very careful.” As I followed closely behind the Lord, I murmured and complained quietly. The Lord knew I was complaining. “Pastor Kim, stop murmuring. Keep alert and follow me with your full attention!” The Lord made me feel awkward. “One person was going to hell comfortably in the arms of the Lord while someone else was plodding behind Him.” I tightly grabbed the bottom of the Lord’s robe and moved forward to hell. The pathway was very narrow.

My wife and I always tried to compete for the Lord’s attention. Our competition for His attention caused jealousy and envy between us. When I was a child, my mother used to carry my infant baby brother on her back and she carried a big bundle on her head as we went to the market place. As my mother walked through the narrow alley in the countryside, I would follow right behind her in short steps as I cried and grizzled. I reminisced of my childhood as I walked the narrow path into hell. As I glimpsed at my

wife from time to time, I would notice her humming a song through her nose. It appeared as though Jesus was enjoying the situation. The Lord and my wife intimately dialogued to one another as they looked at each other face to face and moved forward. My church members with opened spiritual eyes would tease me. "Pastor, you must be very jealous, right?"

Page 96

*** Crucified on the cross in hell**

Jesus took my wife and I moved deeper into hell. I became nervous and my apprehension and fear had finally become reality. The Lord had brought us into the very center of hell and within a second He had disappeared. Fear came upon us as the devil shouted in rejoices.

"Aye-ho! Finally, we have seized you! Pastor, you @\$!#\$%@! Do you know how much torment and difficulties we are facing because of you? You and your wife are now dead!" They then dragged us. At the church, Joseph shouted, "Pastor! Mrs. Kang, Hyun Ja! The devil has dragged you to where the crosses are located. They are preparing to crucify you! They look so heinous and fearful!"

In that instance, my body spread out to form a cross and I fell to the floor on the church platform. I could not control my body with my strength or my will. Within a second, I immediately heard the piercing sound of the nail. I then felt an unbearable pain on both my wrists. It felt like my wrists were going to fall apart. The pain did not go away; I was one step away from fainting. As one foot lay on top of the other, I felt the severe pain. I could no longer bear the pain. I screamed, "Aghhhh!" The evil spirits had crucified my wife and I on the cross which was hanging in the air. They mercilessly pierced our whole bodies with iron skewers and overwhelmed us with torment. My soul was ruthlessly stabbed. Whenever the evil spirits tormented my soul, the unbearable pain strongly manifested unto my physical body. My wife was also in torment but she was not in so much pain as I was. I was able to hear the Lord's voice, "Pastor Kim, since you are a pastor and the one responsible for writing the book, you are experiencing and tasting the torment of hell. You must endure it!"

I have been hanging on the cross for several hours. In church, my physical body could not move a muscle. I was only able to move a little bit after the early Morning Prayer services. As I moved, I felt intense pain. There were big marks on my body, especially my wrists and the top of my feet. The diameters of the marks were about 1.5 cm. The marks were red in color and with time, the color turned deep blue and then into black.

Page 97

After an all night prayer meeting, my wife and I returned home in the morning. On our way home, I was having a difficult time walking. I had little strength. I barely made it home with the help of my wife. The walk from church to our home is about ten minutes.

Despite of the short distance, it took us two hours to make it home. The wife tried to help but I was not able to move much. Once we arrived home, I casually took off my clothes and took a shower. I was very shocked to see bruises and scars all over my body. The church members at a later time had personally witnessed the bruises and scars. They were all amazed and shocked. They comforted and tried to cheer me up. "Pastor, cheer up! We wish we could have the wounds, they are the marks of honor."

The Lord said, "Pastor Kim, how was it? Was the torment bearable? This is the only the beginning. In the near future, you will face more difficult and intense torment. You are going through this process because you will be used in a great way as my servant. Although it is difficult, you must persevere and endure to the end! Yes?" I feebly responded to His question, "Amen." The Lord then said, "Why are you showing weakness? Say 'Amen' with a louder voice! Pastors should not show weakness! If you do, the evil forces will attack you even more. You must always express strength and confidence!" So I shouted, "AMEN!" The Lord caressed my body and said, "Good, very well. That is what I am talking about."

Page 98

My wife and I were tormented in the same place of hell. Perhaps, it is because I am a pastor that I must experience the torment of punishment more severely and painfully. I also suffered many more side effects after the fact. For several days, I was not able to move. I had to lay down most of the days. Only when it was time for night service was I able to move a little bit. The Lord would gradually help me recover when it was time for night service. The Lord gave me enough physical and spiritual strength to barely perform the night service.

In heaven, there are more beautiful things than we can possibly imagine. The places and variety of things are endless. What is in heaven is something that our finite mind cannot comprehend. The things of heaven are beyond our imagination. Most of the time, the lay believers would attempt to vaguely guess what heaven might be like. Their description of heaven is superficial. Since most of us have not experienced heaven, we picture it through the testimonies of others who may have received the revelation. This is how heaven is described most of the time. Heaven is being described and revealed a little at a time through some Christians. It seems it is the Lord that earnestly desires to show us heaven more than we desire to see or know. It appears that it was the Lord's determination to show heaven to us. The Lord had desired for us to know that heaven is a perfect place and for us to recognize the fact that it is our eternal home in which we all dream of. The Lord wants us to live with heaven in our heart and thoughts and hold on to the hope within us. This is why He shows us and desires us to know what heaven is about.

"Nevertheless we, according to his promise, look for new heavens and a new earth, wherein dwelleth righteousness." (2 Peter 3:13)

On the contrary, hell is an awful place. Hell is beyond our imagination, it is a place completed with all the worse conditions. Every part of hell is a place of certain

pandemonium with unceasing trembling. Let me give some simple examples. It may sound strange or funny but it is true. In hell, there are numerous domains of gam jatang or galbitang (traditional Korean soups made primarily with beef, pork, short ribs, or spine). The evil spirits makes these soups out of human bones. Other domains include where humans are placed on a skewer and also where they are made into sushi. There are other domains that remind me of a restaurant which cooks 'dak galbi' (a Korean marinated stir fried diced chicken in spicy sauce). In hell, the ingredients are human.

Page 99

All the restaurants that we experience on earth are in hell. On earth, the proteins for our dishes are beef, pork, chicken, ducks, and etc. Live stocks are used to prepare in food for human consumption. But in hell, all the ingredients are the souls of human. To describe it in a word or two, 'a party' of punishment. The devil and evil spirits are tumultuously throwing a party of punishment for the human souls.

All the souls who did not properly believe in Jesus will go to hell when their physical lives come to an end. They will enter a place of eternal curse, a place of eternal damnation, a place of eternal punishment the moment they take their last breath. This is a place where one's senses become sensitive, they will feel much more stimulus than their previous physical realm. Hell is a hopeless place.

*** Mid term tests - deceived by evil spirits**

Kim, Joseph - When I was on vacation, I was able to find a lot of time for prayer and I had the time to spiritually go deeper for the Lord. I was able to spend a long time with the Lord. But now with school in session, I do not have much time. I am trying to find any spare time for prayer. My parents are apprehensive and always tensed that my school work will shatter my faith and spirituality.

My school mate, Brother Yong Sup, and my friend, Oh, Seung Young were evangelized by me and therefore we are enjoying a fellowship with one another. The three of us always hang out together in school and in the neighborhood. We usually talk about Jesus, our future, and our spiritual life. All three of us have our spiritual eyes opened and we are able to extensively see heaven, hell, angels, and the devil. It does not matter whether our eyes are opened or closed.

Page 100

After I had finished our mid term tests, I was resting during break. My friend, Seung Young, came to my class to visit me. In excitement but with a serious face, he said, "Joseph! Wow! I know that I will receive as in all my classes! The angels had given me all the answers to all the test questions. I know I did well on all my tests. It is an astonishing event!" I said, "Hey! Is that possible? What happened? Tell me about it." He replied, "Alright, but to tell you the truth, I couldn't properly study because I hung out and had fun. During the test, I was distressed because I could not answer a single

question. It was very difficult. But within that moment, an angel appeared and said, “Seung Young! Bok dol (nick name given by Jesus)! You should have studied hard! You can not even answer a single question. Should I give you the answers?”

Seung Young has an unusual habit of slightly opening and closing his mouth as a fish. The angel gave him the test answers by imitating his mouth gestures. For example, when a multiple choice question appeared, the answers were given by angels opening and closing his mouth. When Seung Young pointed to the number of the question, if the answer was A, the angels would open and close his mouth one time. If the answer was B, the angels would open and close his mouth twice. If the answer was C, then three times. As I listened to him, I responded agreeably. “Wow that sounds fun and exciting.” I know I also have the ability to dialogue with angels. I also decided to take advantage of this situation. I prepared for the second exam for the second class. It then began.

It appeared that Seung Young was still taking the other test in the same manner. I was ready to take the test and in the mist of excitement. I prayed for a short moment and immediately began calling for an angel. The angel appeared and began giving me the answers. I did not even look at the questions. But something was not right, there were some answers that I absolutely was sure about but the angel was giving me the wrong answers. It was different from the correct answer. I was at first uncertain and as time passed, it felt strange and odd. In that moment, I thought to myself, ‘Ah, what if I was deceived by evil spirits?’ So I decided to double check my answers. I had been deceived by the devil, my answers were all wrong. I then corrected my answers.

I was appalled and covered with cold sweat as I realized that I had been deceived. I was instantly fixing the wrong answers to the questions I knew. Finally, all the tests were over. I met with Seung Young and Young Sup to have a chat. I said, “Hey, Bok dol! I almost got all F’s because of you. How can you be so ignorant and deceived? I could have made a big mistake!” Brother Yong Sup was laughing next to us as he could not hold it back.

I found out later that because Seung Young was deceived by the evil spirits, he had failed in many of his classes. His scores were below 20 out of 100. When I told it to the pastor and the other church members, they all had a good laugh. They then scolded us and explained that only when we fervently pray and put our efforts on studying the Word of God, the Lord would help us. After that incident, Seung Young’s story of deception by the evil spirits on his exams became a popular topic and was discussed about for a long time. Seung Young and I were pretty embarrassed. If we become lazy and do not put an effort for good things or blessings, God will not help us. The Lord will always help us when we try our best to work hard. This is with everything and anything. I had come to realize this.

Page 102

Oh, Seung Young - After attending the Lord’s Church, I have spiritually grown. One can say I have grown up a lot spiritually. My mid term finals were disastrous and I had been

deceived by the evil spirits that had disguised themselves as angels. During the finals, Joseph had said, "Hey! You were deceived by the evil spirits! Watch out! Seung Young, you can do well on the remaining test." So I pulled myself together and completed the finals. Since I had not earnestly studied before the finals, I am totally responsible for my own failures. It is an amazing thing to witness spiritual realms in which many others are not able too. However, since I am still in this world, I am required to keep up with my friends that are within my age range. The pastor has instructed us that we should study hard and still obtain an education.

If I lie or commit sin, my spirituality is firmly hindered and I am not able to hear the Lord's voice. Moreover, my spiritual eyes have been frequently closed even when the lie or sin was small. This situation is common as well for my friend Joseph, Brother Yong Sup and the other adult believers who have their spiritual eyes opened. I am very careful not to lie or sin but my nature is laziness and disobedience. I am frequently experiencing the loss of power and spirituality through any amount of sin.

* Eating heavenly food in front of Father God

When Brother Haak Sung and I prayed, Jesus appeared. The Lord then held our hands and said, "Sam dol, Bok dol! Let us go to heaven. Hold on to my hand tightly. Today, I will grant you a big gift to you, Bok dol. You will find out your surprise once we arrive in heaven!"

Page 103

I am not a picky eater and as a result I am a little chubby. I thought to myself, 'Perhaps, Jesus will give me something to eat.' I was wondering if the food in heaven is just like the food on earth. Jesus, Brother Haak Sung, and I arrived in heaven. The first thing we do when we arrive in heaven is to appear at the throne of the Father. We respectfully bowed down our heads before Him. Father God commanded something to the angels and then countless number of angels appeared with platters and dishes in their hands made of gold. The platters and dishes were filled with enormous amounts of food. There were all sorts of different kinds of food. The different variety of food looked similar to the ones we eat on earth. I did not know what to eat at first. I was stunned. I was confused, it felt like a dream.

On earth, as I prayed, I was able to clearly smell and taste the food. Today, God had told Joseph that if he prayed for long hours and searched deep, he would be specially treated to heavenly food. Joseph would also be able to taste the food in the physical realm as he prayed. However, the prayer answer came to me instead of Joseph. The Lord told me that it went to me. Physically, my mouth and taste buds clearly experienced what I tasted spiritually. I loudly shouted, "Yah hu! So delightful!" I could not figure out what to eat first but I began eating the items randomly, especially the ones that were close to me. "Yum, yum! Wow, delicious!" I continued to shout as I kept eating. I then noticed Saint Joseph and Moses appear with some kind of sticks in their hands. They used the sticks to slightly nudge me on my thigh and said, "Saint Seung Young! Please stop eating. Eat only the proper portion. If you eat too much, you will gain too much weight. You might

need to go on a diet.” We then all laughed together out loud.

Page 104

Brother Haak Sung who was standing next to me laughed for a long time. Father God laughed out loud echoing His voice. Then a brilliant light poured down from Father. It was more colorful than a rainbow. Jesus joyfully smiled and said, “Bok dol! Eat as much as you want! And pray fervently.” My friend Joseph was still sleeping now. I felt guilty and sorry for taking away his blessing. The Lord promised that He would show me more marvelous places in heaven if I pray more and more.

*** Jesus’ weather forecast**

When I pray throughout the night until the next day, I am sometimes late for school. I love the time with Jesus. My school mates would frequently bully me but whenever I pray to the Lord, He would always comfort me and clear up my troubles. I would then feel good and content.

This morning, I was not able to wake up on time. The Lord then appeared to shake me and wake me up. He said, “Bok dol! Bok dol! Wake up! Hurry, wake up! You will be late!” As I rubbed my eyes barely awake, I saw Jesus and laughed out loud. His outer appearance did not look as usual as when I would see Him at church. He was wearing a white suit. He looked like a meteorologist from TV. It appeared as though He was ready to give the weather forecast. He held a small stick in His hand that looked like a small baton.

Page 105

As we looked at each other, we laughed. “Lord! What are you going to do now?” As I asked the Lord, He replied, “Yes, I am about to forecast the weather for you. Seung Young! Today, it will be raining so when you go to school, you must bring your umbrella!” He then instantly disappeared.

The weather was clear and fairly bright as I walked to school. But I took my umbrella since Jesus had commanded me. All during classes, it did not rain. However, when the last class almost ended, black clouds formed to cover the sky. It began to shower all of sudden. My school mates all returned home wet but I had my umbrella over head and hummed through the nose. Jesus got involved in all of my personal affairs. I felt so good to know that the Lord watched and protected me.

“The LORD is thy keeper: the LORD is thy shade upon thy right hand. The sun shall not smite thee by day, nor the moon by night. The LORD shall preserve thee from all evil: he shall preserve thy soul. The LORD shall preserve thy going out and thy coming in from this time forth, and even for evermore.” (Psalms 121:5-8)

*** The evil spirits that hover around Christians to attack**

Kim, Joseph - Brother Young Sup, Seung Young, and I always hang out together. We are very close to one another. Since all three of us have spiritually opened eyes, we experience many fun events that occur spiritually. Our thoughts and mind would always coincide with one another. It didn't matter whether we are in school or at home. We are thinking alike as if we were at church. We always act together. However, we also frequently disagree with one another's opinion. When this happens, I change gears to reconcile our friendships.

Page 106

There are many things I have come to realize after my spiritual eyes had opened. One is the fact that countless evil spirits would hover around the people who believed in Jesus. These evil spirits wait and target believers. They wait for opportunities to attack. They strike at us whenever they see a gap or weakness. Moreover, they attempt to make us confused. They agitate us and try to make us stumble and fall. If we sin, the evil spirits use that sin to create a pathway for them to enter our bodies and afflict us. Even if the sin is small, it makes no difference; it creates a pathway for them.

"Neither give place to the devil." (Eph 4:27)

"Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour: Whom resist steadfast in the faith, knowing that the same afflictions are accomplished in your brethren that are in the world." (1 Peter 5:8-9)

Satan's army of evil spirits fill the earth. They co exist with us in this world. It does not matter where, they operate everywhere and at all levels. The evil spirits would especially follow all of the members of the Lord's Church. They would observe and wait upon us. However, when we are on the offensive, they quickly avoid us. At first, when the evil spirits followed, we would shiver in fear. We were bewildered. Now, we are no longer afraid. Our daily battles have made us immune to fear. However, most of all, we know that the Lord protects us and there is no reason to be afraid anymore. Furthermore, the Lord has given me various weapons to fight the evil spirits.

Page 107

Jesus told us to pray in tongues whenever we are alone during the day. The Lord always protects us but we must still endeavor to be alert. As I prayed in tongues, I checked on the evil spirits. Whenever I pray in tongues, the evil spirits that followed me would disappear. Now, wherever I go praying in tongues, the evil spirits would earnestly avoid me in fear.

"Submit yourselves therefore to God. Resist the devil, and he will flee from you."
(James 4:7)

If we withdraw, become frightened, or avoid confronting evil spirits, they will be more inclined to attack us insanely. But if we confront and expel the evil spirits with our strong faith, they will always be expelled. However, as we confront and expel them, the evil spirits will gradually attack us with stronger evil spirits and they will increase in number with their attacks. Jesus would at times stand to watch us battle against the evil spirits. He would then cheer us on. "You can fight with your faith, your faith is more than enough." He sometimes would intentionally set up the fight between the evil spirits and us in order to strengthen our faith.

*** Trapped in the cell of hell**

Pastor Kim - I frequently visited hell as the Lord began taking me there on a daily basis. Hell is a place filled with maggots, with many different poisonous insects, and other swarms of bugs. It was endless; the number of places filled with insects is beyond our imagination. As Jesus led me to hell, I would ask questions and He would only answer them vaguely.

As soon as Jesus grabbed my hand, I was taken to a pitch black cell and the Lord instantly disappeared. I was fidgeting and beginning to tremble terribly. Every direction I attempted to see was pitching black. I was not able to see a thing. I began to feel movement at the bottom of my feet. There was something squirming. There were numerous objects squirming around me and they began to gradually crawl up my body. The cell I was placed in didn't seem very large; it was about 66 square meters. The cell was further condensed with snakes, centipedes, and larvae. The large centipedes crawled onto my whole body. As they crawled, they bit and stung me. I almost had lost it, I was going out of my mind. I was completely stunned.

"Ah ~ what is this?" I was alarmed as the snakes began coiling around my hands, arms, and legs. I could feel the chillness of the cold blooded snakes. My body became aware of the chill as they crawled onto me. I screamed out loud. "Lord! Lord! Where are you? Help me! You ~ filthy creatures! Lord! Holy Fire! Jesus' Blood!" My shouts and commands were ineffective. My words became empty as it only echoed. No matter how much I cried out to the Lord in anguish, He was not with me. I felt like I had been already trapped for one hundred years. This place is nothing but eternal frustration and hopelessness.

I did not know how much I cried and called upon the Lord. I was desperately struggling and fighting off the snakes and centipedes. But I eventually gave up on fighting. While I was in the midst of screaming and in torment, the Lord suddenly appeared and brought me back to my spot in the church. Just like today, the torments endlessly repeated on a daily basis. As I am continuously transferred to the different places in hell, my body would tilt to the left as I am traveling. But when I flew to heaven in power, my body would tilt to the right. I feel like I am at the on a airplane and at the mercy of gravity or G force whether I am going to the left or right.

Mrs. Kang, Hyun Ja - Since I am terribly afraid of hell and despise it so much, the Lord quietly took me there without my acknowledgement. He has done that to me many times. When I was in prayer today, my body began to heat up. Joo Eun was next to me and she was shouting as she prayed. "Mother! The Lord put you in the fire! Your body is naked and the evil spirits are piercing your body!" Although my soul was in hell, my physical body experienced the heat. However, the heat was not as intense to my body physically; it felt like I was in a sauna. Nevertheless, the fire and heat in hell is extremely strong and as time passed, my body gradually became hotter. With the Lord's special power, I was able to endure.

As I endured the increased heat in stages, the Lord had allowed me to become resistant to the gradual increase in heat based on my ability. Suddenly, I became dizzy and my whole body itched. I thought someone touched my body and then I gradually fell into great pain. I felt my flesh torn to pieces. "Mother! The devils are slicing your flesh. The knife looks very horrendous!" I loudly shouted, "Ah~ It feels refreshing! Ah, good! You filthy evil spirits, torment me as much as you want. Ah, huuu...feels good!" I was tormented initially for just a short time. But after the short time, the Lord intervened and I was specially protected by Him. I was then able to endure the pain.

Page 110

*** Riding on the back of the giant sized centipede and falling into the fire**

As I prayed with my daughter, Joo Eun, she was meticulously explaining to me the events in hell. I absolutely did not desire to go visit hell but once again Jesus had led me into hell. We arrived where the giant sized centipede lived. The centipede was about 30 meters long. The width was more than 1 meters as well. The back of the centipede was black, its legs and tentacles were yellow. Two sharp looking fangs protruded from out of its head. I was appalled at the sight, it looked so creepy. The giant centipede did not have any wings but it was flying over the skies of hell. Tens of naked people were riding on the back of the centipede. They screamed and shouted in terror. "Ugh!!!"

Jesus let us watch the horrific scene of torment. The giant centipede flew into the flame of fire in an instance with the naked people on its back. Instantly, the souls on the back of the centipede fell into the fire as they cried out with a short scream. They were brutally tormented by the fire. The centipede appeared to be not effected by the flames. The centipede came back out of the flames with the people still on its back. The centipede repeatedly went in and out of the flames.

But a truly shocking event occurred without me realizing what had happened. As my mind wondered off for a second, I was instantly riding with the lost souls on the back of the centipede. "Lord! Lord! How can you do this to me? You can't do this to me!" My shouts and screams were in vain. I could not see the Lord anywhere. I then heard His voice only, "Since you are in hell, you must experience the torment even if just for a second." The Lord then told me that He would help me endure the pain.

Page 111

For a short time, I was one of the lost souls on the back of the centipede. Instantly, the centipede was flying once again. The centipede flew toward the flames. All I could do was screaming in terror. I was so dizzy from the ride that I bounced to my feet. My daughter Joo Eun shouted in distress, "Mother, you are the only one standing on the back of the centipede!" In that moment, the centipede flew into the flames of hell. The lost souls and I fell off the centipede and to the bottom of the flames. I was tormented in pain but not as much as the other souls.

Page 112

May 9th 2005 Monday

"And he said unto them, How is it that ye sought me? wist ye not that I must be about my Father's business? And they understood not the saying which he spake unto them."
(Luke 2:49-50)

Oh, Seung Young - While I cried out in tongues, Jesus appeared and said, "Seung Young! Let us go to heaven!" I grabbed Brother Haak Sung's hand and then the Lord's and we walked toward the cross on the altar. We entered the cross door from the platform. We arrived in front of the God's throne. God was sitting on His throne. He was enormously large. I said to myself, "Right, the pastor said to always test the spirits." So I loudly shouted toward Father God, "Satan! In the name of Jesus, depart!" As God was laughing, He said, "Seung Young, I am not Satan. I am God. I formed you. Calling me Satan? Hahaha." Haak Sung was laughing as well with his head down. Jesus was laughing as well. Father God is unimaginably large.

Page 113

*** The bodies are sliced and cut by a chopper**

Pastor Kim -It was dawn and during our prayer, the Lord led my wife and I to hell. My wife and I are sent to hell these days as soon as we begin our prayer meeting. Since we are visiting hell on a daily basis, we have become immune and accustomed to the situation. After the prayer meeting, the wife and I would discuss the places we had visited in hell. "Once again, it was another place in hell! When will the Lord stop leading us to hell?" We at times discussed the events with a deep sigh. Today, my wife and I visited the place in hell where Sister Baek, Bong Nyu had previously visited. I had also previously witnessed this particular place. It was the place where my father was being cut up by a chopper. The chopper looked bigger than the earth. The sight was awful.

An enormous creature who appeared to be the king of the devils snatched me and prepared to have me chopped. My wife was waiting next in line to be chopped up. The church members who had opened spiritual eyes explained the scene and event to us. They

said that our souls were so frightened and the terror that my wife and I experienced was leading us to faint. When the devil chopped my body, I felt the pain directly with my physical senses. When they laid my body on the chopping board, they immediately cut my body into four pieces. They then began to cut my soul; they started from my toes and moved up toward my body. The pain started from the toes. My whole body was in arthritic pain. The pain was unbearable. My physical body was on the church platform and praying and my body fell forward from the unbearable pain. I screamed, "Agh!" From my head to the toes, all of my body was in excruciating pain. I could no longer bear the pain, I began to tumble and roll.

Page 114

My wife was next. My wife was also tormented in the same way. She had also fallen onto the floor. The symptoms were the same but the pain for her seemed a bit less than what I experienced. After we had finished the prayer meeting, my wife and I could barely walk home. From the time we arrived home, we had laid down all throughout the night until the next evening. We were not able to move. Two hours before the evening prayer service, the Lord helped us recover. Jesus said, "So, how do you feel? How is it to be tormented in hell? Hell is such a gruesome and terrible place! Therefore, you and your wife must save as many souls as possible with all your strength!"

"And fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in hell." (Matthew 10:28)

The shock from visiting hell was intense but with the Lord's generous grace, we recovered back to normal. Even these days, the lay believers in our church are frequently experiencing hell as we are. When they begin to pray, the Lord allows them to feel and taste the torment of hell. They have visited hell in groups. I had numerously protested to the Lord about that and how it was not fair for me. The Lord replied, "Pastor Kim, you are a pastor and therefore experiencing direct painful torment."

Page 115

*** The oversize screen at the church in heaven**

Mrs. Kang, Hyun Ja - During service, I danced in the Spirit. Jesus then brought several souls from heaven. Among the souls, one was Simon from Cyrene. He asked me if he could hold my hand. I complied and held his hand with my left hand. I felt a strong electrical current from my left hand. Joo Eun, who was standing next to me, explained what was going on. When heavenly souls hold on to my hands, electricity began to flow and my hand feels heavy. The Lord then said, "Saint Kang, Hyun Ja, lead us toward heaven." I asked the Lord, "Lord, since I am not able to see you clearly, how am I supposed to lead?" The Lord replied that I should follow as He guides me. The Lord then held my hand and turned my body around. My hands, body, and my feet began to move

with their own will. It was truly amazing and surprising. As all the church members lined up behind me, they followed and imitated my body moments. The Lord was in front of us and He guided and led my body at His will.

After a long duration, we arrived at the church in heaven. We all entered into the church. When we arrived at the throne of God, the movements of my body stopped. We humbly prostrated onto the floor before Father God. Joseph, Haak Sung, and Joo Eun began to speak in a loud voice, “Wow! Brothers and sisters, there is an oversize screen in heaven’s church. It’s like a movie theater. Wow ~ what is going on? Wow! The scene on the screen is our church having service! Ah! Good gracious! Pastor! Mrs. Kang, Hyun Ja! Look at that screen! Can you not see it?” I replied, “Hey! I really want to see but my spiritual eyes are not fully opened as of yet!”

Once we had arrived in heaven, the Lord was showing the saints at the church in heaven the service that was occurred in the Lord’s Church through the oversized screen. Mainly, the screen was showing a scene of the pastor humorously gesturing as he preached from the church platform. The saints and angels in heaven’s church were enjoying and laughing as they were entertained by the humor. Father God, Jesus, and the Holy Spirit were enjoying it as well. We have been here the 6th time as the service at the Lord’s Church is still in session. Whenever we visit heaven, the saints in heaven are delighted in meeting us. They eagerly desired to shake our hands.

* **The scenes within the bible**

Kim, Joseph - As I pray more and more, I enter deeply into the spiritual realm. It is difficult to live upright as I live spiritually and physically. In the physical realm, there is a lot of pressure to be good and have a correct relationship with my friends. I have to also behave and live correctly in school and at home. The pressure weights me down. When I get angry, speak abusively, or even get a bit tempered, I realize my spiritual eyes closing a little at a time. Therefore, when I stumble I repent. Whenever I pray more, God brings takes me spiritually deeper. I experience many startling events.

Today, after I had come back from school, I read the bible. I finished revelation in which I had only read through half way. I am beginning at Genesis again. Including today’s reading, this will be my 5th time that I am reading the whole bible. Perhaps, it is because the Word of God feels new again.

“But continue thou in the things which thou hast learned and hast been assured of, knowing of whom thou hast learned them; And that from a child thou hast known the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus.” (2 Timothy 3:14-15)

Page 117

Before, I read the bible many times but it was at the demand of my persistent parents. Since I was forced to read it, I roughly skimmed it. Now, with my spiritual eyes opened, I am able to sincerely read it with a faithful heart. As I intently read the bible, the events

became enormous scenes to me. I first began to hear the voice of Father God a little bit at a time. I began to see visions as though I was watching television. Things began to move before my eyes, Trinity God was meticulously illustrating the events in the bible.

With the bible opened, I covered the edges with both my palms to clearly see it. I then began to see deeper. Impressed, I shouted, "Wow! Impressive! Wow~ God! God! You are great! You are a mighty God! Hallelujah!" Unceasingly I praised and worshipped. My mouth was overflowing with words of deep emotional gratitude toward God. God spoke in a resonant voice, "How about that, Joseph?" Continuously and respectfully bowing down to God, I said, "Oh God! Thank you! Thank you very much." I then saw the scene of Genesis chapter two. The scene was the creation of Adam and Eve. Chapter 3 came up and I was able to see the clear details of the corruption.

Until now, I used to read the bible without any seriousness. My reading was shallow. Many times before, I felt weary and bored when reading but now God has given me much grace. It is not easy to express the amazement of this present experience. After this incident, I have completely immersed myself in reading the bible. At one time, I opened up to read the story of Noah, Sodom, and Gomorrah. With those chapters, I once again began to see the stories in a vision on a big screen. The church light was bright and I covered it with both my hands as I placed my head down so that I could see the vision more clearly. I experienced watching the scene of Noah's family building the Ark and the process of God judging the world when the flood came. The scene was so clear and vivid. It was extremely frightful.

Page 118

I breathlessly watched the judgment scene of Sodom and Gomorrah. My eyes were opened wide as I saw God raining brimstone and fire from the heavens. The pastor then suddenly shouted loudly from the platform, "Kim Joseph! All the church members are intently listening to the sermon. What are you doing?" He rebuked me. I was so caught up with the bible scenes that I had not realize that service had begun. I did not hear the pastor preaching. The pastor once again shouted, "Hey! What are you doing?" I replied, "Shhh! be quiet please. Pastor, please finish your sermon. Right now, I am watching the judgment of Sodom and Gomorrah through a big screen!" Jesus also said, "I am now showing an important part from the story to Joseph. Pastor Kim, please continue to preach." Pastor returned to the platform. These days, whenever I look into the bible, the Lord shows the story from a screen like TV. It is now delightful and I thoroughly enjoy reading the bible.

*** Dialoguing with objects**

Since I have been called to be a pastor, God has shown me many different events and experiences. I have experienced many things that I am not allowed to share. It is only when the Lord grants me permission that I share with the pastor so that he can document the experiences. Generally, lay believers of our church were not able to understand because they viewed it with their physical understanding. However, as they went deeper

spiritually, they were able to understand it more clearly. The adult believers in our church who did not have their spiritual eyes opened could not understand most of the described events. Moreover, even my father and mother was not able to understand many things.

Page 119

I have kept some secrets from my mother and father for a long time. The secrets had been meticulously explained to me by Jesus. The Lord had reminded me frequently to share the secrets after a long time had passed. Among the events were ‘dialoguing with objects.’ It was the first time I had ever heard of this term. Dialoguing with objects is just what it means. It is communicating or conversing with objects. It does not matter whether the object has life or not. This is possible when a believer deeply enters the spiritual realm. It is possible to dialogue with stones, trees, machines, cars, books, water, mountains, oceans, fishes, animals, and etc. Yes, it is very possible to dialogue with those things.

We have a nine seater church van. As the church grew, we were in need of a van. While our family rode in the van, the pastor said, “Let us give this van away to a new church.” In that moment, the nine seater van spoke. I was startled and shocked. “No! I do not want to be given away! Please I want to be used more for the Lord’s Church!” I was in shock. “Father! Pastor, our van is speaking. Can you hear it?” The pastor with an unbelievable face said, “Hey do not speak like that. How can a van without life speak?” He scolded me.

In a loud voice, I insisted. “No father, the van is really speaking!” As I persisted and spoke, the Lord, Jesus spoke on my behalf. “Indeed, it is certainly possible to dialogue with objects once a person deeply enters the spiritual realm.” The Lord lead us to scriptures and told us to read it. The Lord gave us scriptures from Numbers and Luke.

Page 120

“And the LORD opened the mouth of the ass, and she said unto Balaam, What have I done unto thee, that thou hast smitten me these three times? And Balaam said unto the ass, Because thou hast mocked me: I would there were a sword in mine hand, for now would I kill thee. And the ass said unto Balaam, Am not I thine ass, upon which thou hast ridden ever since I was thine unto this day? was I ever wont to do so unto thee? and he said, Nay. Then the LORD opened the eyes of Balaam, and he saw the angel of the LORD standing in the way, and his sword drawn in his hand: and he bowed down his head, and fell flat on his face. And the angel of the LORD said unto him, Wherefore hast thou smitten thine ass these three times? behold, I went out to withstand thee, because thy way is perverse before me: And the ass saw me, and turned from me these three times: unless she had turned from me, surely now also I had slain thee, and saved her alive.”

(Numbers 22:28-33)

“And he answered and said unto them, I tell you that, if these should hold their peace, the stones would immediately cry out.”

“And he answered and said unto them, I tell you that, if these should hold their peace, the stones would immediately cry out.”
(Luke 19:40)

My Sister Joo Eun, Brother Haak Sung, and some other believers in our church who had their spiritual eyes opened had previously said to me that they dialogued with objects. I will provide an example. My father, the pastor, particularly love infants. There is a baby named Cho, Jeh Won who is one year old and very cute. My father adored the baby so much that his expressions for the baby went overboard. As my father continued to harass the baby, the baby’s soul constantly shouted, “Stop harassing me, please!” All the members with spiritual eyes opened witnessed this event.

Page 121

Whether the objects are able to move or not, some have mouths. We are not only able to hear them, we can sometimes see them speaking. Moreover, the electronic musical instruments shouted, “Rejoice! Rejoice!” As the praise hymns played, it shouted “Rejoice!”

Page 122

June 4, 2005 Saturday

“Now we exhort you, brethren, warn them that are unruly, comfort the feebleminded, support the weak, be patient toward all men. See that non render evil for evil unto any man; but ever follow that which is good both among yourselves, and to all men. Rejoice evermore. Pray without ceasing. In everything give thanks: for this is the will of God in Christ Jesus concerning you.” (1 Thessalonians 5:14-18)

*** The evil spirits’ sudden attack**

Pastor Kim - As the youngsters began to have their eyes spiritually opened ahead of the adults, they were distressed and attacked by the evil spirits whenever a weakness opened. Unguarded, the youngsters were exposed at their schools, home, and street. As a result, they were indiscriminately defeated. During each night at church, when the youngsters pray, they were able to confront and fend off the evil spirits with the Lord’s grace. However, when they were outside the church, the youngsters became weak as the realities of life overcame them. Compared to adults, the youngsters have a weaker will but on the other hand, the youngsters are pure. If both the adults and youngsters were able to compliment each other and could exchange what they lack, they would be able to all walk spiritually balanced. However, this is not the case. I always instruct the church members with opened spiritual eyes to be cautious and not so complacent in all matters. However, an accident had occurred.

Page 123

* **The trial that fell upon Joseph**

Kim, Joseph - The pastor said to always have good relationship with friends and be on alert in case trials may fall upon me. However, I experienced a trial that didn't turn out as I expected. In my class, there was a student who was much shorter and weaker than me. This student hung out with seniors who were gang members. In fact, this student was a gang member himself. All the teachers positively proclaimed that there were no gangs in our school. However, all the students, including my classmates, became diffident whenever we saw gang members walk around in school as a group. The gang members would coerce other students to hand over their money and would sometimes beat them up. My friend, Oh, Seung Young suffered the most. If I fought one on one with a gang member who was in my class, I would win without question.

A few days ago, a gang member began to harass me harshly without any particular reason. My classmate who was physically built had told me to avoid and turn away from the situation but I was stubborn. I had always desired to correct the bad habits and behaviors of the gang members. The gang member who was in my class came from a wealthy family. His parents would often come to school and afflict many other students as well.

Page 124

The gang member in my class approached me and began to quarrel. "Hey! Kim, Joseph, don't be so disrespectful! Going to church is not everything!" He then began to hit me. I was not about to be beaten up so I hit him back. We engaged at one another and we punched and kicked one another. But the gang member broke his wrist as he was hitting me.

During the fight, someone had told the other gang members about our fight. Suddenly, all the other gang members rushed and began beating me. The classroom wasn't a place to fight so they dragged me to the back garden to avoid the teacher. I was beaten up by 15 boys. I had almost fainted from the beating. My classmate, Yong Sup, who sits next to me was shocked of the fight and called the police. The violent beating stopped after the police arrived. I was then able to breathe properly. My whole body was aching, not a single spot was left untouched. I was beaten so bad that my whole body was covered with bruises. All the gang members ran away but were soon arrested.

The Lord comforted me. "Joseph, you should have been more patient to the end. Why did you do that? Tut, tut!" The Lord caressed my bruises as He felt pity for me. I was in the hospital for four weeks recovering. Later, I reconciled with the gang members. If I had been a little more patient, this would have never happened. But it was difficult to be patient in that situation. As I go spiritually deeper, I attempt to live straight and narrow and as a result, I encounter different and various trials.

"My brethren, count it all joy when ye fall into divers temptations;" (James 1:2)

Kim, Joo Eun - My father and mother said, "Since you have spiritually opened, you must always be cautious and not become complacent for you do not know when or how the evil forces will target you." With my brother beaten up and in the hospital, a big incident happened to me as well. I was playing in the neighborhood park with my friend, Soo Oak, when two strange older girls commanded two other younger girls to drag us into the park restroom. The older girls appeared ordinary and normal but I felt evilness from them. Their language was extreme and very abusive, the language that gangsters would use. The boyfriends of the two older girls stood guard at the outside entrance of the restroom. The two older girls sat on the toilet seats which were aligned and divided narrowly. They then began to beat us up taking turn as we stood in front of them.

My friend, Soo Oak, was bigger than the two older girls. They only hit her with one or two strikes but I was beaten up for over two hours. I do not know how much I was beaten up. I severely had beaten on my head with my cheeks and eyes completely swollen. I could not open my eyes. Due to the countless number of kicks to my stomach and chest, I thought I couldn't breath. As I cried out loudly, I shouted out to the Lord to myself. "Lord! Lord! Please help me! Lord! Save me!" But I could not see the Lord. After two hours of beating, the two girls said, "Ah~ @\$%@\$, beating up is boring!" They then left.

My friend Soo Oak and I arrived home and we informed my parents. My mother was heartbroken and sad. The police station contacted us. The two older girls were caught by the police as they were harassing some other students. The police wanted to confirm that these were the two girls and contacted us.

I was badly beaten up, I could not properly talk. My body was aching. I asked the Lord, "Jesus! Why didn't you help me? Lord! How could you let that happen?" As I asked and badger the Lord about this matter, the Lord answered, "Joo Eun, these are big rewards. I was also crying as you cried. Those evil spirits have done the evil deeds through the people they have entered. I will throw those evil spirits into hell. Furthermore, you must be very careful whenever you play at the park or walk the street. Do not hang out too late, return home early. You will have to try harder, understand?" Jesus caressed the painful areas of my body and blew His breath at my wounds.

It is a blessing to live spiritually but on the other hand, I am faced with many difficult trials. I have to overcome the difficult trials as they come along. It is truly difficult and cumbersome.

"Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him." (James 1:12)

Elder Lee, Hwan Ho from the publishing company, Yechansa, came to visit me from

Seoul. He had come as soon as possible once he heard the news that I had been badly beaten up. The elder treated us to a very nice dinner. My whole body was still swollen. He had sat next to me and consoled me very much.

*** What pastor had proclaimed on the platform comes to pass**

Page 127

Mrs. Kang, Hyun Ja - There was a reason why Joseph and Joo Eun were beaten. We can perceive it in a different way. Youngsters who have their spiritual eyes opened can frequently get more hardened. From the physical perspective, we may generally think their behavior is due to puberty and their sensitivity. However, from a spiritual perspective, the evil spirits will take advantage of their nature and utilize that path to enter their bodies. The evil spirits will then dominate their behaviors and they will make the youngsters rebellious and disobedient. However, these issues can be overcome by their faith and their will but due to their immaturity and their character not being fully developed or molded, it is more difficult for them than adults.

The day before the beatings, the pastor proclaimed the message of possible fights if the youngsters frequently disobeyed and became rebellious toward their parents. The very next day, Joseph was beaten up by his school mates and Joo Eun the following day. The youngsters are currently pleading to the pastor, "Pastor, father, please, I ask for a favor. Please do not preach of warnings or consequences. Speak something good. We will listen to you! Whatever you speak comes to pass."

"My son, despise not the chastening of the LORD; neither be weary of his correction: For whom the LORD loveth he correcteth; even as a father the son in whom he delighteth." (Proverbs 3:11-12)

Page 128

*** Yoo Kyung, escaped from almost being raped**

Yoo Kyung whose eyes are spiritually opened arrived home around 1 AM after church service. She was not able to sleep and decided to walk outside for several hours. She took her niece, Mina with her. The pastor always keeps a close eye on the youngsters and adults with opened spiritual eyes. The pastor cautiously supervises with intensity. The pastor tells us not to hang out outside during the night, especially alone. However, despite of the pastor's warning, another incident had occurred with Yoo Kyung. Yoo Kyung is considered mentally retarded, 2nd stage. She is lacking in many areas with her abilities. Physically, she is a matured woman in her mid twenties but her mentality is of an elementary student. When one speaks with her, she can actually speak without much notice of her disability. However, if a person with evil intent decided to tempt or deceive her, she would fall victim of being taken advantage or seduced.

On that particular night, a man in his 50s handed her ten dollars and coaxed her to drink with him in a bar. He promised to give her more money if she accompanied him. She was dazzled with the deceit of more money and she recklessly followed him with Mina. The man gave instead gave her a little more money and lead her to the motel or inn. Yoo Kyung did not comprehend the situation and went into the room with the man. But as soon as he touched her body, she screamed. "No!" She yelled and asked for help from the inn owner. The police arrived and arrested the man. He was given over to the national police agency and restrained. After the incident, Yoo Kyung no longer went outside at night. When she is required to go out during the night, she makes sure she is accompanied by at least 2 or 3 persons. People with opened spiritual eyes unceasingly face unexpected various trials. They must always be on alert and not complacent.

Page 129

June 6th, 2005 Monday - Memorial Day

"But there is a God in heaven that revealeth secrets, and maketh known to the king Nebuchadnezzar what shall be in the latter days. Thy dream, and the visions of thy head upon thy bed, are these; As for thee, O king, thy thoughts came into thy mind upon thy bed, what should come to pass hereafter: and he that revealeth secrets maketh known to thee what shall come to pass. But as for me, this secret is not revealed to me for any wisdom that I have more than any living, but for their sakes that shall make known the interpretation to the king, and that thou mightest know the thoughts of thy heart."

(Daniel 2:28-30)

*** Went to home plus with Jesus**

Joo Eun - In church we pray everyday. Our family does not have too much time to spend with each other outside the church. It is sometimes suffocating. It has been a long time since my father has asked us to go to a home plus for a little relax and refreshment. As my family prepared to leave, the Lord also accompanied us. Jesus wore a nice looking unique robe. He then joined us. We were able to clearly see Jesus with our physical eyes.

The Lord made an entrance for Himself. I responded, "Wow! Lord! What kind of style is that?" The Lord replied, "Oh Freckles, I had prepared to accompany myself with your family on your trip. How do I look? Do I look nice?" As Brother Joseph looked at the Lord, he said, "Yes Lord! You look really great!" Joseph agreed with the Lord. Many times when the Lord visits us, He usually wears a robe. They are always shimmering with a golden light color. He sometimes wore white with a red drape over His robe. However, on numerous occasions, He resembled like the picture in the illustration books. Today, He wore clothes that were dazzling with a golden color, similar to the color yellow. The Lord appeared very special and unique. It appeared that Jesus loves to accompany our family at all times.

As my father drove, the Lord sat next to my mother and the Holy Spirit sat next to my father. At the Home plus, they were having a special event in the middle of the street. A fence surrounded the area to cage in various animals in which we do not usually see in the city. They allowed people to come in and out each hour. There were many animals such as Siberian huskies, pigs, ducks, geese, black goats, white sheep, chickens, etc.

Among the animals was a cold blooded snake. The cold blooded animals were exhibited in special glass cages. There were rodents such as hedgehogs. The pastor went where the snakes were housed and he shouted, "Wow! There are huge snakes!" Two creepy and slow moving pythons were among the snakes. They were thick as an adult's thigh. There were also small stringy snakes entangled to each other. They appeared to be king cobras. Our family knows that our father likes to be playful. My father asked Jesus, "Lord! Please

Page 131

give me a comment as you see the snakes." The Lord replied, "I do not want to watch or speak about it!" He then went away. I can only guess that the Lord left because the snake was the animal that had deceived Adam and Eve in the Garden of Eden. In the bible, the snake always represents the devil. I once read that snakes were craftier than any of the wild animals.

"Now the serpent was more subtil than any beast of the field which the LORD God had made. And he said unto the woman, Yea, hath God said, Ye shall not eat of every tree of the garden?"
(Genesis 3:1)

"And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him."
(Revelation 12:9)

Our family then went to see the sheep. Within the fold, other animals were among the sheeps. As father went close to the sheeps, the curled wooled sheeps gathered around him. I do not know what my father had done but the sheeps continued to follow him around. "Mom! It is strange that the sheeps are following father around! This is unusual. How can it be?" The sheeps were hanging around my father. As Jesus patted the sheep, He was in a delightful mood. Suddenly, a small black goat with horns from the other side of the fold approached and ram against the sheeps. Father said, "Oh, look at this one. The goat has literally rammed at the sheeps with its horn!" My father then explained the special characteristics of sheep and goats as he quote from the bible. I am in agreement that the bible has no errors.

“When the Son of man shall come in his glory, and all the holy angels with him, then shall he sit upon the throne of his glory: And before him shall be gathered all nations: and he shall separate them one from another, as a shepherd divideth his sheep from the goats: And he shall set the sheep on his right hand, but the goats on the left.”

(Matthew 25:31-33)

Page 132

*** The red sports car in heaven**

Kim, Joseph - We had a good time at Home plus and decided to go to Wal-Mart which was close to the event. Jesus suddenly disappeared. “Mother! Father! I cannot see Jesus anywhere. Where did He go? Brother, why don’t you look around and see if Jesus has left?” My sister asked. I checked and looked around but I could not find Jesus. “What? He was here just a few minutes ago. Where could He have possibly gone too?” As we were wondering, a deep red colored sports car drove toward us. The car was faster than any airplane in the sky. It stopped in front of us. “Wow! What is that? Wow! Impressive!”

The color of the car was brighter and beautiful than a red colored rose. The car was inside a bright light. The light was the rainbow. In the driver's seat was Jesus dressed up like a race driver. He looked great as He sat in the driver's seat. “My children! Look! How do I look? Quickly! Hurry! Get in the back seat! From now, we will drive to our destinations and window shop.” The Lord was dashing as He spoke. I was totally confused. “Wow! This is amazing! How can this be? Is this a hallucination?”

Page 133

We explained what was happening to our father and mother and they intently listened. Joo Eun and I were so excited that we meticulously explained what was happening using our hands and feet. However, since our parents were not able to witness what was happening, they were not able to realistically feel the excitement. Although we were physically walking, we were riding the car spiritually with the Lord. The Lord was giving us a ride as we window shopped around. As Jesus led, our family appeared as though we were riding His car and the evil spirits ran in confusion and terror. There were many evil spirits operating in the area where we were visiting but they attempted to depart as they saw us. However, the evil spirits did not have a chance to flee and as a result they shrank back and shivered and placed their heads down to the floor before the presence of the Lord. As we went through them, the group of evil spirits split into two groups and parted to each side and became silent. Finally, they all fled. Joo Eun and I continuously shouted, “Aye ho! This is so exciting! Lord, thank you very much! Holy Spirit, thank you very much! Ah~ what a feeling of ecstasy! I feel great!” As I go spiritually deeper, many unexpected events are happening and they are all beyond our imagination. Usually, whenever I battle daily with evil forces, I become painfully weary and distressed. But

whenever the Lord accompanies and protects me, I am always happy. As I pray daily to keep my gifts, I sometimes find it difficult to keep up. But as I think about the ability and privilege to converse with Jesus, I am very grateful to the Lord for the great grace. I become deeply emotional everyday.

“Ye also helping together by prayer for us, that for the gift bestowed upon us by the means of many persons thanks may be given by many on our behalf.”
(2 Corinthians 1:11)

“Thanks be unto God for his unspeakable gift.” (2 Corinthians 9:15)

Page 134

The Lord commanded us to document the events that occurred at the Home plus and walmart. He said to write it completely how it went about.

Pastor Kim - Going to the Home plus was very refreshing. It reduced a lot of stress that my wife, Joo Eun, Joseph, and I were experiencing. A lot of stressed has been reduced. We had a very special experience today, the Lord and the Holy Spirit had personally accompanied us on our day out. With my children watching, I continued to thank the Lord. “Lord! Thank you very much!” I gave all the glory to the Lord. The Lord said, “That was nothing. Just wait to what I am about to show you tonight. You will experience something more special than what you have experienced before.” I was eagerly anticipating for the upcoming experience.

*** Heaven’s skating rink and how the Lord made the church into a skating rink**

The Lord’s Church is located below street surface and is about 158 square yards. Before we had moved in, the previous pastor had spent \$32,025 to renovate the interior. Generally with rooms below street level or underground means humidity in the summer. But the previous pastor spent an additional \$6,405 to make it humid resistance. Now, the church is able to maintain the amenities and have a clean area. Due to the previous pastor’s circumstances, he could not continue his ministry here and had to move to another city. As a result, our church took over the location free of charge.

Page 135

In tonight’s service, an incident occurred in which we had never experienced and will never experience again in the future. During worship and praise, the Lord told all the church members to come up to the front and dance. As we danced, He told us that we would all visit heaven. “Today, I will take all of you to the skating rink in heaven. Be prepared! There will also be water gradually rising from the floor of the Lord’s Church. Do not think strange of it or panic.” After a few moments, the members with opened spiritual eyes lined up behind Jesus and followed. The members with unopened spiritual eyes followed those with opened spiritual eyes.

After a long while, we all arrived in heaven. We greeted and bowed down to Father God and then arrived in the skating rink. We played games in the skating rink. On earth in the church, we were having service.

The floor of the Lord's Church was tiled with white tiles. Suddenly, water began to rise. The water gradually rose and it rose to the top line of our heels. It was truly amazing and surprising. This event was impossible to comprehend. The members of the church and myself had personally witnessed and confirmed this event with our own eyes and we were wondering how this was happening. The Lord asked us, "My beloved flock! Is there anything that I cannot do? I love you all! Do not doubt but you must believe Me."

Jesus divided us into two teams. One team was team Holy Spirit and the other team was team Jesus. Both teams played a game of relay. Jesus and the Holy Spirit were at the front before the race. When the signal was given to start, Jesus and the Holy Spirit raced around the church one time and it did not even take a second. As we raced, Jesus and the Holy Spirit started and finished always at the same time. They were always tied. I come to realize that this was the case because they are the same one God.

Page 136

The Lord said that this event is the mother of all events. This incident or event cannot be found in all the churches throughout the world. The church members participated in the relay game and enjoyed it much. It was festive. The event was happening in concert, our souls were in the skating rink in heaven and our physical bodies were here in church on earth. There was another shocking exceptional event in which we are not allowed to discuss to the open public. The events that have taken place are beyond imagination. It would be difficult to convince other traditional churches. All of this can only be discerned through faith and with spiritual eyes. When we perceived with doubt, the Lord always showed or strongly convinced us to perceive and hear.

"Now faith is the substance of things hoped for, the evidence of things not seen."
(Hebrews 11:1)

kinds of precious stones such as emeralds and diamonds. They were different in all colors. The bright lights reflected from one another and I was very impressed at the sight. Whoever enters this room will give glory Father God by praising and dancing.

"Praise ye the LORD. Sing unto the LORD a new song, and his praise in the congregation of saints. Let Israel rejoice in him that made him: let the children of Zion be joyful in their King. Let them praise his name in the dance: let them sing praises unto him with the timbrel and harp. For the LORD taketh pleasure in his people: he will beautify the meek with salvation. Let the saints be joyful in glory: let them sing aloud upon their beds."

(Psalm 149:1-5)

June 10, 2005 Friday

“For I would not, brethren, that ye should be ignorant of this mystery, lest ye should be wise in your own conceits; that blindness in part is happened to Israel, until the fulness of the Gentiles be come in.” (Roman 11:25)

***Secret room**

“Wherein he hath abounded toward us in all wisdom and prudence; Having made known unto us the mystery of his will, according to his good pleasure which he hath purposed in himself: That in the dispensation of the fullness of times he might gather together in one all things in Christ, both which are in heaven, and which are on earth; even in him:” (Ephesians 1:8-10)

Pastor Kim - There are countless number of secret rooms in heaven. Some secret rooms are available for me to publicize and some are not. The secret rooms are not stated in the bible so I must be very careful. However, I will publicize according to the Lord's special will. Some will have various opinions and views but I hope they will spiritually agree to the fact that heavenly secret rooms to exist. My heart earnestly desires that the people who are longing and hoping for heaven join me with the same heart. Joseph and I have visited the secret rooms but Joesph has visited more different rooms than I have. Even though we are only able to visit some of the rooms, our church members are also experiencing what we are experiencing.

Joseph - As I prayed and concentrated praying in tongues, Jesus said, “Joseph! Today, I will show you a very special place. You must pay close attention and explain it to the pastor so that he can document it.” I obeyed and said, “Amen!” When I obeyed, my soul instantly flew through space and I arrived at the throne of Father God in heaven. I bowed down before God.

Father God said the same as Jesus did. “I will show you secret rooms that are special. Do not forget what you will witness. Observe very carefully!” I was reminded again not to forget. I thought to myself, ‘I wonder what kind of place this would be since God is reminding me in such an urgent manner.’ From the bottom of my heart, I eagerly awaited. I felt my heart rapidly racing.

*** The room with the tree that represents life**

“Continue in prayer, and watch in the same with thanksgiving; Withal praying also for us, that God would open unto us a door of utterance, to speak the mystery of Christ, for which I am also in bonds:” (Colossians 4:2-3)

Jesus personally led me to the enormous room. At the entrance stood two angels who had swords on their sides. When the Lord and I approached, the angels respectfully bowed with their heads. The Lord entered the room and I followed behind Him. An enormous tall tree stood in the room. It was beyond my imagination. The tree was shining brightly with a golden light. The light poured down. There were countless branches attached to the tree. The tree was full of leaves shining with a green light. Jesus and I watched the tree as we approached it. When we first saw the tree, several tens of leaves fell from the tree. But as we gradually approached the tree, many more leaves began to shower down. It looked like a shower of snow flakes descending down.

As the leaves fell to the ground, it either lived or died. The majority of leaves dried up and became rotten. The extremely small amount that lived moved and wriggled around. The live ones then moved back up. In that moment, several angels appeared and very carefully placed the live leaves into a container and stored it in the storehouse. However, the dried ones were so numerous that they began to pile up. At the end, the dead leaves incrementally disappeared.

With a very sorrowful expression, Jesus made a heartbroken request. “Joseph! Please listen very carefully. A leaf represents the soul of a person. When one soul goes to heaven, the other thousand souls go to hell. I want you to know this. There are so many souls that go to hell than there are that goes to heaven. My heart is very sad. You will become the last day servant of the Lord. Receive all the power that I grant you and save many souls for Me as possible.

*** The room with seven bowls**

Jesus grabbed my hand and led me. He said, “Joseph! Let us go to another place.” He led me to the secret room where the seven bowls were located. It is also described in Revelation Chapter 15. The Lord said, “This place has the seven bowls in which I will command the angels to pour out during the tribulation. Look carefully!” So I looked very carefully.

“and white linen, and having their breasts girded with golden girdles. And one of the four beasts gave unto the seven angels seven golden vials full of the wrath of God, who liveth for ever and ever.” (Revelation 15:6-7)

“And I heard a great voice out of the temple saying to the seven angels, Go your ways, and pour out the vials of the wrath of God upon the earth.” (Revelation 16:1)

And as usual, two angels stood guard before the room. I had an impression that this room was not very large. With the Lord’s approval, I had the special privilege of looking inside

a bowl very closely. My mind was filled with curiosity and expectation. I looked inside. There were a variety of blended liquids mixed together and they were of different colors. As they mixed together, they shined. I was not allowed to touch anything, just only to observe. Jesus then said that we should leave. As He held my hand, we departed and moved forward to the throne of God.

As I bowed my head, I asked Father God. "Father God, please show me some other secret rooms." Father God called and commanded one of the angels. I followed the angel and we walked for some time. We arrived at an enormously large building. Two angels firmly stood guarding the front entrance.

Page 141

*** The secret room with the sword of the Spirit**

The escorting angel and I reached the entrance of the building and he and one of the angels guarding the room exchanged a few words. One angel guarding the entrance brought out a large key and opened the door. Shortly, the door opened and a dignified light rushed out. I could not open my eyes due to the bright light. My eyes were hurting as I tried to open them. The room was amazingly large, it was beyond my imagination. I would think it was more an open field than a room.

"Wow! Angel! It is impressive! Wow! What are all those? Indeed, it is very impressive and ecstatic!" I continuously shouted in amazement. The angel stood next to me as he looked at me with joy. The interior of the room had many floors and other smaller rooms. A display box which looked as though it was made out of glass came within my sight. The box reminded me of a display box that would be in a famous museum. The display box contained large and small golden colored swords of the Spirit. They were well arranged. An enormous bright light shined from the box. The number of swords was so great that I was not able to count them. I had an impression that this place was an exhibition place for the swords.

Page 142

I ran around the room screaming in joy and marveling at the sight. The angel then ran after me and said, "Saint Joseph, this room is a place where the swords of the Holy Spirit are displayed." I marveled, "Wow! Impressive! Extraordinary!" All the large and small swords of the Spirit were of different kinds and shapes. The swords were displayed in layers. Previously, when I was in church during service, I remember many swords of the Spirit had come down to me. I think those swords of the Spirit had come from this room.

Jesus suddenly appeared and said, "Joseph, are you enjoying the tour?" I thanked the Lord and bowed down. "Yes Lord! I thank you very much!" I asked the Lord, "Jesus, the sword of the Spirit that I had received is from here?" The Lord answered, "That is right." I then asked, "Lord, why have you given me many swords of the Spirit?" The Lord replied, "You will not understand it right now. But in a little while, Pastor Kim, the

church members and yourself will be visiting hell. All of you will be engaging frequently in fire warfare with the evil forces. You and your church members will be greatly used in the end times. Therefore, I am granting you the swords of the Spirit.” Within a short time, the Lord left to another place. The escorting angel guided me to another room. The new room I was taken was very similar to the previous one.

Page 143

*** The room with the shield of faith**

As usual, the front entrance was opened by a guarding angel with a large key. The exterior of room appeared larger and wider than the tallest building in Korea. The room poured out a brilliant light. The interior of the room was decorated gorgeously and beautifully. There were large and small shields. The shields were well arranged and numerous to fill a mountain. “This is the place of shields. Observe as much as you would like! God has only permitted you to observe, Saint Joseph!” I loved this room, the room with the shields of faith. I don’t remember how much I had run around looking. This room was so resplendent that I felt as though I would lose myself in it. It was so immaculate that I was taken away. The angel said, “The Lord has granted you many shields. They will go into your body.” I saw many shields that were the same as the ones I had already been granted. I then went into another secret room. This new room shined with a rainbow. The room was similar and comprised as the previous room. The rainbow shined down with its various full colors. Due to the brightness, I was not able to properly open my eyes and observe. It was very difficult for me to open my eyes. I stayed for a short time and had to leave.

I asked the angel to take me to my future heavenly home. From the outside, my house was enormously large. The size was beyond my imagination. It was grand. My home is much bigger than the last time I had viewed it. I think it is bigger because I had evangelized to my school friends Yong Sup and Seung Young about the Lord. There were two angels standing guard in front of my home as well. They delightfully welcomed me, “Welcome, Saint Joseph!” The interior of my home was also beyond imagination. A magnificent garden was nicely established on the first floor. And from the second floor to the tenth floor were filed with mountains of fruits and food. I saw a theatrical hall within those floors as well. My home was so large; an amusement park was built inside it. When I reached my bedroom, I laid down on the large bed. The bed was so large, another reward beyond my imagination. I loved it so much that I became comfortable and fell asleep.

Page 144

*** The place in hell where the pastors and their wives are tormented**

Lee, Haak Sung - As soon as Jesus appeared, He took me to hell. When Jesus and I arrived, we were in a place where Pastor Kim was being prepared to be pierced on a cross. Several evil spirits had seized the pastor and tied him to the cross which was

hanging in the air. Both his hands and feet were about to be pierced by nails. As he was tied to the cross, he prayed in tongues. The devils ran toward the pastor and pierced the nails into his hands and feet. The pastor painfully screamed out loud. "Ugh! Lord! Save me!" The devils mocked the pastor as they beat him with clubs that were covered with sharp objects. They were also jabbing him with a long spear. The pastor's body was all torn up. "You @#\$%@#! Have you any idea of how much damage you have done to us? We have been attacked! You must die @\$#! They cursed and spoke foul language at the pastor and continued to torment him.

In an instance, I was able to see the pastor's physical body on the platform of the altar. As he prayed, he was screaming out loud as he fell to his side. He then tumbled and rolled around in pain. I was then taken back to view the numerous pastors that were hanging on crosses from the sky of hell. The Lord said that they had ended up in hell after their death.

I became frightened as the scene became too cruel to watch. Jesus led me and said, "Haak Sung! Saint Kang Hyun Ja is also in torment now. Let us go to her!" The pastor's wife was trapped in a large room where piles of snakes were gathered. They were so numerous that they looked like a mountain. I saw a snake coiled around the top of her head. The snake saw me and hissed at me. There were large and small snakes coiled tightly around her hands, feet, and body. The snakes frequently bit off her flesh as she groaned in pain. She shouted hopelessly, "Ugh! Snakes go away! Revolting creatures!"

* **The joy of evangelizing**

Kim, Yong Sup - As I walked my Christian life in faith with Joseph and Seung Young, my eyes were being opened to the spiritual realm. When I usually pray at the Lord's Church, the Holy fire and electricity enters my body and my body shakes as the fire and electricity are swept in. A tingling sensation covers my whole body.

Joseph, Seung Young, Brother Haak Sung, and I evangelize everyday. Within 3-4 days, a total of 4500 evangelizing tracks were completely passed out. Some people had accepted Jesus as Lord and Savior. We had learned how to evangelize from the pastor. The tracks were not enough; we had to evangelize on a one to one basis in wisdom. This was very effective. When I prayed during the night, the Lord showed me many pitiable and cruel places in hell. I had witnessed these scenes many times with Seung Young. Today, I witnessed the coffins that were being thrown into the fire pit. The top of the coffin was covered with a mantle. A swastika was marked on the mantle. The numbers of coffins entering the fire pit were endless. The coffins became instant dust as they were thrown into the fire pit. With the coffins burnt to dust, the people from inside the coffins jumped out and into the fire. Jumping into the fire, they bawled and squalled in torment.

Page 146

Mrs. Kang, Hyun Ja - Now whenever I usually pray, the Lord leads me to hell. Even though I am not able to see, I can physically vividly feel my flesh being jabbed at. The

other church members who were praying next to me watched intently as I was tormented. The pastor and I are tormented in hell almost everyday now. All of our bodies ache and we are tormented with throbbing pain. Every joint of my bones are in immense pain.

The intensity of the pastor's pain was much stronger and real. He even had actual scars marked on his body. The level of pain was so extreme that he would not be able to walk after church service. In fact, he would not be able to move around during the day. The pastor and I would mostly lie down all day and moan in pain. As I watched the pastor writes in excruciating pain, my heart cried out to him in sympathy.

Through Joo Eun, I asked the Lord, "Why do we have to be in such torment as this? How come we have to be crucified on the cross on a daily basis?" The Lord replied, "In the near future, you and Pastor Kim will perform a special work and ministry. Therefore, you are personally experiencing the actual torments of hell. Under these conditions, your faith will become stronger." I cried out, "Lord! It is so difficult! Praying all night long is beyond our capacity but we have to torment by evil spirits as well. I think the evil spirits are having a good time and happy. Right?" The Lord answered, "No, the evil spirits are not content all the time! Even though they may torment you, they are working in impulsive fear. There is tension from all within their ranks, especially from the top. They are tormenting you as they themselves are in tension and trepidation.

Page 147

I replied and asked the Lord, "What? But Lord, are they not happy tormenting me? Why would they be in any kind of tension?" The Lord answered, "In a short time, your spiritual eyes will open. When this happens, you and Pastor Kim will be going to visit hell with all of the members from the Lord's Church. With all of you, hell will be turned upside down and razed. All of you will enormously afflict the evil spirits. The evil spirits are in fear of what is coming. In a short time, once Pastor Kim and your wife's spiritual eyes are opened, you and Pastor Kim will possess all the power in which I will grant you. Pastor Kim and you will fight against Satan and his underlings! If you and the pastor cannot bear the pain anymore, I will help you by numbing the pain. But if I do that, the power I grant to both of you will not manifest in its fullness. The processes you are experiencing are the steps in obtaining a deeper spiritual realm and to have your eyes spiritually opened. I desire you to endure to the end. You and Pastor Kim are going through many spiritual steps as you go deeper. Therefore, I want you to choose wisely!"

Pastor and I shouted with one voice. "No, no! Lord! Please continue to bring us to hell. We will continue to bear the crucifixion on the cross. We will diligently be tormented in hell. We will go through and pass the task!" The Lord loudly laughed and kindly comforted us. "Hahahaha, Pastor Kim, Saint Hyun Ja, carefully listen to Me. I already know what a difficult situation you are in. For a short time, your souls are crucified on a cross in hell. Even though you complain of the pain, remember, I came down to earth and became flesh. I was brutally pierced by the nails and I poured out my blood on Golgotha. For you, I had personally gone through the torment, therefore, be patient and endure. Think of Me!"

Page 148

“Looking unto Jesus the author and finisher of our faith; who for the joy that was set before him endured the cross, despising the shame, and is set down at the right hand of the throne of God.”

(Hebrews 12:2)

“Forasmuch then as Christ hath suffered for us in the flesh, arm yourselves likewise with the same mind: for he that hath suffered in the flesh hath ceased from sin;”

(1 Peter 4:1)

The Lord continued, “All the evil spirits including Satan are on full alert. They are well aware of you and the pastor. They know that your spiritual eyes will be opened soon. They are firmly preparing themselves for this offense. In a short time, an enormous battle will take place. All the members of the Lord’s Church will invade their stronghold in hell. The evil forces are all aware of this fact. The traditional and conventional churches are not aware and cannot imagine what your church is doing. You are currently able to battle them since I am continuously granting you all the powers for the fight against the evil force. You and your church have followed my words and have continued to obey. Some believers had their eyes spiritually opened only to a level of confronting evil spirits. But you and your church members are at a higher level of offense. It is a rare thing for anyone to enter and exit hell on a daily basis and personally fight against the evil spirits. Therefore, persevere and endure until the end!”

“Cast not away therefore your confidence, which hath great recompence of reward. For ye have need of patience, that, after ye have done the will of God, ye might receive the promise.” (Hebrews 10:35-36)

Page 149

In the last several days the pastor and I had laid at home during all of the afternoons. Even if I wanted to get up and prepare lunch, it was difficult to move since my whole body ached. I was crawling in my house most of the time.

Page 150

June 19th 2005, Sunday

“Beloved, follow not that which is evil, but that which is good. He that doeth good is of God: but he that doeth evil hath not seen God.” (3 John 1:11)

*** The Lord places Holy Fire and Electricity in my forehead and mouth**

Pastor Kim - Jesus and the Holy Spirit placed Holy fire in my body through a unique way. It didn’t matter where I was or what I was doing, the Lord was granting me fire even at times when I was not praying or prepared. I was at many times startled and

embarrassed. The Lord had personally touched both of my eye brows and the area between my eye brows with his hand. My forehead was in a light tremor. The church members who were with me vividly witnessed the tremors of my forehead. The tremors would occur frequently.

Page 151

The power of the fire first started from the tip of the Lord's finger. The fire then gradually spread throughout my body. When I pray alone at church, the fire would be so strong that I would fall on the floor as I receive fire. However, whenever I was with church members, the Lord would grant fire where it would be bearable. Generally, it was Jesus who would most frequently supply me with the fire. With Jesus supplying me with the fire, the Holy Spirit would grant me electricity. But in most cases, it was Jesus and the Holy Spirit that would pour the fire and electricity in concert.

"I am come to send fire on the earth; and what will I, if it be already kindled?"
(Luke 12:49)

The Holy Spirit had commanded me to preach powerfully. With His command, He granted me electricity. The electricity streamed into my hands and around my mouth. When I kneel down at the altar before service, both my hands would freely move on their own. The Holy Spirit commanded me to open my mouth. When I complied, the Holy Spirit poured the fire and electricity continuously into my mouth as the power overflowed around my mouth as well. I was curious and asked the Lord. "Lord! Holy Spirit! What is it that you are doing?" The Lord replied, "I am granting you Holy fire and electricity. Do not doubt but receive it all freely and desire it earnestly. This is only the beginning. You are gradually experiencing the stages to receive power."

Sometimes on Sunday afternoons after church service, I would lay on the long bench to rest. The Holy Spirit would then shock my body with powerful fire and electricity. The church members would take advantage of this situation. They would approach me and touch my body. The fire and electricity would then impart to them.

Page 152

"Pastor, Pastor! The fire has entered my body just by touching you. In fact, I can just stand close to you." The church members would gather around me. As I waved my hand, I would warn them not to exaggerate. The Holy Spirit grants to those who desire and longs for the gift. The Holy Spirit granted us fire and electricity for several months on a daily basis. We were endlessly experiencing various supernatural phenomenal.

*** Saint Shin, Sung Soon spiritual eyes are opened**

Sister Shin, Sung Soon - My life was fairly decent and my family life was good until my husband had an affair. My husband was able to get the in laws and my children to blame me and take his side for the affair. My husband then kicked me out. He threw me out as I

was some old pair of worn out shoes. I had numerous thoughts of suicide. I thought of taking my life with liquid poison. I helplessly wandered around assuming that no one could understand my situation. During that time of misery, my big sister, Deaconess Shin, Sung Kyung contacted me. Before, I claimed to be a Christian and went through the motions for three years. However, my walk and faith was so shallow, I knew that my salvation was not assured. My Christian walk had a total lack of experience and commitment.

Now, I am once again beginning a new walk in faith at the Lord's Church. I have experienced that God is real and alive. Trinity God is working at the Lord's Church in a very special way. The church members there pray until 5 AM on a daily basis. They would not even get tired. I have no idea how they can do that. The pastor was rising up soldiers. The Christians underneath his authority were becoming soldiers of the cross. As I attended their services and prayer meetings, I was able to powerfully pray even though I was a new believer.

Page 153

The pastor said that since we theoretically know enough of the Word, it was time now to experience the power of God. In other words, we would say that we believe and it would be backed it up with words and scripture. But now, we needed to believe with the power of God. With the power of the Holy Spirit, it was time to personally witness, feel, and experience God. This was the way we were assured of God's power and words. However, I would have never thought that I would experience the Holy Spirit this quickly. I was granted gifts almost immediately. My husband and the in laws had rejected me and without mercy thrown I into the streets empty handed. After I was thrown out, I was living in torment but the Lord found me. The Lord loved me so much that He sent me to the Lord's church and molded me as His child.

"Beloved, let us love one another: for love is of God; and every one that loveth is born of God, and knoweth God. He that loveth not knoweth not God; for God is love."

(1 John 4:7-8)

I receive the gift of tongue on the very first day. As I focused on prayer, I experienced the baptism of the blazing fire through the pastor's daily prayer. I have also received the Holy dance. I know the pastor's wife and my elder sister possess this ability. My hand motion, foot steps, and etc are not of my will but of the Holy Spirit. The Holy Spirit would freely lead my body as I danced. My body would then become a fireball. The Lord and the Holy Spirit had comforted my wounded soul. God had not abandoned me to my sorrow and bafflement. He had granted me special grace. My sister has only one gift, the Holy dance. With God's compassion, He had granted me many different gifts. I have received tongues, the interpretation of tongues, prophecy, seeing through, Holy dance, and etc. He had granted them to me one by one.

Page 154

As the pastor warned me, I was tested enormously in various ways as my spiritual eyes opened and as I received gifts. The evil spirits entered into my body and tormented me. Since my faith was weak, I easily collapsed and I had become frequently sulky. I was giving the pastor, his wife, and other church members a hard time. I had an ungrateful attitude toward all of them. I had always desired to be loved by the Lord but I had not really done anything for Him. As a result, I had become irritated and jealous. However, my actions had opened passageways for the evil spirits to attack. I was often breaking the flow of service. I know I have to be more careful and humble as I receive additional gifts and as my spiritual eyes are opened up more. I have come to realize this face as it is deeply engraved in my heart.

The church members who did not have their spiritual eyes opened said in one voice, “Why are some people’s spiritual eyes opened right away as they first come to church while some are not so easily opened? We have prayed in length and nothing has happened. Why?” As the people complained and grumbled, I was humbled. I repented of all my thoughtless behaviors. I am now endeavoring.

“Fulfil ye my joy, that ye be likeminded, having the same love, being of one accord, of one mind. Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem other better than themselves. Look not every man on his own things, but every man also on the things of others”. (Philippians 2:2-4)

Page 155

*** The evil spirits stood in front of the entrance**

Oh, Seung Young - I love to pray at church more than going to school or staying at home. There are no other places including my home town that has a church like the Lord’s Church in which there is daily service. Moreover, the overnight prayers of crying out free me from the stresses that are caused at home or school.

After an all night prayer meeting, it was dawn by the time I got home. On this day, there would be a unique event waiting for me at home. I am usually afraid of watching horror movies, especially with ghosts in the movie. Among all the ghosts, I am most afraid of the young girl. This young girl is a famous and well known Korean folk tale ghost in many horror films. As I arrived home, I was walking upstairs. The entrance of my home had stairs I had to walk up before I got to my door. I almost fainted when I saw an evil spirit standing in front of my door. A few days ago, I heard the suicide of a famous movie star. The evil spirit looked exactly like the movie star that had committed suicide. The ghost wore a white dress and had long straight hair as it was blowing in the wind. With a frighten menacing look, she said, “Seung Young! Let us go to hell! I will be sending you to hell!” I was so startled and scared that I froze on the spot. Within that moment, the evil spirit disguised as a young girl raised both her hands high in the air and fiercely flew toward me. She flew at me with the speed of thunder. She had sharp teeth and sharp

fingernails. When she made grotesque noises, I shouted, "Holy fire! Depart! In the name of Jesus!" As I shouted directly at it, it did not easily depart but attacked me instead.

The evil spirit had eyes that were very slanted to the side of her face and with teeth resembling that of a shark. There was blood all around the eyes and mouth. She looked much scarier than the one I had saw on TV. Other evil spirits came to assist the young girl. One spirit looked like a Buddhist made out of stone and the other 5 looked like the grim reaper. The Buddhist made out of stone had very long hair. Each hair strand moved and wriggled like snakes. Even though I was frightened and afraid, I continued to watch them. The Buddhist's head reminded me of Medusa's head (Greek Myth) as each hair continued to wriggle as small snakes. It looked very creepy.

Page 156

As I attacked the evil spirit of the young girl with Holy fire, the evil spirit was able to avoid my offense as it fled in all directions. The stone Buddhist was also assisting the young girl. The stone Buddhist jumped in front of the young girl and attacked me. He attacked me by shooting two rays of light toward my eyes. He had shot me with rays of light from his eyes. The speed of his light rays was faster than laser beams. When I got hit by the rays of light from his eyes, I fell back and tumbled down the stairs.

When my mother heard the thumping sound of her son falling down the stairs, she ran to the entrance door. She was very surprised and shouted, "Oh, Seung Young! What has happened to you? Why are you lying down on the ground?" She then helped me inside the house. I explained to her that there were two evil spirits standing in front of the entrance door and how they attacked me causing me to fall down the stairs. My mother then scolded me thinking I was talking nonsense. "What! What are you talking about? You don't make any sense. Do not talk nonsense! Come to your senses!"

As I prepared to go to bed, I gathered my mind and body. However, the evil spirits attacked me once again. Suddenly, the books on the book shelf began to fall one by one. The book shelf shook as well and began to thump and bounce. I was very frightened and could not bear it. The scene I was experiencing was straight out of a horror movie. I did not want to lose the battle so I shot out Holy fire toward the evil spirits. They began to fall and was defeated. In that moment, my mother entered my room and scolded me. "What are you doing? You should be sleeping! Why are there so many books on the floor? Clean this mess up, now!" I once again explained how the evil spirits had attacked me but my mother responded, "What are you talking about? Clean up now and go to sleep!" As my mother rebuked me, the evil spirits ridiculed and giggled at me as they waited in the corner of the room. "See, who is going to believe such a story?"

Page 157

Since my spiritual eyes had been opened during prayer, I am experiencing unique encounters and phenomenal all the time. Brother Yong Sup and Joseph are experiencing like wise. Brother Joseph has experienced a lot more than I have and he is instructing and

teaching me on how to confront evil spirits. Whenever Joseph walks me home after prayer meetings, I always feel safe. It is a bit strange to notice that the evil spirits are afraid of Joseph. Whenever Joseph appears, the evil spirits avoid him by fleeing.

Even after the incident, there are still different kinds of evil spirits that appear in front of my home. I would shout Holy fire during our battles. The Holy fire would burn on the evil spirits bodies but they did not so easily withdraw. But they did scream in much pain. The grim reaper also appeared and threatened me. He said, "I will drag you to hell!" Moreover, the evil spirits would call for back up and additional evil spirits would join in on the attack against me. They especially did this when they appeared to be losing.

Initially, I was very frightened and I shook to the point of almost wetting my pants. Now that I battle with evil spirits on a daily basis, I have become immune to fear and have become stronger. I have no fear of them anymore. I have come to realize a very important point, the Lord protects me regardless whether I can see Him in person or not. However, whenever I am in difficult situations, the Lord had always comforted me. I am always grateful for his solace. I have also come to realize that as I go deeper into the spiritual realm, I encounter many various trials in which others can not physically understand. It was very difficult to bear, almost beyond my capacity. But I was not alone during these trials; the pastor and Joseph were there to assist me.

"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." (Ephesians 6:12)

Page 158

Joo Eun - The Lord is always there as He accompanies me. Whether I am in school or at home, I can clearly see the Lord or hear His voice whenever I call upon Him. However, the devils can also appear in the form of the Lord and the pastor has taught me to always test the spirit with the Word of God. Sometimes it is a bit irritating and encumbering as we have to test every time Jesus appears. The problem is the same for all the church members who have their spiritual eyes opened. They must test all spirits. But as we persistently test the spirits, the evil spirits eventually flee. However, they will fight to the bitter end and continue to deceive by keeping the appearance of Jesus.

Some brothers and I are obedient to the pastor and we discern the spirit. But there are some adults with spiritual opened eyes who have become weary of testing the spirit. They are now disobeying the pastor's warning to test all spirits. Those who did not test the spirits eventually became deceived and insisted that they had received word from the Lord. When the Lord's Church disagreed, they left the church. When I observed the adults who had left the church with my spiritual eyes, their bodies were full of evil spirits disguised with the appearance of Jesus. The Lord had showed me the forms and appearances in detail.

Today is Sunday. After the noon church service, we rented the movie, 'Passion of the

Christ' and watch it at our house with other church members.

Page 159

I always see the Lord stand or sit by my mother. As usual, He sat by my mother and watched the movie. Watching the reenactment scenes of pain and suffering, the Lord's facial expression became afflicted. I asked the Lord, "Lord, Lord! When did you watch this movie?" The Lord replied, "I watched the movie before it even came out into the big theaters." The expression of the Lord's face was filled with sorrow and trouble. Perhaps, it was from watching the scene of His suffering. I then lifted my head to see the throne of God. Even though I was not able to see the Father's face, I could sense the heaviness around His throne. As we continued to watch the movie, Jesus said and asked, "I suffered and shed so much blood for you. Make sure you always remember me and live a faithful Christian life!"

*** Mrs. Kang, Hyun Ja intense visit to hell**

Mrs. Kang, Hyun Ja - Until recently, Jesus took the pastor and I to hell for several months. Those visits to hell were intense. With daily visits, we had become frequent travelers. Although my eyes are not spiritually opened, I am still able to vividly feel the pain through my physical body. My senses were extremely sensitive. Initially, the Lord had us only feel the pain through our physical senses. The reason for this was because hell was overly frightening and gruesome.

As the day passed, experiencing hell had gradually become stronger and more vivid. When the insects, worms, and poisonous bugs climbed up my body, my body would itch and I could feel them wriggling. I could feel the pain of the insects' bites, some had sharp teeth. My body was also cut by a giant chopper. I was able to feel the severe pain as my whole body ached. The excruciating pain permeated to every joint in my body.

Page 160

With the pastor, he was experiencing even more excruciating pain. He rolled and tumbled from the platform screaming in pain. He was having difficult time breathing, it seemed as though his lungs were full of phlegm. When we stopped praying, we laid flat and were out of hell. But as soon as we began to pray again, we were right back in hell. The pastor would generally scream on the platform as I would groan in pain. I shouted out loud, "Lord, Lord! Why are you so severely tormenting us in hell? We have been tormented for several months now! We would like to visit heaven from now on. Please!" The Lord replied, "You still have much distance to go. As you continue to experience hell many more times, you will become bolder and your faith will grow stronger. Once I open your spiritual eyes, you will be able to bear the pain much easier and endure any amount of pain. Going through this process will provide the ability for the pastor and yourself to witness many astonishing things as your spiritual eyes are opened. As you become more sensitive to pain and the pain gradually increases and becomes excruciating, it will mean that your spiritual eyes are opening."

The torment began to deform my prayer position. I did not have the strength to raise my hands during prayer. All the strength within my body had gone. I eventually fell to the floor. At times, large and small snakes would coil around my body and tear into my skin. At other times, the different kinds of insects and poisonous bugs would sting me. We would also be crucified on the cross during our visits in hell. We moaned in pain and wondered how much more we would have to endure and experience this pain. The thoughts of hell are horrible; it is a place of eternal torment with no limits.

Page 161

The Lord comforted me stating, “Saint Hyun Ja! I know it is tough.” He then touched my body. Whenever He lays His hands on me, my body would shake as though I got shocked by electricity. The Lord reenergized me with robust strength.

“Then there came again and touched me one like the appearance of a man, and he strengthened me, And said, O man greatly beloved, fear not: peace be unto thee, be strong, yea, be strong. And when he had spoken unto me, I was strengthened, and said, Let my lord speak; for thou hast strengthened me.” (Daniel 10:18-19)

*** Spiritual Realm, beyond fantasy, Sci Fi movies, and martial arts adventures.**

Pastor Kim - Once we had entered the spiritual realm, astonishing and extraordinary events took place. It is beyond our imagination. Generally, people would dream and imagine. They would then create and reenact it with movies. Their imaginations would become reality. They would create scripts to make ridiculous movies. What I was witnessing in front of my eyes was just like the movies, pure fiction.

Sometimes I am confused. Sometimes I think I am in the movie itself. The things I am witnessing are the things I have seen many times on fantasy, Sci-Fi, or martial art adventures. However, what I clearly experience is reality as we pray everyday. And on a daily basis, we desperately struggle with evil spirits. There will definitely be a winner and loser. The spiritual battle with evil spirits is not only a clear spiritual reality; it is very practical and closely engaged to the physical life. The little children and adults who have their spiritual eyes opened sanctify themselves from worldly things. But as a pastor, I still especially care for them by keeping a close eye on them. As I witness youngsters and adults who have their spiritual eyes opened battling evil spirits everyday, I say, “At this rate, perhaps, I may cast out evil spirits all my life and at the end of my life, I will still be casting out evil spirits.” I have occasionally felt a sense of shame. But whenever I was feeling ashamed, the Lord gave me strength. He had greatly comforted me and told me to carry out and accomplish the commands that He has given me.

Page 162

*** Evil spirits in the form of a rat**

The church members and my wife were having a conversation. I joined in during the middle of their conversation. The lights in the church were so bright that it made it appear as daytime during the night. The lights were so bright; I thought I might see the tiny ants on the floor. Suddenly, I saw two black rats. I didn't blink as I fiercely glared at the rats. I was startled and loudly shouted. "What! Oh! What is that? Indeed?" The church and my wife asked, "What's wrong pastor? What is it?" I shouted, "There are two rats that have come out from the right side of the piano. They are moving along the bottom to the left side. Look! One rat is biting the tail of one in the front as they move forward." Everyone replied in one voice. "What! What are you looking at? We do not see anything? Wow! Pastor! Finally, you are beginning to see evil spirits." The church and my wife were very excited. I saw two rats slowly moving as they crawled across. I thought to myself, "Ah, maybe my spiritual eyes are beginning to open."

Page 163

*** Baptize by blazing fire in the tunnel of fire located in heaven**

"I indeed baptize you with water unto repentance. but he that cometh after me is mightier than I, whose shoes I am not worthy to bear: he shall baptize you with the Holy Ghost, and with fire:" (Matthew 3:11)

Joseph - While I prayed out loud, Jesus appeared to me. The Lord said, "Tonight, I will take Pastor Kim to the tunnel filled with the Holy blazing fire." The Lord grabbed my father and my hand and we left for heaven. I was praying on the platform next to my father as I meticulously explained what was going on to my father. The Lord had commanded me to explain it to my father.

When we arrived in heaven, the Lord, my father, and I walked in front of God's throne and bowed down. We then walked toward the tunnel that was filled with the blazing fire for baptism. Jesus led and we followed behind. The Lord was in the center as my father and I each held the Lord's hand as we walked behind. Jesus said to my father, "Pastor Kim, be firm and prepare your faith!" The tunnel was very large, quite enormous. I could not see the end. The heat that erupted from the tunnel was very strong. My soul felt it directly. I could not move, the heat was so intense.

Jesus said, "Joseph, you will go through the tunnel next time. For now, your father and I will enter it today. Joseph, you wait outside. I will show you the outer structure of the fire tunnel. Observe carefully. You will have to explain it to Pastor Kim so that he may write about it. Pastor Kim's body will only feel warmth and his soul will be hardly walking forward due to the burning heat."

Page 164

*** The outer structure of the fire tunnel**

The outside shape of the fire tunnel was shaped like a rectangle. The size was enormous,

it was beyond imagination. It appeared as though it did not have an end. Two enormous angels stood guard at the front of the entrance of the fire tunnel. The angels looked like higher ranked angels. These angels were unique, in fact, they did not look like other angels but had fire wrapped around their bodies. They appear to be the guardian of the fire. Another unique feature was as they held their swords, it was blazing with fire. In my opinion, I think they might be the fire swords that were used in the Garden of Eden described in Genesis.

“So he drove out the man; and he placed at the east of the garden of Eden Cherubims, and a flaming sword which turned every way, to keep the way of the tree of life.”
(Genesis 3:24)

The fire angels had enormous wings. The wings appeared to be blazing with fire but they were not burning or singeing. The front door of the fire tunnel was shaped like a pearl gate. They were round. The door blazed in fire as well. The door was rolled to the side as a ball to open and close the door. When the door was opened, the force of the fire vividly fell upon me. The angels were holding the key to the door. The key was cross shaped and on fire. When the angel placed the key into the slot and turned, the door opened smoothly. As the door opened, I stepped back and said, “Oh! So hot! HUU ~.” The Lord held my father’s hand and they went into the tunnel of fire. Once my father’s soul entered into the fire tunnel, the heat was so intense he jumped up and down and shook violently.

Page 165

The Lord adjusted the heat since my father’s soul could not endure the heat. Back in church, my father was physically on the church platform praying. He was moaning and praying in tongues. “Ahhh, hu ~hot. Ohhh ~ my heart is going to blow up! Joseph! Ugh ~ Ah! It is difficult to bear! Ahh!” I said to my father, “Father! Jesus and your soul are entering the tunnel now. Once you enter the tunnel, you can never turn back. You can only walk forward! Keep moving forward. Cheers to the end!” The Lord said, “Good Joseph, you are speaking well. Pastor Kim look only forward and move ahead.”

*** The inner structure of the fire tunnel**

From the outside, the tunnel was shaped as a rectangle. However, on the inside the fire was burning in the shape of a spiral and the burning spirals continued. Both the floor and ceiling were blazing with fire. The tunnel was literally a furnace. The path was surrounded with endless burning spirals. In my view, it appeared as though it would take countless days or even years to walk across to the end. As Jesus held the pastor’s hand, they walked together into the tunnel but after awhile, the Lord walked back out alone. The pastor’s soul continued to walk forward.

Page 166

I asked the Lord, “Jesus! May I enter into the tunnel?” The Lord replied, “You will enter soon enough, but not yet. My servant Pastor Kim must be the first to enter and then it will

be Saint Kang, Hyun Ja. After her, it will be you!” My father continued to walk forward by himself. As my father walked deep into the tunnel, I was no longer able to see him. I then asked the Lord, “My beloved Jesus! Since my father is no longer in view, please show me another secret room.” Jesus replied, “Very well, I will show you. I was about to show you whether you asked or not. Firmly prepare your faith. Understand?” I replied, “Amen.”

“Call unto me, and I will answer thee, and show thee great and mighty things, which thou knowest not.”

(Jeremiah 33:3)

Beside the room that I have seen, there are many more large and small fire tunnels and fire rooms. The small tunnels and rooms were square shaped; the large tunnels and rooms were shaped rectangular. Once the person completes the walk through the tunnel, he/she can possess enormous power of fire. We can use the power for the Lord.

Page 167

*** The Helmet of Salvation Room**

Jesus called one of the angels and introduced me. “Take Joseph to the secret room and show him the things in the room!” I followed the angel and he led. After some time, we arrived in a place where an enormous building stood, it stood like a mountain. As usual two angels stood guard at the entrance. The two angels and my escorting angel exchanged a few words and nodded to one another. The two angels brought out a key and opened the door.

“Here, Saint Joseph, this is the place you have been wondering so much about. The helmet of salvation room. Please look around as much as you desire.” The angel guided me around the room. The light in the room was so strong and bright that my eyes were hurt. I covered my eyes with both my hand. I worried that the light may make me blind. I cautiously peeked between my fingers. There was no place in heaven without bright shining light. I thought quite frequently that heaven was a exhibition center for light. This room was no exception.

The helmets of salvation were of different shapes and forms. But there were helmets that were similar to each other. Some were shaped like a general’s helmet and they were made of gold. Some helmets looked like an ordinary cap or hat and they were of different sizes and shapes. The helmets were displayed and arrayed in a spectacular order. I felt as though I was in an exhibition. The number of helmets was so great that I could not count them. “Angel! Who do you give these helmets too?” The angel replied, “These helmets of salvation are given to people who believe in Jesus with all their heart, mind, and soul. The people who spiritually battle are granted with bigger, stronger, and rarer helmets.”

I moved to another room, the room of the breast plate of righteousness. The outer structure looked similar to the previous room. The room was filled with a golden color.

The room was filled with breast plates of righteousness.

Page 168

*** The secret room with the gospel shoes**

The third room I entered was the room of the gospel shoes. The size of this building was about the same as the previous ones. The room was filled with numerous golden colored boots. The boots were displayed and lined up uniformly. As I observed the countless number of shoes, I noticed a unique style of boots. I asked the escorting angel, "Angel, what does this boot represent? Wow! The boots have wings on each side!" The angel explained as I look with curiosity and excitement. "Ah ~ ha~Saint Joseph, the wings stand for the person's evangelizing ability. Whoever zealously evangelizes and preaches the gospel well will be granted the gospel shoes with the wings attached." The boots with the wings have been separated from the average gospel shoes. The boots with wings were displayed on the other side of the room. These boots reflected so much light and they flashed. I said to myself that I must possess the boots with wings. I assured myself that I would have them. The sizes of the shoes were extreme. Some were extremely large and some were extremely small. The Lord grants according to the measure of their faith. If one prayed fervently and evangelized the gospel, he/she would be wearing one of these shoes.

I then entered the room of the belt of truth. The room was similar to the previous ones. The room was filled with the light of glory. It is impossible to approach the secret rooms without taking the necessary prerequisite steps. I felt the prerequisites were too complicated and difficult. I then visited the armor of faith room. The armor of faith is not in the bible. I looked around the room and the room was very similar to the previous ones.

Page 169

*** The room with crowns that martyrs wear**

The angel who escorted me said, "This time, I will take you to a room that is a little different than the previous ones. Follow me this way." Joyfully and with full of curiosity, I followed. I thought to myself, "What kind of place would I be visiting?" As I thought to myself, we arrived at our destination. The size of the building was greater than all the other buildings I had previously witnessed. The building stood tall full of splendor. The brightness was greater than the other buildings. I shouted in amazement. "Wow! What is this place? What is in this room?" The angel replied, "Go and check for yourself." We took the necessary steps or prerequisite procedures. The angels that stood guard were at extreme attention. As soon as I entered, I was amazed at the sight. The appearance of the room was dignified and very bright.

The escorting angel spoke with joy and excitement. I had never heard the sound of so much joy from an angel until now. "Alright, Saint Joseph! This room is a place of bright

shinning crowns. The crowns are for people who have been martyred for the Lord! The room is also housing the crowns for future martyrs.” I shouted a sigh of admiration. “Wow! It looks great, angel! Wow! Look at that one! That crown is especially bright! Wow~! I really want to possess one so that I could wear it on my head.” The crowns that are prepared for the martyred and those who will be martyred are all of different design and different shapes. None of them were the same. These crowns are so much more beautiful than the crowns the kings on earth wore. They looked so great and impressive. It is impossible for me to describe them with my words.

Page 170

*** The room of the Holy Spirit’s nine gifts**

There are so many rooms with thousands and ten thousands of gifts. I thought there were only nine gifts as stated in the book of 1 Corinthians Chapter 12. I was very surprised after witnessing the enormous amount of different rooms with gifts. Jesus and the Holy Spirit explained that the bible only documented the representative gifts and that was correct. We are granted gifts from Jesus and sometimes from the Holy Spirit. The reason for this is that they are the same God in one. Jesus said that He sometimes grant the gifts directly from the rooms. The Lord then showed me some of the rooms where the nine gifts of the Holy Spirit were located. But the Lord said that He will show them to me gradually one by one at a later time. I will document some of the nine gifts of the Holy Spirit. The rooms that I have been privileged to witness.

*** The room that heals the sick**

With the Lord’s command, an angel came to escort me. I followed the angel as he led. I didn’t know if there were many different rooms for healing the sick. Once I arrived in front of the room, I was shocked by the size and dimensions. I kept shouting in amazement about the enormity and dignified appearance. “Wow! It is amazing! Wow! Impressive!” As usual, two angels stood guard at the door. The angels were dressed in a unique manner. They were wearing God’s full armor. They wore the helmet of salvation. They were covered completely in armor; I could not see a gap or weakness. A red cross was vividly marked at the center of their helmet of salvation. The area where the cross was marked appeared to have fresh blood on it. The cross was marked on the breast plate as well.

Page 171

The mark on the breast plate was huge. The handle of the sword was also shaped as cross. There was blood on the handle as well. A bright yellow reddish flame blazed around the edge of the sword.

The angels and I nodded to greet one another. The very center of the entrance was marked with a red cross. The doors opened automatically to each side and an enormous brilliant light poured out. I tried not to lose consciousness. But as usual, I stood aghast at

the sight. My mind was running at the same time, I was worried that I would forget all that I had witnessed. All the spectacles in heaven are astonishing to view. As I would witness the many things of heaven, I sometimes would forget what I had witnessed. Fortunately, the Lord assisted me in remembering most of my time here.

*** The river of blood located in the room that heals the sick**

As soon as I stepped in the room of healing the sick, I saw an enormous river running with blood. It was beyond my imagination. The river had tranquil waves. Although the river was running with blood, I was not scared or shaken with fear. Instead, I desired to quickly jump in it. Curiosity was urging me to jump in. I instantly thought that all the sickness would be healed once I jump into the river of blood. As Jesus knew what I was thinking, He said, "That is right, Joseph. This place has my blood which washes away sins and heals all variety of sicknesses. Whenever souls on earth moan in pain and as they pray, longing and desiring for me, I will pour out upon them the blood to heal them."

"But if we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ his Son cleanseth us from all sin. If we say that we have no sin, we deceive ourselves, and the truth is not in us. If we confess our sins, he is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness."

(1 John 1:7-9)

Fierce heat was coming from the surface of the river. The surface was covered with blazing fire and electricity. As I vividly witnessed, I shouted continuously with sigh of admiration. "What? How can this be?" I did not know how to express this sight. Oil does not mix with water and oil would generally float on top of the water. I once saw a fierce fire burning on water. It was in the ocean where oil had spilled. I was witnessing a similar event, the blazing fire was burning over the river of blood. The only difference was that there was no smoke or poisonous gases from the blazing fire of the river of blood. The river was also overflowing with blood. There were walls on each side of the river bank. I could not understand how the river had walls along the banks but the surface of the walls was covered with electricity and raging fire. With my limited vocabulary or earthly words, I was not able to describe this sight. One thing was for sure, I was able to shout and scream in amazement. "Wow! How can this be? How can Holy fire and electricity be burning on the river of red blood?"

Page 173

I was overwhelmed with the scene that was unfolding before my eyes. It was beyond my imagination. As I was praying, I shouted to the Lord. "Lord! Lord! Please let me dive into the river of blood!" But the Lord audibly replied, "Joseph! It is not your time. When it becomes your time, you will be able to go into the river. Therefore, pray fervently!" I had witnessed a unique event. I saw fire, Holy electricity, and the precious blood mingled together shooting up into the sky as it fell back down. But as they fell back down, the elements transformed into precious stones and fell to earth. Once on earth, they emerged as answers to prayers for believing saints.

* **The Praise and worship room**

I left the healing room and walked out with the escorting angel. I was curious to where the angel would lead me next. After a long walk, I started to hear beautiful sounds of musical instruments and praising. With enthusiasm, the angel said, "Alright, we have finally arrived where the praise and worship room for our Holy God is located." The angel then joyfully danced. I joined in and danced with the angel. I danced with a heart of thanksgiving to God. The room emulated the sounds of worship and praise. It was magnificent and ceremonial. As usual like the other rooms, angels were guarding the praising room.

The exterior of the room appeared like a brass instrument, more like a trumpet. The size of the room was beyond imagination. I have never seen such a large trumpet shaped room before. "Wow! Wow! Amazing!" Impressed and with my jaw hanging down in astonishment, the angels who stood guard at the entrance loudly laughed and said, "Saint Kim, Joseph, please enter." I walked close up to the angels to get a better look at them. They were wearing full armor. The vivid shape of the cross was marked onto their helmets and at center of their chest.

Page 174

Initially, the path to the praising room seemed narrow but as I gradually walked in, the path became wide and long. When I reached the end, the path became very wide and the height of the room rose to the sky. The place I had reached was an open field. It was enormous and there was no comparison to any sports arena on earth. On the open field there were many souls praising the Lord. There were also countless angels flying throughout the air and blowing trumpets. They were freely praising.

The sound of praise resounded endlessly. The pathway connected all the way to the throne of Father God. Moreover, the sound of praising overflowed and covered all throughout the skies of heaven. The interior of the room was decorated with various kinds of precious stones such as emeralds and diamonds. They were different in all colors. The bright lights reflected from one another and I was very impressed at the sight. Whoever enters this room will give glory Father God by praising and dancing.

"Praise ye the LORD. Sing unto the LORD a new song, and his praise in the congregation of saints. Let Israel rejoice in him that made him: let the children of Zion be joyful in their King. Let them praise his name in the dance: let them sing praises unto him with the timbrel and harp. For the LORD taketh pleasure in his people: he will beautify the meek with salvation. Let the saints be joyful in glory: let them sing aloud upon their beds."

(Psalm 149:1-5)

June 22, 2005, Wednesday

“He saw in a vision evidently about the ninth hour of the day an angel of God coming in to him, and saying unto him, Cornelius. And when he looked on him, he was afraid, and said, What is it, Lord? And he said unto him, Thy prayers and thine alms are come up for a memorial before God. And now send men to Joppa, and call for one Simon, whose surname is Peter:” (Acts 10:3-5)

*** We are able to see the clear appearance of evil spirits**

Pastor Kim, Yong Doo - As I witness daily the demeanor and behavior of the youth and children, I often realize things that ordinary Christians would not understand or perceive. When I listen to the words and discussions of the youth, I am confused to whether they are talking about fiction, stories from their own imagination, or from sci fi movies. Unless one is close up and experiences it personally, it is difficult to believe. As a pastor, the Lord allowed me to witness and experience the perception of youngsters a step at a time in order that I may understand them. I am able to realize that the children are having a difficult time sustaining their faith since they are exposed to both realms, the physical and spiritual. I am very grateful and proud of them but at the same time, I feel compassionate over their struggle.

Adults tend to make judgments and their doubts are created based on what they perceive which is based on their standpoint and angle. Therefore, many times, they conclude from their own incorrect bias opinion. This is the reason why the Lord will approach innocent children rather than adults. The Lord would then work and manifest His power through children. He opens many passages and connections through children. There are advantages and disadvantages to both sides but adults are usually rooted with strong stereotypes and their own experiences. Adults tend to verify, test, and pry meticulously on every matter. The very first thing adults do is to check and verify on the subject or issue at hand. I think it is part of the sinful nature.

Finally, the Lord began to incrementally show me the evil spirits. The Lord was opening my spiritual eyes. At first, I was not able to see clearly, it was a blur. But the Lord gradually assisted me and I was finally able to clearly see. However, I was not able to see as clearly as the youngster and at times it was frustrating. Before, the youngsters with opened spiritual eyes shouted in unison, “Pastor! When you look up into the sky with your physical eyes, you see blue. But when you look it with opened spiritual eyes, it is deep black with countless number of devils!” I was not able to understand what they were talking about but now, I could feel the reality of it.

After praying in church, I left for home to lay down for awhile. I then began to see the

manifestations of evil spirits. The size of evil spirits range from a mosquito to something as literally bigger than the earth. The evil spirits were numerous and different than anyone can imagine. They were everywhere, filling the air. Witnessing them, I loudly screamed, “Ugh! Oh ~ There are so many of them! Ugh!”

Page 177

The sky with our physical eyes appears crystal clear blue but with our spiritual eyes, the sky is not just black but dark black. The sky was filled with countless number of evil spirits; they covered every inch of it. It was a stunning picture. “Ah! How can this be? There are so much evil forces covering filling the sky!” What I thought I could not possibly believe was a fact and it was happening before my eyes.

Outside and inside of my home, the air space was filled with evil forces. If I could explain or express the groups of evil spirits, I could only say that they reminded me of a swarm of teals (fresh water ducks) of a spectacle sight. The evil spirits gathered continuously and then scatter about. They repeated this busy process. I noticed many times that they would attack Christians in disciplined order.

As I witnessed their strategy, I shouted in my mind. ‘Ah ~ this is how the Christians get defeated. The evil spirits attack Christians this way! Christians are defenseless, they are helpless; shattered! How? What can I do?’ As my mind raced, thousands of evils spirits smaller than a fly which I was barely able to see approached toward my nose and mouth. They buzzed around speaking horrific abusive words. “You! @#\$%@#\$! We will enter your body and kill you. We will cause sickness!” As they attempted to enter my body through the mouth and nose, I instinctively covered my mouth and nose with my hands. I remember that the youngsters would cover their mouths and noses as they walked around. I had finally realized why they did that.

“Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour:”
(1 Peter 5:8)

“Neither give place to the devil.”
(Ephesians 4:27)

Page 178

The evil spirits frantically attempt to possess special places such as our physical bodies. Their only interest is our physical bodies so that they can influence absolute power over their victim’s life. Once they are successful in rooting themselves into a person, they can then begin inflicting damage onto our soul. Therefore, they intensely aim and target our physical bodies. If we have a weakness or give them a gap, they will enter our bodies. Once a believer’s body is captured, the evil spirits are able to begin their control. The believer is than subject to falling gradually into religion. If the demonized believer assembles together with other demonized believers who have become religious, they are

actually assembling for Satan. It is quite self evident. Christians who are nonchalant and apathetic are unaware and ignorant of evil spirits. They are ignorant of their strategies, tricks, and schemes. These types of Christians rather live an easy unproductive life.

“Lest Satan should get an advantage of us: for we are not ignorant of his devices.”
(2 Corinthians 2:11)

The Lord mentioned in the letter to the church in Pergamum

“I know thy works, and where thou dwellest, even where Satan's seat is: and thou holdest fast my name, and hast not denied my faith, even in those days wherein Antipas was my faithful martyr, who was slain among you, where Satan dwelleth.”
(Revelation 2:13)

Page 179

Some call the the Israelites Jewish but the fact is that they are the assembly of Satan. We are either called the Church or Christians but the reality is that some are assembling for Satan. When Jesus spoke to the church of Thyatira, He mentioned, ‘Satan’s so called deep secrets.’ Although their outer appearances were like Christians, their bodies and souls were seized by evil spirits. It is a dangerous thing when Christians are seized by evil spirits, especially when they are in position of leadership within the church. The things that come from their minds and thoughts may be innate deception and delusion. Moreover, it could be their own physical system that is skillfully planned. Assembling through their own merit without prayer is a very dangerous thing. The evil spirits’ true identities were gradually being revealed meticulously. Witnessing them so often, I had to personally get in a state where I had to store up spiritual power. Only with spiritual power could I powerfully confront the evil spirits. I found out later the reason in having opened spiritual eyes. Being able to see the evil spirits is important. As the future draws near, we are being prepared for the enormous fire battle. Presently, it is already beginning. It is our reality as we are personally experiencing and thrusting into the front lines.

“Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.”
(Ephesians 6:16)

I have never seen evil spirits until today. Today, they appear in the Lord’s Church and I am able to clearly view their appearance and form. The evil spirits that I am witnessing are different than those described by the youngsters or other believers who are able to see them. A group of evil spirits has a very cute appearance and they had small fine hair on their faces. They had short hair like girls that are in high school. More than 10 of them gathered in the corner of the church and attempted to avoid me. They were plotting against the church. They whispered to one another. I thought to myself, ‘What? What are they doing? What kind of evil spirits are they?’ I then gestured with my right index finger at them and said, “Hey, you! Come here! Hurry! Come here!”

As I shouted at them, the evil spirits laughed and replied, “No! No! I know you will shout ‘Holy Fire!’ Right?” Since I was able to vividly see them, I was for a moment confused whether they were really evil spirits or people. My eyes widely opened and I ran screaming at them. “Hey! Are you going to come here this instance?” They shouted and said, “That bastard is coming toward us! Hurry, avoid him!” They quickly scattered and ran away. After this incident, I was able to often see various kinds of evil spirits with different shapes and forms. But the Lord sometimes allowed me to see incrementally.

* Deaconess Byun, Bong Yu

With the absolute commandment of the Lord, I must document this incident firmly disclosing the name of a person. Although what I must disclose does not flow with the current content and should be documented at a later time, the Lord spoke to me so that I may document the incident with Deaconess Byun, Bong Yu within this section and book.

August 14th to 17th, 2006, summer, I led a revival at a church in the Island of Je Ju, Korea. The wife of the pastor from that church read the book, ‘Baptism by blazing fire’ and decided to visit our church. She stayed for three days. At the Lord’s Church, the wife of the pastor experienced the Holy Fire, Holy Electricity, and witnessed the structure of the evil spirits. She then invited our family, Joesph, Joo Eun, my wife and I to their church. However, since we were very busy with our schedule and our daily routine, I had told them that it was impossible to go visit their church anytime soon. But despite of their difficult state and finances, the household of the pastor from their church and their deaconess paid our airline tickets. Half of the expenses were paid from each party. We were able to make the trip by the Lord’s grace.

The people in the church at Jeju Island were earnestly longing for the grace of God. Each evening, a group of twenty would gather to pray at their church. Initially, they planned to have a special prayer meeting with our family. But it would only have been with the families of the other pastor and deaconess. My wife and I have been married for 21 years. We never really got to travel anywhere. We did not even go anywhere special for our honeymoon. With this opportunity, we also made a decision to do a little sight seeing of Jeju Island. Jeju Island is a resort island destination. The other pastor promised that he would show us around. But instead of having a prayer meeting with the household of the pastor and deaconess, the Lord commanded us to contact all the church members and begin a revival meeting. Except a few members, most of them were earnestly longing for grace and those that longed attended. The pastor from Jeju Island had Shepard this church for 9 years. He led the ministry with a troubled heart. His heart was distressed and afflicted due to the elder’s interference and his despotic attitude. At times, when the pastor would finish his sermon and step down from the altar, the elder would begin to quarrel over the pastor’s sermon and make the pastor apologize in front of the congregation. Moreover, the elder would reprimand the pastor in front of the church by

stating that the sermon was not good. This elder personally built the church and the pastor's residence next to the church. The elder was overpowering. The elder oversaw church business and undertook the operations himself. The ministry was like an empty shell. However, the Lord granted mercy and compassion onto this church through Deaconess Byun, Bong Yu.

On the last day, 2 AM of the revival meeting, Deaconess Byun and her son finished prayer and was prepared to leave. Her son was a college student. In that moment, the Lord touched them through me. The Lord disclosed all the evil spirits that had been secretly hiding and operating within them.

Page 182

The husband of Deaconess Byun had been attacked by cancer and was suffering. Deaconess Byun had been taking care of her husband and she was spiritually exhausted to the point of giving up. I asked her to come up to the altar and receive deliverance. In Korea, there are many in the deliverance ministry but they do not finish the job. They are able to get the demons to manifest but they are not able to complete the task of total deliverance. With the church members present, the evil spirits within Deaconess Byun were exposed. The number of evil spirits was more than we could imagine. We roughly estimated that it had to be more than a hundred million. It was useless to count. The numbers were too great. As the evil spirits were being expelled, they confessed using foul language. Deaconess Byun in laws did not believe in the Lord and the evil spirits were able to seize them for more than a thousand years. Although, we cannot believe everything the evil spirits had divulged, we have to assume it has been a long time since the occupation of their bodies and souls. From the moment she had married into his family, the evil forces caused conflicts with every matter. With continuous problems arising, Deaconess Byun had always been praying, pleading, and crying out on her knees.

Deaconess Byun had always acted according to the Lord's will. But she could not longer keep it. She had reached a critical point in her faith and she was dried up spiritually and physically. The revival meeting had exposed the reason for spiritual and physical weariness. It was the evil spirits that had attacked her husband to cause sickness. It was an intense attack on Deaconess Byun at this time. Many evil spirits had secretly entered her body without her knowledge. As a result, she had become totally exhausted. The evil spirits were frequently entering and exiting her body. The evil spirits were acting as though she was their house and moved in or out at their pleasure.

Page 183

The evil spirits are able to invade or strike people using deception based on the person's state of mind. It didn't matter whether a person's mind was weak or strong; the proper deception is used to enter them. I shouted out loud. "Hey! All of you filthy evil spirits get out of her! The ones that are hiding within the finger and toe nails get out! Now! I command you in the name of Jesus! Evil spirits that have clawed and hiding within the organs, heart, kidney, gallbladder, intestines....viscera. Get out!" As I was shouting, the

evil spirits screamed and surrendered. “Gee! Pastor Kim, you bastard! How did you know? Ugh! I can’t believe this!” I continued, “All evil spirits hiding in the capillary vessel, nucleoplasm, cells, eyes, nose, and throat! Get out!” The evil spirits cried out, “Ugh! They have found us! Stubborn bastard!” They then left.

The Lord had me witness all the secret evil spirits that hid where no one could imagine. I had cast them all out. Every evil spirit had left. Without knowing and realizing it, Arch Angel Michael had come down from heaven. He came riding on a white horse. He had tied all the evil spirits with the rope of the Holy Spirit and dragged them to hell. If we have any inclination to sin, even what we consider small sin, the evil spirits can enter into our bodies without fail. If believers express unnecessary anxiety, worrying, apprehension, deep heavy breathing to express worrying or anxiety, hot temper, and etc, then these behaviors causes a chemical reaction that attracts evil spirits. They become targets.

The evil spirits would then intensify their efforts and attacks upon us. Eventually, they would invade our bodies and settle in our mind, body, and soul. If evil spirits exist within our bodies, they can aggravate the simple things such as a simple cold to an incurable severe illness such as cancer. Within time, the evil spirits would frustrate the minds of people and get them to give up on their life. Not all illnesses are caused by the evil spirits but I come to realize that how an organ can become infected and sick after a person may have been healthy for many years. The evil spirits can attach themselves onto a organ and begin inducing or aggravating sickness.

Page 184

The evil spirits had made the deaconess nervous and weak. Her difficult life in poverty had caused much of her depression. Their plan was to ultimately make her commit suicide but the plan was exposed. Since I confront the evil spirits on a daily basis, I have found out some facts. The evil spirits are structured through an organization and system there is also a higher order or rank of evil spirits in every country and their cities. Regions are under jurisdiction by evil spirits that are in charge of countries and cities. The lower ranked spirits are structured as well and organized. If the Lord allows me the opportunity, I would like to write a book disclosing the evil spirits in details. I would like to reveal their true identities and character in much greater detail. Of course, it would be by the Lord’s grace that I can prepare for that.

After a hundred million evil spirits had been binded and expelled from the body of Deaconess Byun, Jesus who stood next to us and observed silently granted her the gift of prophecy. As usual, it is only after we have repented of our sins and the demons cast out that we can joyfully receive gifts. The Lord said, “Yong Doo! Pastor Kim! Good job. Great job, I am very proud of you!” The Lord complimented me. He then comforted the other pastor for He knew that he had a difficult road pasturing his church. It appeared that some believers glanced with suspicious eyes. They were like spectators in doubt.

Although many believers and pastors persistently ask and pray for power, they are not able to completely accept it. The power or gift may manifest through them but then they

would start to question or entertain the thoughts of disbelief. I have quite frequently witnessed this type of reaction. As a result, in many cases, the Lord will not answer prayer for power or gift to believers. It will not matter how much they pray. The Lord will only express and reveal His gifts and revelations to the ones who are innocent as little children.

“At that time Jesus answered and said, I thank thee, O Father, Lord of heaven and earth, because thou hast hid these things from the wise and prudent, and hast revealed them unto babes” (Matthew 11:25)

Page 185

When the Lord discloses the spiritual realm and grants different kinds of gifts to adults, they must accept them with a desiring heart and faith. They need to discern with a positive attitude and mind through the Word of God. But instead and in most cases, adults consistently judge with extreme bias. There are many things in the spiritual realm that one must accept obediently with a pure heart. After I had personally met Jesus, I entered the spiritual realm. As I got closer to the Lord, there are many things that I am having a difficult time understanding. Therefore, if I was curious about something, I would pry into it on many occasions. However, that behavior was disobedience and a sinful nature. It was a filthy desire that I produced in myself. A manifestation of physical propensity.

The Lord seriously wanted Deaconess Byun to pray 4-5 hours a day. The Lord wanted her not to disclose the gift of prophecy to her church but to only intercede. The Lord told the pastor to lead his ministry in power and with all his strength. The Lord advised him not to be controlled by the elder anymore. Moreover, the Lord warned the pastor not to fall into humanism. Through this revival, the Lord had personally touched this church as though He was performing sensitive surgery before total collapse. The elder with some believers were exposed as hypocrites. They acted like strong believers as they had dedicated themselves to church but it was really a show. With the deliverance of Deaconess Byun and with the pastor and his wife, we had found out that the elder and other believers were being deceived.

Page 186

*** People with bad or evil motive**

The word spread about our church. People were talking and speaking about our church. They were saying that if people came to our church, their spiritual eyes would open. All the believers who longed for grace assembled at our church. They came from all over the country. Who wouldn't want to see the Lord? All of them prayed and wished that they might meet Jesus. The word spread, it spread rapidly and throughout the country. They were saying that it didn't matter, whether 24 hours or whether with eyes opened or eyes shut, they would be able to associate with the Lord. Although the believers came and visited, the Lord avoided meeting with people who had come with the worldly lust.

Furthermore, when believers who were greedy and selfish sat with the congregation, the Lord had always kept silent. He did not say a word. At times there were people who had really bad motives toward the Lord. Without good motives, there are no good fruits. It must actually be obtained through a painful process. Among the people who have visited, some come without a pure heart and faith. They come to dig for information, they make frantic attempts to find something out. They think they are a qualified person who can dig up information and call whatever they disagree with a cult. They believe they are a specialist, a specialist in cults.

There was once was such a person who died from an event. Some people called him a righteous person. They even attempted to portray him as a martyr. But only the Lord knows where his soul resides. We must acknowledge that people have other view points. It is extremely dangerous to judge and condemn from a fixed view point or from a one sided view point. One should not condemn or be bias based on lack of understanding or experiences. Only the Lord is able to judge in such a way. God grants power, miracles, and wonders to those who long and desires more faith and gifts. However one who attempts to test God and has doubt will not have their prayers answered but instead will have it rejected. We must keep this in mind.

Page 187

There was a prior incident at a church in Gun San. I heard that some people from the outside would attend different churches and to target believers. They would go into churches and target spiritually opened eye Christians. These people would persistently badger the spiritually opened eye Christians with disinformation. Once the believers were deceived, they would lead and take them to their own church. However, I would have never dreamed that something like that would ever happen in the Lord's Church. Among those culprits who attempted such an act were a pastor, his wife, and a deaconess. These people were even educated in theology. They led the unthinkable conspiracy.

I am documenting the events within our church because the Lord had commanded me. One day, a pastor's wife and her son came to our church. They came crying. They were from the city of Yeoyido Gapyeong. She began to tell us her story. Her husband, the pastor, had died after the building and completion of their church. The pastor and the wife had built the church themselves and the stress and strain had resulted in the pastor's death. Another pastor had come to replace the deceased pastor but he had expelled them with force. My wife, the church members, and I all comforted them with a heart of compassion. We then prayed over them in unison. As a result, she and her son had their spiritual eyes opened through the Lord's grace. The deceased pastor's wife and her son with some of our church members had the opportunity to visit the heavenly church. We all met her late husband in heaven. We spoke with him and had an enjoyable time. Moreover, the deceased pastor's wife and son witnessed the existence of evil spirits during their prayer time. She worked in the city of Yeouido but she often attended our prayer meeting.

Soon after, a pastor from another church who had his own ministry came to our church.

His church was located near the city of Bu-Cheon. He was a young man with vision. That pastor, his wife, and two little children attended our services on a daily basis and received grace. He said that he had just started his church and it was small in number. There were about thirty people including the children. I had believed him without any questions. I had considered him as a real brother and disclosed frequently of the spiritual secrets. I had also poured as much Holy Fire and Holy Electricity onto him as I could.

Page 188

When that pastor had received the powerful Holy fire and electricity by the Holy Spirit from me, he would usually fall on his butt. He had confessed that he had only felt a little heat from other churches but in the Lord's Church, he felt as though he was in the fire during the service or meetings. The family of the Lord's Church has a tendency to easily trust people. We especially open up to the ones we meet frequently or become attached too.

In our church, there were some teenagers who had their spiritual eyes opened. One such boy was Yong Sup who was my son's friend. Yong Sup was two years older than my son. He had not attended our church that long. The church members and I did not have any reason to believe that something was wrong. Yong Sup had not attended church for some time. Later, Yong Sup returned to the Lord's Church after more than a month of wondering around. The pastor from Bucheon and the wife of the deceased pastor in whom I had trusted were in contact with one another. They had targeted Yong Sup and had persistently persuaded him with disinformation to take him away. Yong Sup was momentarily shaken by them but he had returned to the Lord's Church to confess of his leaving. Yong Sup's situation had opened our eyes to this type of deception and attack. With his return, we began to hear rumors and news about the pastor from Bucheon. He was spreading rumors and slandering the Lord's Church to other pastors in his seminars.

A few years ago, I had gone to White Stone Mountain prayer house to pray and receive grace. The pastor from the prayer house was Yoon, Suk Chun. He had once told me, "The people who come here get very blessed. Their tears stream down as they shout 'Amen' to the sermon. But when they leave, they begin to gossip and ridicule. They would say, "After all, Pastor Yoon Suck Chun is a cult!" Now, I finally understand Pastor Yoon's dilemma and know how he feels. But unless one walks in those shoes, one can never understand the hurt.

Page 189

The wife of the deceased pastor from Yeouido and the pastor from Bucheon changed their telephone numbers and told the phone company not to notify their new numbers to anyone. They thought that the members of the Lord's Church would track them down. Their outer appearance was covered with compassion and kindness. They even had a gentle low voice tone that was soothing. I am apprehensive that many souls will get deceived by their fake gentle outside appearance while their hypocrisy is well hidden. Whenever I think about how well they hid their true colors and spoke lies filled with

hypocrisy, my heart aches very much.

We also once had an incident that shocks the church members and me. A woman in her mid 50's was attending a mega church in Yeouido. She had just finished theology school and was preparing to establish her own church. She visited the Lord's Church without disclosing the fact about her desires to establish a church. Whenever we had revival meetings, she persistently followed us. It did not matter how far we had to travel for a revival meeting, she was there. In fact, she would also prepare food. With my wife and the church members watching, she would often try to feed me by putting food in my mouth. She was nonchalant to others watching. Each time she tried to feed me, I refused it. But as she continued to feed me, the church members and my wife warned me in unison. "Pastor, be careful!" I became cautious. Within time, she had tempted our church members with money, especially with those who had their spiritual eyes opened. Some eventually fell away to her. They had secretly established and built up their church with our members while in our church.

They had leased a building for their church in the city of Mapo. They had church services for a little while but internal problems arose. They eventually fought with one another and they all scattered. She still holds her position as a deaconess in her mega church in Yeouido but at the same time she is quietly building up her own church. She continues to perform this unreasonable act.

God has sent many different types of people and He has let us experience them. Some who have come to our church are people who have been deceived by false (은사자.) They have been deceived repeatedly by the spirit of Balaam. They fall victim to such people and have lost all their money. They wander around the country in dismay. The Lord comforted and met them personally.

Page 190

I still do not completely understand why the Lord has placed me in this type of ministry. Even today, I witness many souls being deceived by false (은사자) They have wasted their lives. The Lord, however, feels compassion for those who have been deceived.

We live in a country that overflows with people who have gifts. However, many people in Korea do lead legitimate ministries of inner healing, spirituality, and how to listen to God's voice. But on the contrary, there are also many people in Korea that lead illegitimate ministries in which they devote themselves to perform unbiblical acts. They have specious titles or names. These people even perform fortune telling and divination. In truth, they perform their ministries with a mixture of evil spirits. These places and people are overflowing as well. The Lord said that an enormous spiritual storm is coming in the near future. The Lord meticulously showed me that any people or places imitating His real ministry will be all abolished.

Among all ministries, I think deliverance and prophecy (revelation, vision, seeing

through) ministries are the most difficult. It requires much endurance. It is physically exhausting and requires much exertion. Furthermore, there is a higher probability of spiritual confusion and error. It is most frequent as well. In these ministries, while the work of the Holy Spirit is present, the evil spirits can as well induce confusion. It is a territory in which the evil spirits can easily manipulate their deception.

Thus saith the Lord GOD; Woe unto the foolish prophets, that follow their own spirit, and have seen nothing! O Israel, thy prophets are like the foxes in the deserts. Ye have not gone up into the gaps, neither made up the hedge for the house of Israel to stand in the battle in the day of the LORD. They have seen vanity and lying divination, saying, The LORD saith: and the LORD hath not sent them: and they have made others to hope that they would confirm the word. Have ye not seen a vain vision, and have ye not spoken a lying divination, whereas ye say, The LORD saith it; albeit I have not spoken? Therefore thus saith the Lord GOD; Because ye have spoken vanity, and seen lies, therefore, behold, I am against you, saith the Lord GOD. And mine hand shall be upon the prophets that see vanity, and that divine lies: they shall not be in the assembly of my people, neither shall they be written in the writing of the house of Israel, neither shall they enter into the land of Israel; and ye shall know that I am the Lord GOD.” (Ezekiel 13:3-9)

Page 191

Nevertheless, the Lord will fiercely deal and judge the unhealthy and ridiculous unbiblical acts. The Lord concluded by stating that the people who I have written in here that have caused deception, strife, and rebellion must repent. Those who have performed similar acts throughout their lives must also truly repent.

* **The interpretation room**

Kim, Joseph - The pastor wanted me to come up to the altar and then we prayed next to each other. Jesus immediately came and took my father and me to heaven. I asked the Lord, “Jesus, I want to enter the interpretation room. Please permit me.” The Lord replied, “Very well, let us go together.” As usual there were two angels guarding the front entrance. They were beautiful. As we approached them, they greeted us with a gesture and expressed respect. They were already expecting us.

Page 192

I ask the Lord, “Jesus, may my father and I open the door?” The Lord permitted it. “Very well, go ahead.” It was a sliding door with a handle on each end of the door. My father grabbed the left handle and I grabbed the right handle. We counted one, two, three and attempted to slide the heavy door. The door was too heavy and we were not able to move it. With a deep breath, we attempted again and pushed with all our strength. The door then gently opened all the way. “Wow! Amazing!” My father and I shouted in excitement at the same time. An enormous bright light poured out from inside the room, we were not able to open our eyes.

Jesus stood silently and observed our behavior. He then with a delightful smile spoke to us. "Good job. Let us enter the room." We enter behind Jesus following His lead. We saw an enormous tree that appeared very old. The tree was radiating different bright colors. We could not properly view it due to the brightness. My father and I asked, "Wow! Lord! Please reduce the brightness a bit so that we can view it more clearly." The Lord lightly waved His hand and the light gradually reduced. Now, we were able to clearly see it.

My father asked me, "Joseph! Ah! Why is the tip of my nose itching? Ah! It is very itchy. What is it? Is it perhaps the devil that is causing it?" I explained, "Father, how can evil spirits be in heaven? This is the interpretation room! The reason why your nose itch is because of the bright shining leaf that has fell from the large tree. A leaf has fallen on your nose and causing your itch. It is alive. It is welcoming you and me."

Page 193

The large tree stood in the middle of the interpretation room. The tree represented interpretation. Enormous long branches spread in all directions from the tree. All the branches were very close to one another. In fact, they all connected to each other. The leaves on the tree were harmonized with colors. Each branch had many leaves and the leaves were as soft as feathers. I am not able to express the true amazing scene with my limited vocabulary. The beautiful leaves showered down to my father and I as snow would shower upon us. As they fell on our heads, they tickled our nose and faces.

The fall of interpretation leaves reminded me of how autumn and how leaves fell then. I felt as though they were speaking to me. In fact, they look like they were speaking. The falling leaves concentrated on my father's head and face more than mine. As they touched our skin, it would begin to itch. My father said, "Joseph, move a bit farther away from me. Let me receive the gift of interpretation." The Lord laughed and said, "Hahahaha, Pastor Kim, you really do want to receive this gift, don't you?"

In front of the interpretation tree stood a small square altar. It was very attractive. There were bright golden colors shining from all directions. The Lord said to my father and I. "Both of you go in front of the altar and kneel down. Pray with desire and longing for this gift." As we prayed, I received the gift of interpretation. The Lord then meticulously explained the gift of interpretation. "By the power of God, you will be able to understand and interpret tongues. However, it can begin as you start to sense it with your heart. As you continue to unceasingly pray, you will be able to understand and clearly interpret it accurately. You will be able to interpret tongues as you clearly hear it with your ears."

Page 194

Initially, I began to interpret with my senses but as I continued to pray in tongues more often, I was able to gradually hear it in clear Korean. Jesus said, if we pray more and more, we will be able to speak it fluently and interpret it with boldness. It is the link to prophecy. The Lord said that the pastor did not receive the gift of interpretation because it

was not his time. We then returned to the church. As I prayed in tongues and interpreted, the high rank evil spirits came.

*** As you receive more gifts, the evil forces will distract and disturb you**

At first, I thought receiving the gifts was not complicated. I thought that all I had to do was just receive. I thought the Lord would grant the gift as long as I desired and seek it in faith. However, it was not as easy as I thought. When a gift is granted or when the signs of a gift is being granted, an enormous disturbance of evil forces began to mount. They began to mount in groups. It was not just a simple acceptance in which one desired, persistently requested, and cried out. The church members and I had realized that things were not as simple as we assumed or thought. Each day, we have begun to realize this fact.

*** The battle with the red dragon**

After I was granted the gift of interpretation, I left the interpretation room and returned to church. I cried out praying. During the middle of my prayer, lower ranked evil spirits came. I defeated them with the name of Jesus and then an enormous red dragon appeared. It flew toward me. Its appearance was appalling. The size of the dragon was so big that it appeared larger than the earth. With its frightening and ferocious look, it approached me as it blew up in temper.

Page 195

It blew forth enormous fire at me. The fire appeared alive as it wrapped around me. As the fire wrapped around me, it attempted to enter in to my body through my mouth. I reacted by covering my mouth and moved to the side in order to avoid it. Avoiding the fire made the dragon very angry. It then viciously hit my leg with its tail. As the tail struck me, I could not move but scream out in pain and I fell to the floor. I thought I was going to die. As I cried out and moaned in pain, the dragon wrapped me with its tail starting with my legs. With its full strength, it was tightly coiling up and toward my chest. Nasty and fishy breath came out from the dragon's nostrils. The dragon was breathing continuously down toward me and the stench was terrible.

I screamed out in a loud manner. "Jesus! Jesus! Save me! Please give me the strength to win this battle!" When I shouted, the Lord granted me the power of Holy Fire. Once I received the power, my faith and belief became firm and strong. In my heart I believed that I could tear the dragon into pieces. I became entangled with the dragon as I fought him. The Lord granted me various kinds of weapons as they appeared in my hand. They appeared as I thought them in my mind. The dragon forced out a loud belch. The dragon widely opened its mouth and fierce fire came out toward me. I then grabbed its mouth with both my hands and a loud bang echoed as I closed it. As I shut the mouth and a sound of bang echoed, an enormous hot breath of air from its nostrils continuously came forth.

Within that moment, I thought to myself that I should stuff the nostrils with stones. With that thought, two large stones appeared in my hands. I then shoved the stones into the nostrils. The dragon struggled as it suffocated. With all its strength, it blew the stones out from its nostrils. The stones instantaneously busted out. I was startled and shouted, “Lord! Lord! Please make my body bigger than the dragon!” The Lord then made me a little bigger than the dragon.

Page 196

The dragon’s tail was still coiled around my body. We rolled around as we fought. My mind was set on suffocating the dragon. Again, I stuffed the nostrils of the dragon with two large stones. Then with a long pole, I pushed the stones deep into the nostrils and I covered the nostrils with my hands. The dragon kicked and struggled as it suffocated. The dragon became insane. It was a bit strange because the dragon was breathing like a human. The dragon then blew up like a balloon. The body had swelled up so much that it busted in a roaring sound. I was shocked and startled as countless number of corpses came out from the body of the dragon. The torn inside of the dragon looked like hell.

As I was in a state of shock, I said, “Lord! Lord! This is very unusual!” As I was shouting, the Lord appeared and stood next to me. He complimented me. “Yes, yes. Great job, Joseph. A laudable battle. I do not give away the gifts so easily. I grant the gifts to the people who have overcome trials and can defeat the evil spirits. Furthermore, you have to pray in great lengths according to the measure of your faith. I grant gifts after I have witnessed your faith.”

“Watch ye, stand fast in the faith, quit you like men, be strong.”
(1Corinthians 16:13)

With the power and strength of Jesus, I was victorious against the dragon. Now, when small evil spirits attack me in groups, I look at them as impotent. The dragon’s whole body was torn and scattered throughout the sky. The head was still flying in the air as it was torn from its body. I went to catch it and finish it off. I chased after it grabbing the horn and rode on top of its head. As I rode on top, the dragon’s head struggled to get me off.

Page 197

I thought to myself that I should stick a flag or banner with a cross inscribed into the dragon’s head. As I thought to myself, a flag on a pole and a red cross on it appeared in my hand. The bottom tip of the pole was very sharp and it looked like it can penetrate anything.

The shape of the flag was triangular and the color of the flag was gold. The flag was decorated with pearls, precious stones, and it was brightly shining. On the flag, the words, “Victorious Banner” was inscribed along with the Red Cross. I boldly shouted, “In the name of Jesus, die!” With all my strength, I pierced the head with the pole. From

the dragon's mouth, a horrendous screech came out. "Ah! No! I can not be defeated! I can not believe I was defeated by Joseph!" With the banner in his head, it flew around trying to avoid me.

After the tough battle with the dragon, I prayed again at the church. I thanked the Lord. As I prayed, enormous spiders and scorpions appeared. I defeated them and was victorious. The Lord then gave me some kind of a certificate of approval. I asked the Lord, "Lord, why are you giving me this certificate?" The Lord replied, "Because you have fought and won the battle with evil spirits! This certificate represents a gift."

Page 198

June 26th 2005, Sunday evening

"And, behold, there arose a great tempest in the sea, insomuch that the ship was covered with the waves: but he was asleep. And his disciples came to him, and awoke him, saying, Lord, save us: we perish. And he saith unto them, Why are ye fearful, O ye of little faith? Then he arose, and rebuked the winds and the sea; and there was a great calm. But the men marvelled, saying, What manner of man is this, that even the winds and the sea obey him!" (Matthew 8:24-27)

*성경의 내용이 배경이 되다

Pastor Kim - As I preached about "Disciples facing the storm," the Lord suddenly changed our surrounding background into a spiritual background. It was about 11:00 PM. The members who had opened spiritual eyes shouted in unison. "Pastor! Pastor! Now our church is in the midst of an enormous storm. A boisterous storm! Our church is the boat in which the Lord was sleeping! Pastor! Are you able to see?"

Page 199

I replied, "Yes, I already know. The Lord told me to play the role." Coincidentally, the members of the Lord's Church were all together, all thirteen of us. As described in the bible, the disciples were twelve and the Lord made it thirteen. The Lord looked at me and said, "Pastor Kim, you will take the role of Me." Including me, each one of the members will take a particular role and act. At first, we did not completely understand the situation and we thought to ourselves, 'perhaps, maybe, this can't be happening.' We did not take it seriously and began to joke and be bustlingly playful. The Lord then commanded us not to chat so much and to be more serious.

When our acting turned out poor and dissatisfied, the Lord meticulously directed us. He directed us as He told us to redo the unsatisfied scenes over and over. The things that happen in our church are unimaginable compared to the common and average things that happen in other churches. The unimaginable happens very frequently at the Lord's

Church. As we viewed our outer appearances with spiritual eyes, we looked just like the disciples who were on the boat in the Sea of Galilee. We were even dressed like them and we had grown mustaches and beards. We were busy looking at each other as we laughed at one another. The Lord commanded me to play the roll of Himself who rebuked the disciples as He woke from sleeping. "You of little faith, why are you so afraid!" When I shouted those words, the Lord complimented me. "Hhmm, Pastor Kim, you are doing a great job of acting!" The Lord then rewarded the members who played the other roles.

Jesus then continued to speak as He sat us in a circle. "Saints in the Lord's Church! You are the happiest saints in the whole world. There is no other church that has prophesized, or received gifts as a group. Your group has visited heaven and hell, been there back and forth. Your group has had their spiritual eyes opened. Members of the Lord's Church, you must always work to make me happy and delightful!" After the church service, all the members fervently prayed according to the measure of their faith. When we walk in faith (Christian life), the Lord desires us to willingly walk in faith with joy and delight.

"Feed the flock of God which is among you, taking the oversight thereof, not by constraint, but willingly; not for filthy lucre, but of a ready mind;"
(1 Peter 5:2)

"Restore unto me the joy of thy salvation; and uphold me with thy free spirit."
(Psalms 51:12)

Page 200

After I had driven all the church members home, my wife and I began our individual prayer. The Lord once again took us to hell. My wife was tormented in hell where swarms of snakes and poisonous insects resided. I was brutally tormented as I was tied up onto a cross. The evil spirits pierced large thick nails into my fingers and worked their way into all of my body. As they pierced the nails, I shouted in pain and thunder, "Ugh! Ah! Lord!" The pain never stopped. In hell, my soul was tormented with pain and the pain was vividly felt onto my physical body as well. After we had finished our prayer meeting, we basically crawled our way back home.

Page 201

*** The room of wisdom, knowledge, intelligence, and sagacity**

Kim Joseph - Jesus had come to our prayer time and I followed Jesus to heaven. I asked the Lord, "Jesus, starting tomorrow, I am having finals and I could not study much. Please help me out so that I can do well on my tests." He replied, "HHmm, very well. Then let us go to the room where you can become smart! But remember, you should never become lazy by not putting the effort to study." The Lord then led me to the secret room. He called for one of the angels and commanded him to lead me. Suddenly the Lord disappeared.

* **The room of wisdom**

The angel who led me stated, "Saint Joseph! Since you have stated that you will be taking finals on earth, you will be allowed to visit and look at several secret rooms." I was then led to the room. The room of wisdom was enormously large and I felt as though this room was larger than earth. The external appearance looked like a tall building with inner structures that resembled a museum. Inside the building were numerous layers of shelves. The shelves were all laid out and a light beamed out from the object that was displayed on the shelves. I was enchanted. The objects on the shelves were all placed in some type of order. The form of the objects was shaped like large and small round balls. It appeared as though the balls were radiating light. The balls were colored with different colors. Some were rainbow, deep pink, light pink, and a type of sky blue. They were all placed together on shelves. There were so many balls that I could not even begin to count.

"Wow ~ Oh! Fantastic sight! Great! How can this be?" I continuously was shouting in amazement. I ran all over the place. Without asking the angel who was accompanying me, I opened my arms stretching them out to sweep the balls close to me and then I placed them up against my chest and head. Within a second, the balls began to enter my body. The angel did not stop me but only observed my behavior. Perhaps, he already knew that I had permission from the Lord behave this way.

Page 202

* **The room of knowledge**

I followed the angel to the next room which was the room of knowledge. The size of the room was almost the same as the room of wisdom. This room also had small and large radiating objects. From a distance, they appeared to be round balls. However, as I got closer, I noticed that some were shaped like a square, a hexagon, a octagon, and some were just plain round. Just as I had done in the previous room of wisdom, I widely opened my arms and sweep the balls toward me. I then continued to put them into my head and my chest. Within that moment, my head felt cleared and refreshed. The angel and I then proceeded to walk toward the third room of sagacity.

* **The room of sagacity**

The angel motioned me to wait for a second. As I stop to wait, the angel disappeared. The angel then returned with a huge golden colored key that was attached to his waist. I could immediately sense the heaviness of the key. The angel who was accompanying met the angel that was standing guard of the sagacity room. They both placed the huge key into the keyhole of the door. As they turned the key to the side, the door automatically slides to the side. A brilliant light shinned out from the room. The inner structure of the sagacity room appeared very similar to the pervious rooms.

Page 203

Just as before, I placed the objects into my head and my body. As time passed, I sensed my head getting clearer, refreshed, and lighter. Moreover, something inside my heart was accumulating in an orderly fashion and at the same time the fatigue that had built up was definitely going away. When I pray for several hours, I usually fall asleep in the middle of prayer. Now that I have visited the secret rooms, one after another, the drowsiness I used to experience has gone away. With my head cleared and refreshed, I was now able to pray longer.

*** The room of intelligence**

The angel and I left the room of sagacity and headed toward the room of intelligence. The secret rooms I had just visited had the appearance of a skyscraper. They reminded me of skyscrapers in New York. But the room of intelligence was unimaginably enormous and it was shaped as a cube. The height, width, and all other dimensions were equal to one another. I was astonished by the room's extensive scale and dignity. At the entrance of the room stood four mighty angels. Two angels stood at each side of the door. Each angel had the sword of the Holy Spirit attached to their waists. As the escorting angel and I approached the room, the four angels standing guard bowed to my escorting angel and vice versa to greet one another. The four angels unlocked and opened the door. Just as the other rooms, I observed similar objects within that room.

All the layers of shelves were flat and even but some had grooves to connect to one another. The grooves were filled with golden colored water. The water shined with all type of different colors. The colors shined in harmony. Without asking the angel, I approached the water and filled both my palms with the water and poured it onto my head. I then felt my head become clearer and refreshed. As I enjoyed the sensation, I saw unique looking objects. The objects looked like a coca cola glass bottle. They were uniformly laid out on their side. There were so many glass bottles. The bottles were filled with a bright shining liquid. I held the bottles and poured them onto my head. I grabbed more bottles and the liquid overflowed all over me as I poured it continuously over my head.

Page 204

Suddenly, the Lord, Jesus appeared and was observing my behavior. I asked the Lord, "Jesus! You have granted my father many and strong Holy poisonous thorns but the others and I have weak ones. Since I am already in heaven, I want to go to the secret room of the poisonous thorns." The Lord replied, "Very well. I am more than happy to show you the thorn room. I will take you there for one day you will become one of my great servants. Very well, follow me." The Lord personally led me and told me to be cautious. "Joseph, you must first enter the room where the Holy electricity is located. This room is very dangerous and therefore your faith must be firmly established and you must be determined to endure. You must endure to the end no matter what!"

* **The room where the Holy electric flows**

Jesus led me to the entrance of the Holy electric room and disappeared. The enormous square shaped building was very tall. All the secret rooms were unimaginably enormous. The Holy electric room also had angels standing guard at the entrance. The flow of strong electric energy spurted out from the eyes of the angels standing guard. I could not look straight at the angels. Power and authority were overflowing from the stately faces of the angels. The energy flowed throughout their bodies.

Page 205

I instantly became frightened and took a few steps backwards. The angels then smiled and said, "Welcome, Saint Joseph! This place is the home of a powerful electric weapon. The saints are able to use it when they fight against the evil spirits. The saints who long and desire it will be able to experience and utilize the weapon. This gift is granted by the Holy Spirit. I hope you are able to receive this great power after you have entered this room." The angels then opened the door. A bit startled but curious, I walked with hesitation into the room. As I entered the room, the door behind me was shut. I realized that this room was not a place where I could back out.

The sight was so enormous and astounding that I thought I was going to faint. "Ugh ~ Wow! Ah!...!!" I did not realize that I was screaming and I panicked. "Lord! Lord! It is so hot! I am scared! Grant me the strength!" I continued to shout and repeat what I had said. Powerful electric current streamed out reminding me of the rainy season when it rains with thunderbolts and lightning. With sounds of explosion, the electric current continuously shot out in all directions. I was startled and shocked. I felt as though I was going to be killed. "Lord! Save me! I think I am going to faint!" As I loudly shouted, the Lord spoke in an audible voice. "Joseph! Do not worry but approach it boldly with faith!" When the Lord cheered me on, I became bold. I thought to myself that since I had already entered this room, I should receive and obtain the power as much as possible.

The room of Holy electricity did not have any divisions or layers of shelves. The electric room looked just like lightning and its current flowed powerfully. The electric current flowed in all directions from top to bottom. I saw in the center of the room an enormously large shaped round electric ball. The electricity appeared alive. I could clearly see the nucleus in the center of the ball. With powerful sounds, the sparks from the electric ball shot out in all directions. The sounds of the electricity streaming and flowing surrounded the air. Knowing I would be taking a risk, I jumped toward the very center of the electric ball. I counted, one, two, three, and jumped. I postured like a diver jumping into the water and dove into the electric current. In an instance, I had fainted from the enormous electric current. My whole body had received an electrical shock.

Page 206

I thought I was going to die from the electrical shock. After some time had passed, the Lord had recovered me back to consciousness. I could clearly hear the sound of electrical

current streaming from my body. I had devoured the Holy electricity with my body and mouth. I had received as much as I could. It didn't matter if I desired it or not, the Holy electricity freely flowed and worked in and out of my whole body. My body had automatically absorbed the electricity. I realized that the Holy Spirit entered into my body prior to assist me in enduring the electrical shock. The sparks were leaping from my whole body including my hand and feet. My head, the tip of my toes, the viscera, internal organs, and every in and out of my body were continuously shaking.

Initially, the Holy electrical room appeared as though there was no end but as I continued to walk forward, I eventually came to the end. I passed through the exit and came out of the room. "Huuu~" It was so intense that I had to take a long deep breath. As I breathed, the Holy electric came out of my mouth.

* **The room of the Holy Fire**

The escorting angel continued to lead me and said, "Saint Joseph, this time we are now going to the room of the vigorous blaze of the Holy Fire! Follow me!" I thought to myself, 'I must be going toward another powerful place.' I continued to follow the angel.

Page 207

From a far distance, I could feel the heat as the flames spurted out. The room was a square shaped room. Two angels stood guard at the entrance. Their bodies were engulfed with flames of blazing fire and they were holding a blazing sword of fire. As they stood guard and saw us, they greeted us. "Welcome. This is the place where the Holy blazing fire is located. We have been waiting for you." The energy of the fire and heat could be felt from where we were standing. Before, at one time, I viewed a long tunnel where the Holy blazing fire was located with my father. I was very curious about the inner part of this room.

The Holy Fire room looked much larger than any great mountain on earth. The form of the room appeared to be a wide open ground shaped square. It appeared to be a one story interior room. The blazing fire endlessly burned and the flames reached the left, right, top and bottom of the room. The blazing fire shot in all directions and the flames harmonized at the center of the room. The flames formed a round ball at the center of the room. The fire ball was spinning continuously. The speed of the spinning ball was incredibly fast. The fire blazed vigorously upward and it seemed like it was going to devour me.

"Wow ~ Wow ~ "No matter how much I shouted or screamed, no angel or the Lord appeared. I was all alone in the room of the Holy Fire. I prayed to the Lord. "Jesus, please give me the strength! I want to receive all fire granted by the Holy Spirit! Please give me faith and boldness so that I can enter into the fireball!" When I prayed, the Lord assisted me and I was able to endure the heat of the blazing fire a little at a time. I thought to myself, 'Alright, great! I will now enter the center of the fire and receive the power.' With a determined mind, I walked toward the center of the fireball. I as approached closer, the heat became stronger. I know I had to take the risk. I counted, 'one, two, three'

and ran toward the center of the fireball and jumped. Just as before, I dove in like I was diving in water. I dove in like I had when I was in the room of the Holy electricity.

Page 208

Once I had jumped in the fireball, my whole body began to burn and the flames wrapped around my body. The flames appeared to have a life of its own. Unceasingly, I moaned and continuously cried out in pain. “Ah ~ Oh ~Ha, Hot! Very hot! Ah ~ God! God! Lord! Lord! Give me the strength! Give me the strength to endure to the end so that I may receive all the power!” I repeatedly shouted and shouted. The flames of the Holy Spirit entered in my head and the flames swept through my chest, face, eyes, feet, hands, back, etc. The flames swept entirely through my body, inside and out. This procedure repeated over and over again.

I could no longer bear the heat and shouted, “Save me! Lord!” Shouting, the flames came out of my body and the flame that appeared alive came out of my mouth. I struggled not to lose consciousness. The blazing fire vigorously burned. I felt like I was going to faint. Within that moment, I heard the voice Jesus. “Joseph! You will be a servant who will manifest many great powers in the future. Therefore, receive as much power from the fire as you can. Manifest my power!”

I did not know how long I had been in the room but I continued to receive the power of fire and eventually fainted. I did not know how I had come out of it but I had endured to the end. When Jesus caressed me, I had gained my consciousness and my body gradually recovered back to normal. The Lord said, “Joseph, in heaven, there are many rooms like the room you have just experienced. There are electric and fire rooms. There are also other realms of fire rooms. Any person who prays diligently and persistently will receive the power of fire. Currently, you parents, Pastor Kim and Saint Hyun Ja are continuously passing through the fire. Therefore, you must also fervently pray and obtain the power of fire.” I replied, “Yes, Lord! Amen!”

Page 209

Presently, my fathers, my mother, my little sister, Joo Eun, the members of the Lord’s Church and myself are experiencing amazing revelations. Whenever we lift our hands up to the air, the flames of fire and electricity of the Holy Spirit burns fiercely over are hands. We are able to experience the tingling sensation. We are experiencing these revelations every hour of everyday. With our eyes opened, we are able to observe the amazing revelations with their physical eyes. All of the members of the Lord’s Church are participating in the Fire Ministry. Other Christians from outside our church who are visiting are able to partake the experience as well.

Oh, Seung Young - As I powerfully and fervently prayed, I heard Joseph shouting continuously. “Oh, hot! Ah ~ Hot!” Out of curiosity, I asked him, “Hey Joseph, what is wrong?” Joseph replied, “Oh, I just got back from the secret room in heaven.” Surprised, I said, “What? Secret room? You should have taken me with you instead of going by

yourself. Don't you have any loyalty?" Joseph replied, "It is not your time yet. Anyway, my body is exhausted. When I recover back to normal, we can go together." God especially shows Joseph many more things of heaven. Whenever I pray with Joseph, my spiritual eyes open quickly. It is amazing. Joseph doesn't really talk about what places he has visited in heaven. I think he has made a promise to Jesus not to talk about it in details.

Jesus showed me the future of our church in details. He showed me about 666 that are coming in the near future. I do not know what the 666 is really about but I have heard indirectly of it from Joseph. However, as I read Revelations, I am beginning to understand a little of it.

Page 210

Jesus said, "Seung Young! The days of 666 are coming in the near future. Be watchful and guard your life in faith." People who are control by the devil will force people to receive the mark of 666. Whoever resists the mark will be killed. Those in control will randomly kill those who do not have the mark. The believers will flee in all directions and run to escape from the evil people.

*** The room of the poisonous thorns of the Holy Spirit**

Kim, Joseph - After I had visited the room of the Holy Fire and Electricity, I was once again in church praying in tongues. While I prayed, Jesus returned and took me back to heaven once again. "Joseph! This time, let us go visit the room of the Holy poisonous thorn." The Lord then called an angel to escort me. The Lord then disappeared. The angel said, "Saint Joseph, please follow me." I followed him and after some time had passed, the huge cube came within my sight. The cube looked much bigger than the earth. As I walked closer to the cube, I felt like I was the size of a dust. Whenever I had visit any of the secret rooms, at least two angels stood guard at the entrance. In each unique situation, the angels stood guard with a weapon that represented the room.

For example, the angels who stood guard of the Holy fire room and the tunnel of the Holy fire held a fire sword. The sword's sharp blade was engulfed with the flames of the blazing fire. The angels that guarded the Holy electricity room had swords of electricity in their hands. As I observed those swords in amazement, I was able to hear the sound of electrical current flowing. The strong electrical current shot out like lightning.

Page 211

Now, as I observe the angels standing guard of the Holy poisonous thorn room, an angel at each side of the door held a fearsome iron hammer. The top of the hammer was shaped as a club. Except for the handle of the club, the iron hammer was densely populated with sharp keen thorns. The number of thorns was too many to count. The thorns on the hammer were covered with fearsome radiating poison. The angel who was leading me gave me a warning. "Saint Joseph! If you even graze the poisonous thorns, your body will become paralyzed for the poison will quickly spread throughout your body. Once

you obtain the weapon of the poisonous thorns, you will be more powerful and victorious in your battles over the evil spirits. You are now about to enter the room of the poisonous thorns. Firmly prepare your mind!”

My father has already obtained the poisonous thorns. Once he shouts, ‘Holy poisonous thorns,’ he will graze his hands on the bodies of the church members who have their spiritual eyes opened and they would fall right on the spot. They are out for a long time. Furthermore, the pastor would sometimes clandestinely rub the bodies of the church members as he would pass close by them and shout to himself, ‘Holy poisonous thorn.’ The church members would have no idea what the pastor was up too. The moment the pastor touched them, they yelled a long scream and fell on the spot they were standing. The members were out for a long time. The poisonous thorns would produce a reddish spot on their bodies and they are paralyzed for a time.

I asked the angel who was escorting me about those events and he said, “The pastor has already numerously visited the room of the poisonous thorns. For that reason, he has obtained a more powerful weapon from the poisonous thorns. This weapon is granted by the Lord so that one may use it to fight against evil spirits.” The angel further stated that beginning today, I will also enter the poisonous thorn room many more times.

We greeted the angels who stood guard at the entrance of the poisonous thorn room. One of the angel that stood guard placed his huge key into the lock and turned the key to the right. The door then opened by sliding to the side. I entered the room alone.

Page 212

The interior was unimaginably spacious, the width and height immense. The ceiling, floor, and all sides of the walls were covered with sharp thorns. The thorns reminded me of chestnut burs. I became frightened as I observed all the thorns that covered every square inch. I did not dare walk forward. At that instance, the Lord appeared and said, “Joseph, wear this on your feet.” They looked like sandals. The Lord personally placed them on my feet. Stepping on the thorns, I looked around and moved deeper inside. “Wow ~ wow ~ looks scary. Looks like I can be killed if I get pricked by one of these thorns.” Shouting to myself, I continued to walk forward. With the Lord’s power, the soles of my feet were not hurting. The thorns brightly shined and radiated. As I looked closer at the thorns, I could see the liquid like poison covering the thorns. The menacing liquid or poison looked very frightening.

After a long walk, I finally began to see the end. When I had first begun to walk, it appeared endless. After visiting the many secret rooms, I have realized one common point. I must never give up but walk to the end of each room with endurance and perseverance. I have to walk for several days in some of the secret rooms. In all cases, a lot of time is required to reach the center of the room. Of course, through prayer, all of these are possible.

I did not know how long I had walked but I have reached almost to the end. When I had

almost reached the end, I saw an enormous round shaped object floating in the air. It appeared to look like an iron mace with many sharp thorns densely packed all over the object. That object reminded me of a chestnut bur as well. The size appeared bigger than earth. I did not know how the object remained floating in the air but it was slowly spinning all by itself. I wanted to check if I was still conscious so I touched my body and pinched myself really hard. I felt the physical sensation of the pain.

Page 212

The round shaped iron mace with poisonous thorns would sometimes spin at powerful speeds or spin slowly. Depending on the number of spins, certain amounts of sharp thorns would fall off and disappear right in front of my eyes. "Lord! Lord! The thorns that have fallen off, where have they gone?" I then heard the voice of the Lord. "Joseph, do not your church members shout everyday for the Holy poisonous thorns as they pray? Whoever ask and longs will be granted the Holy poisonous thorns. The disappeared thorns have gone to the people who have asked and longed for it." I finally understood.

The members of the Lord's Church battled with the evil spirits during their prayers on a daily basis. When the pastor would shout, 'Holy poisonous thorn!' We would also shout in unison. These are very strong offensive weapons to utilize during fierce battles with the evil spirits. Whenever we arm ourselves with the Holy sword, the Holy fire, the Holy poisonous thorns to battle against the evil spirits, they attempt to avoid us at all cost. The evil spirits are aware and frightened of the powerful poisonous thorns. As the evil spirits come near the members who pray, we would shout, "Holy poisonous thorns!" The poisonous thorns would automatically protrude from our bodies to pierce the evil spirits. The evil spirits would then immediately become dust. These types of events are unimaginable in the average church but these types of events are normal at the Lord's Church. The events of the Holy fire and electricity are every day normal events as well. The Lord said that He grants the gifts or weapons only when His people request it. When His people earnestly long and desire it.

"For behold this selfsame thing, that ye sorrowed after a godly sort, what carefulness it wrought in you, yea, what clearing of yourselves, yea, what indignation, yea, what fear, yea, what vehement desire, yea, what zeal, yea, what revenge! In all things ye have approved yourselves to be clear in this matter."
(2 Corinthians 7:11)

Page 214

Since I know the power of the Holy poisonous thorns and urgently require it, I widely stretched out my arms toward the spinning iron mace. I shouted, "Holy poisonous thorns! Lord! Please grant me the Holy poisonous thorns! The round iron mace shot a countless number of poisonous thorns at me and they all entered my body. I felt some tingling sensation but no pain at all. The poisonous thorns began to accumulate within my body. When the pastor previously shouted, 'Holy poisonous thorns!' I thought to myself, 'What? Is there such a gift or weapon?' Now that I have entered the room of the Holy

poisonous thorn, I completely understand. When the church members now shout out, "Holy poisonous thorns!" The sharp Holy poisonous thorns protrude from their bodies. I have laughed many times because of their amazing appearance. It looks very funny with thorns protruding from their bodies. Although people with unopened spiritual eyes cannot view these events, the members of the Lord's Church are able to view these events with their opened spiritual eyes.

* **Frequent visits to Hell**

Pastor Kim - Currently, as I write this book, it is September 2006. I am still visiting hell frequently, in fact, on a daily basis for about a year now. When the church members pray as a group, we sometimes visit and experience hell and/or heaven as a group. This is an unimaginable event that is not experienced by other conventional churches. However, this is true. On a daily basis, as I begin to pray, I am taken immediately to the lowest part of hell. I then experience the countless degrees of painful torments. I am not able to completely describe it with words. Some of it is indescribable.

Page 215

I am not able to properly describe the expressions of the struggling souls that scream within the hot flames of hell. Among them were the souls that have entered hell because they did not believe correctly even though they knew the Lord. Some were doctrinally educated, some were theologically educated, some were academically educated but they were in hell. They should have known the Word of God. They should have known better. This fact frustrates and torments me. I screamed in agony as I pulled my hair. Who will they complain too? Who can they blame? Who can they make their plea too? Jesus had commanded me to disclose the identities of the evil spirits. This work is not welcomed by many people in the Christian community. When we cast out demons and disclose the evil spirits that were deeply hiding within the Christian community and individual Christians, we had to pay a price from those battles.

Christians are initially in denial. They deny and reject the claim that evil spirits can dwell in a Christian. They claim that since the Lord dwells within them, the evil spirits are not able to dwell within that person. I, initially, believed the same way. But the Lord showed me otherwise and assisted me in accepting this fact. The first thing the Lord did was to let me personally experience the torments of hell. To this day, I have been visiting hell on a daily basis and it has now been over a year. When I am in hell, the Lord withdraws the full armor and the other special offensive weapons from me. The Lord has allowed me to be tormented in every which way and from every place in hell. I had been dragged to every place in hell. Within miserable places of hell, I have been ripped to pieces by the evil spirits.

I have been drenched by flaming fire. I have been skinned alive. I have been in a place where the evil spirits have skinned me and left me with only my bones. I have been in a place where the evil spirits have extracted my internal organs to pound them with a stone mortar. I have been boiled alive inside a large pot. I have been roasted alive on a skewer.

In most cases, I was tormented alone but there were times when I was tormented with other corrupted Christians. We were all tied up and placed next to each other as in a row. The event reminded me of dried yellow croaker fish. In Korea, dried yellow croaker fish are usually tied up in a row to be sold or eaten. The Lord said, "Pastor Kim, you are experiencing the personal torments of hell because you have been commissioned to disclose the identities of the evil spirits. The other reason is for the fact that you are a pastor. I desire all Christians to live their life of faith properly and be awakened! My servants are incorrectly teaching and leading the saints to hell. They are all leading one another to hell and this must stop!" Currently, these days, I am intensely visiting the place in hell where many corrupt pastors and Christians have been sent.

*** Gum bong First Church of Jesus (Name of Church in Korea)**

I led a revival meeting on Wednesday, May 1st to 3rd, 2006, at the Gumbong First Church. This church is located in the city of Yeosu. The Lord had commanded me to document the event. The matter was urgent. With the Lord's grace, we had begun to incrementally lead revivals. Normally, we would lead revival meetings starting on a Monday evening until Thursday evening. However, the Lord had commanded me to lead this revival meeting until Wednesday evening. We started the revival meeting at 7:30 PM, Monday and finished around 4 to 5 AM. At 2 PM, same day, we began again and finished at 6 PM. We stopped for dinner and began immediately after. We finished around 4 to 5 AM. We then returned to our home town, In Cheon. In some occasions, during our revivals, the congregation can experience heaven or hell. But this is only possible through the grace of the Lord.

Many times during our revivals, the Lord will spiritually open the eyes of their congregation. The other churches are now discussing the revivals that we are leading. They are discussing the revival of how spiritual eyes are being opened.

The Lord had powerfully worked at the Gumbong First Church in Yeosu. During the mid point of the revival, the spiritual eyes of the pastor's wife had opened. Chung, Young Duk was the wife of the senior pastor. She vividly saw many corrupted pastors and ministers being tormented in hell. They had incorrectly taught and led many saints to believe incorrectly.

*** The corrupted ministers go to the place shaped as a trumpet in hell**

During the middle of revival, Mrs. Chung, Young Duk screamed and began shouting as she was being shown hell. "Ah! Ah! It is frightening! I am so scared! I no longer want to see! Please, I do not want to see any more!" I said, "Mrs. Chung, why do you not want to see? Since you are a wife of a pastor, you must observe very closely! You will then be

more cautious with your walk with the Lord, correct? Do you see Jesus? Answer my question if you see Him!” Mrs. Chung, Young Duk answered, “Yes, yes, I see Jesus! The Lord is observing His beloved servants in hell for they had become corrupt. Jesus is lamenting with streams of tears and grieves.” I replied, “Mrs. Chung, Young Duk, ask the Lord to clearly show you the pastor who are in hell for their corruption.” As I repeatedly asked Mrs. Chung, the Lord pointed His finger toward the other side as He covered His face with His other hand. He was in agony and lamenting over the corrupted pastors. The place where the corrupted pastors were sent was shaped as an enormous trumpet. The trumpet shaped entrance was very wide and the bottom became narrow. Among the brass instruments, the place was shaped as a trumpet and horn.

Page 218

We asked the Lord to show us the spiritual condition of the pastors. The pastors appeared as though they were stuffed humans. They looked like stuffed animals. As though, someone had stuffed them for some exhibition. Their heads were unusually large and filled with human knowledge. But their hearts were completely empty. There were countless number of coffins filled with the dead bodies of pastors. It appeared endless. All the coffins were covered with a garment. The garment had a cross stenciled to it. The coffins were thrown into the entrance of the place shaped as a trumpet. The coffins hit the entrance and smashed into pieces. With the coffins destroyed, the pastors jumped out naked and slide down the narrow path of the trumpet shaped place of hell. The site was miserable.

As they slide down on their back and head first, they shouted, “Ugh! I am so sorry! Save me! Ugh! I did not know! I did it because I did not know, please forgive me! Save me!” When they reached the bottom, they hit the ground with their heads. The bottom was pitch black and it was impossible to see anything. The bottom was already full of numerous corrupted pastors. They were piled up like a mountain. As the pastors slide down to the bottom, they screamed at one another. “Hey, why are you pushing me! Ugh! I must climb out of here! It is too dark! It is suffocating! Lord! Help me! Save me!” Their screams echoed throughout the place.

As I wailed and I asked the Lord. “Lord! On what grounds have the pastors come to hell? It is not like that they did not believe in you. They must have loved their church congregation very much. Moreover, as pastors, they must have known the Word more than any others.”

Page 219

With a frightening and firm voice, the Lord spoke with wrath. “They are no longer a pastor! They have mocked Me! They were the ones who blasphemed against the Holy Spirit and opposed the work of the Holy Spirit. They never taught about the gifts. In fact, they denied the gifts. They did not keep Sunday Holy. They were the one who incorrectly taught their congregation. They had made the sheep blind! They were hypocrites and greedy for money. Among them, there are also countless number of pastors who had

talked dirty and committed adultery.”

“Speaking lies in hypocrisy; having their conscience seared with a hot iron;”
(1 Timothy 4:2)

“Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind, Nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God.”
(1 Corinthians 6:9-10)

As a matter of fact, the concept of keeping Sunday Holy had become hazy and obscured within the church. The concept of Holiness had completely been erased. With the pretense of freely serving the Lord through the gospel, the concept of keeping Sunday Holy had deteriorated. It is the piteous reality that the church does not live Holy including the pastors. I have come to realized that it is more difficult for pastors to enter heaven than regular believers.

I once again shouted to Mrs. Chung Young Duk. “Mrs. Chang, take a look at the place where the wives of pastors go in hell. Since you are the wife of a pastor, you must view it!” She strongly resisted, “No, no! I am scared! I do not want to see!” But the Lord said, “Here, observe very closely! You must meticulously describe this to the people so they do not come to hell.” Once again, the Lord lamented with tears as He watched the pastor’s wife in hell. The Lord meticulously showed hell to Mrs. Chung.

Page 220

“Ugh! Ugh! Too much! I’m scared! (She shook her head from side to side) I do not want to see anymore! It’s so miserable! The wives of pastors had unusually large heads as well. Their heads were filled with the things of the world. Too many! Too many! Their hearts were completely empty. The wives were the same as the pastors. The wives were busy taking care of their outward appearance! Oh! Oh! What should I do?”

Just as the pastors that were in hell, the wives were also screaming and shouting that they did not know. The wives were also thrown into the fire and darkness. The Lord said that countless number of pastor’s wives is in hell for being arrogant, being hypocrites, and loved money. These were the things the Lord despised the most. Why have the souls that were suppose to go to heaven in hell? How on earth? What is the reason? Why? Where did it go wrong? With this opportunity, I once again asked and shouted to Mrs. Chung to observe how many corrupted elders, deacons, deaconesses, and regular congregation members were in hell. But she frantically waved her hands. She then screamed as she continuously shook her head. “No! No! I’m so scared! I do not want to see anymore!” However, if the Lord decided to show her the scene, how can she resist it? The congregation of Gum bong First Church listened very carefully and silently as the pastor’s wife spoke. They listened with fear and trembling. She continued, “So many, so many! Ugh! There are too many of them that I cannot possibly count!” Many lay

believers did not live in proper faith in which God approved. As a result, many of them were pushed into hell by the power of a bulldozer that was controlled by evil spirits. The people were all naked. The people were constantly pushed into hell. In fear, I wondered why the Lord would show us the many believers in hell. Especially, when there are still many of God's servants with their wives and lay believers who fervently serve the Lord. They are the ones with names that are not well known and the ones that are not in the spot light.

Page 221

“Let us therefore fear, lest, a promise being left us of entering into his rest, any of you should seem to come short of it.” (Hebrews 4:1)

“But exhort one another daily, while it is called To day; lest any of you be hardened through the deceitfulness of sin. For we are made partakers of Christ, if we hold the beginning of our confidence stedfast unto the end; While it is said, To day if ye will hear his voice, harden not your hearts, as in the provocation. For some, when they had heard, did provoke: howbeit not all that came out of Egypt by Moses. But with whom was he grieved forty years? was it not with them that had sinned, whose carcasses fell in the wilderness? And to whom sware he that they should not enter into his rest, but to them that believed not? So we see that they could not enter in because of unbelief.”
(Hebrews 3:13-19)

Many churches do not teach their congregations that a believer can possibly go to hell if they incorrectly believe in the Lord. Once such case to consider is a fast growing cult in Korea. They approach existing believers and attempt to question their salvation. (This cult teaches their congregation that once a person is saved, that person must not repent for the rest of his/her life since all their sins, past, present and future is forgiven.) There are times when believers fall prey to these groups.

In today's modern time, the concept of keeping Sunday Holy has been gradually deteriorating. It is considered out of touch with the current times. In fact, materialism is the new doctrine that has now been deeply rooted in our churches. With conviction and intensity, many churches preach prosperity. They further preach that all will be well if they only believe in Jesus. Their teaching or idea of salvation has nothing to do with the salvation that is stated in the bible. The Lord's view and their view of many things are different. We have to remember the fact, the fact in which Apostle Paul clearly stated that not all have the faith.

“Finally, brethren, pray for us, that the word of the Lord may have [free] course, and be glorified, even as [it is] with you: And that we may be delivered from unreasonable and wicked men: for all [men] have not faith.” (2 Thessalonians 3:1-2)

Page 222

The revival at Yeosu Gum bong First Church finished on Wednesday at 5 AM. All of the

believers who had attended the revival gave all the glory to the Lord in fear and trembling.

***Kicked out and on the streets**

Our house has been auctioned off successfully by a broker. They threaten and pressure us to move using the foulest language that even I cannot ever draw forth from my mouth. Since I have been threatened and pressured everyday, I become nervous when they miss a day with their threats. Now, the time of eviction has finally come. The day I have been most dredging. When this notice came, I have been visiting heaven and hell with the Lord on a daily basis. Since my eyes have been opened spiritually, I was able to converse with the Lord at all times. Moreover, the publication of the first book for the series ‘Baptism by Blazing Fire’ had been released three days prior. I had been eagerly waiting for the publication with excitement. For some reason, the Lord had let our family experience a special trial. We had finally been kicked out of our house.

Page 223

On the day of eviction, the broker had dropped by our house and began speaking eccentrically with a very soft voice. The broker showed respect and referred to me as ‘Pastor, pastor.’ He asked us to stay inside as he had something to discuss with us. We were relieved by his gesture of kindness. Then suddenly, twenty three large built men rushed into our home. They began to take every single item from our home. We were left with the shirts on our back and two refrigerators. They left a small piece of paper with a map drawn on it. It was the location of our things to pick up once we had some money. They at least left the two refrigerators and that was because of my wife’s begging. Except for what we were wearing, there were no extra clothes, not even any underwear. We all got kicked out to the parking lot of the street. The broker of the auction controlled and ordered all that was going on. Our family did not resist or speak any harsh abusive language toward them. We but helplessly gazed at the situation and the people kicking us out. My wife broke down on the street corner with tears streaming down her cheeks. My son, Joseph, was heartbroken and he was smiting his baseball bat to the ground. Haak Sung was very worried over the fact that our family was being kicked out to the street. I thought to myself for a second. ‘How would the Lord react to this scene? How would the Lord want me to react to this scene?’ I then decided to thank the Lord. I said to myself, ‘Well, it has already happened. Now we are finally on the street.’ I immediately took my glasses, the one with the round shape glass frame with no lenses. The frame of the glass was made of black plastic. During worship service, I would wear these funny looking glasses whenever I dance. Wearing them, I would dance in a humorous way. “Lord! Thank you so much for finally having me kicked out of my house! For several months now, I have been nervous and my heart would always race whenever I thought about the broker calling to kick us out. But now, you have relieved me and there is no more burden!” With those grateful words, I was laughing out loud and constantly dancing in the streets. There would be people passing by and they gave me a weird look but I did not

care. I looked toward the Lord and continued to confess and thank Him.

Page 224

In this world, we make mistakes and errors that will produce residual effects. We may sometimes ask ourselves why the Lord will not protect Christians. We must know that the Lord has deep intentions. At times, the Lord will allow us to learn through trials and tribulations so that we may be better equipped. Now, I completely understand and know the emotions that a church member may go through when they are kicked out of their home. If a person loses a home and comes to our church in pain and agony, I think I can absolutely comfort him/her. As the Lord saw my unexpected behavior, He was pleased and said, "Pastor Kim, you have not disappointed me. You have made me happy!"

My problem started nine years ago. There was an elderly gentleman in our church. He was a church member who ran a small business. He had rented a medium sized car under my name. However, instead of returning the rental car, he sold the car after using it for several days. He then used the money from the sale of the vehicle and injected into his business. It was his intention to pay back the money but he was not able too. From there, the trouble began. To make matters worse, I co signed for him as well. I had completely blown our equity from our house and the delinquencies accumulated for nine years. I had been a credit delinquent for nine years. Despite of the fact, it is really my ignorance that has brought me to this situation. I have neglected the matter without resolve. This experience has deeply penetrated my heart and has taught me a valuable lesson about co signing for anyone or lightly making an important decision. I am once again reminded that we should be cautious about co signing for anyone such as parents, siblings, or friends. We must also be cautious about co signing for brothers and sisters in the church for it can leave deep wounds for one another.

Page 225

"My son, if thou be surety for thy friend, if thou hast stricken thy hand with a stranger, Thou art snared with the words of thy mouth, thou art taken with the words of thy mouth." (Proverbs 6:1-2)

"He that is surety for a stranger shall smart for it: and he that hateth suretiship is sure." (Proverbs 11:15)

"A man void of understanding striketh hands, and becometh surety in the presence of his friend." (Proverbs 17:18)

We sometimes enter a situation in which we may not have many options or alternatives and we make a choice that may be a mistake or may regret it. This experience has taught me a very important lesson. I will remember it for a long time. Besides myself, I see other pastors get enter twined with their congregations over matters of money. However, as we

make mistakes, we eventually learn from our mistakes.

“I know both how to be abased, and I know how to abound: every where and in all things I am instructed both to be full and to be hungry, both to abound and to suffer need. I can do all things through Christ which strengtheneth me.” (Philippians 4:12-13)

Christians must realize that the possibility of hardship, persecution, and inequality may be experienced in their life time. The Lord allows us to experience various problems for His sake. The problem is not the hardship we experience, but our attitude. We are resistant to learn. The biggest problem in our church today is that we only want to experience blessings and happiness. The Lord had always presented different circumstances to Apostle Paul in order for him to experience various trials. Paul had experienced hardship, he was beaten up, he was persecuted, and suffered other forms of trials. He was even betrayed by his own people.

Page 226

하나님 께서는 우리를 모든일에 적응할수 있도록 하시기 위하여 믿음의 요령을 터득하게 하신다. 그래서 제자들이나 초대교회 성도들 그리고 우리들 에게도 믿음의 노하우는 생길수 밖에 없다.

We once again moved back to the small room in the back of the church. We continued with our normal daily lives. After we had lived in the small room for several months, the Lord provided us with a cozy place. We signed a contract with the owner for a monthly rental. Coincidentally, the owner was the broker who had auctioned off our home and the one who had kicked us out several months ago. When we met to sign the contract, it was an awkward moment as we recognized each other. He then properly apologized to me. “Oh Pastor Kim, I can not live with the mistake I have done in my life. I am very sorry for what I have done to you at that time!” I replied, “That is alright. I have already forgotten it all. Rather, I am sorry that I had resisted for such a long time. I should have vacated!” The broker is now our new landlord. He does not interfere with our lives at all. We live comfortably and at peace. As I live my life, I face and experience some unusual events such as this. The Lord sometimes trains us in our moments of frustration and sufferings to mature us spiritually.

“The grace of our Lord Jesus Christ be with you all. Amen.”
(Phillipians 4:23)

*** The Professor’s family**

Once the first and second book of ‘Baptize by Blazing Fire’ was published, people who were seized by evil spirits hastily came from throughout the country. Initially, one or two visited but now, they came in groups. Most came in groups of ten and then the number of individuals in the group became larger. There were many souls that came in groups who appeared to be sheep without Shepard. Every person that had come to visit had problems

in their lives. They were pitiful little sheeps. The living Word of God was inside them but they were not capable of applying the Word realistically to their lives. Their problems continued to compound within their lives and they have been looking and seeking help. But they had not found the proper place or person to resolve their problems. People had evil spirits within their bodies. The evil spirits were a parasite to them. They hid inside the bodies of believers and continued to live life together. Generally, the external characteristic or appearance of a person did not distinguish whether a person had evil spirits or not. It did not even matter whether a person faithfully served the church or if they held any position or duty to the church.

One evening, a professor and his family came to our church from the city of Gyeonggi - do. The professor served his church as an elder and his wife was a deaconess. They said they came to the Lord's Church to pray and they had brought their eldest and second daughter with them. "Pastor! My eldest daughter is seized by evil spirits. Please cast them all out!" Since he had pleaded, the church members and I battled to cast the evil spirits out until 3 AM.

But the daughter wasn't the main problem, the main problem were the elder and his wife, the deaconess. In the case of the daughter, it was apparent with our physical eyes that the girl had evil spirits as it was exposed through her seizures. However, the evil spirits within the elder and deaconess parasitically dwelled in them as they were well hid deeply in their bodies. The evil spirits had secretly and quietly lived in them so that their presence would not be divulged. The evil spirits that dwelled in the elder and deaconess were much stronger and more numerous than their eldest daughter. The evil spirits inside the elder and deaconess began to manifest and expose themselves one by one but our time was limited as it was not enough since morning service was about to start. My mind raced and I had become impatient. If I release the couple, there is a possibility that stronger evil spirits can enter into their bodies. Therefore, I had to hasten and not lose even a moment.

Page 228

Some people would say to me, "There are so many other things to do; we do not have the time to have evil spirits cast out. When and how long will you be casting evil spirits out?" People would say all sorts of things about us. Perhaps, if they realized that their loving sons and daughters were demonized and seized by evil spirits, they would not just sit idle and watch them live in torment. The children's' torment is the parents' torment. The parents must recognize that it is their responsibility for the torment of their children. The bible says in Matthew 15:22, "Have mercy on me. O Lord, thou son of David; my daughter is grievously vexed with a devil." When she confessed, the Lord healed her daughter after He witnessed the woman's faith. The bible is very clear about this matter. The people that have passed through the Lord's Church to visit and seek healing were a people oppressed by evil spirits. The Lord has granted the members of our church and myself the ability and power to cast out evil spirits. All the members of our church have earnestly assigned as a group to do the work of the Lord.

* **Beginning the Fire Ministry**

“I am come to send fire on the earth; and what will I, if it be already kindled?”
(Luke 12:49)

“For John truly baptized with water; but ye shall be baptized with the Holy Ghost not many days hence.” (Acts 1:5)

“I indeed baptize you with water unto repentance, but he that cometh after me is mightier than I, whose shoes I am not worthy to bear: he shall baptize you with the Holy Ghost, and with fire.” (Matthew 3:11)

The bodies, souls, and spirits of the elder’s daughters were filled with the blood of Christ. More than half the evil spirits from the bodies of the elder and deaconess were driven out but the other half resisted to the end. They persistently clawed into their bodies and would not relent. The evil spirits were weakening my strength. My body and faith were being tested as it weakened.

Page 229

Generally, I am spiritually and physically strong and confident but I was totally exhausted at this point. When the evil spirits realized that I was exhausted, they began to send more evil forces from hell. The evil spirits continued to arrive and attempted to enter into the bodies of the elder and deaconess.

As we witnessed this situation, we shouted, “Lord! Lord! Help us! Please show us the way to powerfully expel them!” When we shouted, the Lord replied, “Only by prayer! Only by shouting out my name!” We answered, “But Lord, we have been casting out evil spirits and shouting using the authority of your name for six hours!” Jesus replied, “Very well, have the elder and deaconess stand in an upright position from where they are sitting. Pastor Kim, now shout, Holy Fire as you raise your right hand!”

As the congregation watched us, my wife and I shouted, “Holy Fire!” In that instance, the fireball shot out from my palm and burnt all the evil spirits from their bodies. The evil spirits cried out, “Ugh! Hot!” The evil spirits were expelled back to hell as they became ash and smoke. The elder and deaconess fell backwards onto the floor and we did not have enough time to catch them. It happened so fast we could not react. We were so amazed at how the evil spirits were instantly cast out. “Wow! Amazing!” The church members, my wife, and I had our mouths opened with our lower jaws to the floor. With our lower jaws still hanging to the floor, the Lord made a statement. “This is only the beginning. In the near future, more powerful and stronger gifts will manifest. Therefore, be careful and do not be arrogant. Always be humble and pray unceasingly.”

I asked the Lord, “Oh Lord! When we could have cast out all the evil spirits within a second, why had you not told us the simple way? Why did you allow us to become so exhausted as we battled all night long?” The Lord replied, “There is no such thing as

instance! The process is very important! If I grant you and your church the greater power in the beginning, the possibility of you and the church becoming corrupt is much greater. Therefore, you and the members of the Lord's Church must go through the process in stages, one step at a time!"

Page 230

It was not just the Fire ministry; we were learning the process of various movements such as the Holy dance and healing hand motions. The Holy Spirit was presently leading and showing us step at a time.

Initially, we were not familiar with all the gifts of the Holy Spirit. In fact, we were a bit bewildered and thought it a bit strange. However, when we decided to accept them through faith, the numerous different gifts began to manifest such as the Holy Fire, the Holy Electricity, Holy dance, prophecy, interpretation of tongues, spiritual discernment, the ability to see through the spiritual realm, dialects of objects, the healing hand motions, joyful dancing..... Not only with adults, but the little children as well have experienced the personal events of the Holy Spirit. The members of the Lord's Church continue to feel the powerful presence of the Holy Spirit. Now, on a daily basis, the people from outside our church who have come to visit are shared the different encounters and experiences of the Holy Spirit.

"And we know that all things work together for good to them that love God, to them who are the called according to his purpose." (Romans 8:28)

***The camera from heaven, the snap of its flashlight**

November 4, 2005, Friday evening - Just as any other evening, we were fervently worshipping and dancing in the Spirit. We were giving all the glory to the Lord during the evening worship service. The Holy Spirit's powerful anointing was overflowing. Today was crowded with other members from other churches. It was very crowded. Many people from outside had come to attend our evening service. Countless of angels had come down. The angels recorded and took pictures as the congregation danced in the Spirit. The angels danced as well as they recorded and took pictures. Their cameras and camcorders were of different sizes, some large and some small. Jesus was delightfully dancing in the middle of our group. I noticed the Lord holding a large camera in His hand. He said, "Alright! Now, I will take some pictures of you so look this way!" He then clicked the shutter of the camera. When the camera shutter clicked, a blue colored light flashed. All the believers who were worshipping and dancing shouted in unison. "Wow ~ Hey! Did you just see what happened? Wow ~!" The believers who had the spiritual eyes opened and those who didn't witnessed the light. They were all amazed.

The Lord asked, "How was that? Wasn't it surprising?" The Lord cheered and complimented us. We were impressed and in shock as the Lord spoke cheerful words. "My beloved children! Your church always makes me delightful and happy! Your worship and dance is the top that is discussed throughout heaven. Your worship and

dance are the favorite of Father God! Remain unchanged, always! Your reward will be greater!”

“But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him.” (Hebrews 11:6)

*“Praise him with the timbrel and dance: praise him with stringed instruments and organs.
Praise him upon the loud cymbals: praise him upon the high sounding cymbals.”*
(Psalms 150:4-5)

Page 232

* **Meaningful Nicknames**

(Do not understand first sentence-주님의 교회 식구들은 적어도 주님과과의 관계에서나 하나님께 드리는 예배에서 일정한 부분 열려 있는 상태라고 해도 과언이 아니다.)

Therefore, this is an area where he treats us special. All of the members of the Lord’s Church have nicknames that are proper and humorous. All of our nicknames were given by the Lord. He had personally assigned our nicknames and He calls us by them. During the middle of service, I sometimes call the members by their nickname. Sometimes, I even playfully shout it out in passing. The nicknames that the Lord has given us signify a deeper meaning in its own way. When you look at the four gospels of the New Testament, the Lord had given His disciples another name. I think that it could have been a type of a nickname. The Lord had added another name to their names when the disciples expressed their faith to the Lord in a special way. It was also through some action based on the Lord’s discretion as well.

“And Simon he surnamed Peter; And James the son of Zebedee, and John the brother of James; and he surnamed them Boanerges, which is, The sons of thunder:”
(Mark 3:16-17)

“And Jesus answered and said unto him, Blessed art thou, Simon Barjona: for flesh and blood hath not revealed it unto thee, but my Father which is in heaven. And I say also unto thee, That thou art Peter, and upon this rock I will build my church; and the gates of hell shall not prevail against it.” (Matthew 16:17-18)

Page 233

* **Maeng Doll and Maeng Soon (Nick names of a man and woman)**

One day a young man named Song, Byung Soo visited our church from the city of Jeollabuk-do Gun San. After he had read the book, ‘Baptism by blazing Fire,’ he decided to visit our church. He was thirty years old. (In Korea, all men are drafted to the military)

During his military services, he had a tragic accident in which he had lost his right arm. His left arm was also severely injured. He was now physically handicapped. However, he was a man of faith and character. In fact, his faith and character was impeccable. He was a young man with a vision.

The tragic accident happened during his last year of military service. He only had 10 days remaining before he was to be discharged. A private who was under his command committed suicide by exploding a hand grenade. The private had just begun his military duties but could not adjust to his new life. Unfortunately, he failed to adapt to his new military environment. On the day of the accident, Brother Song and other fellow soldiers had confronted the private who held the hand grenade. The other soldiers attempted to persuade the private from committing suicide. They looked for a gap to over take him. When the soldiers saw an opening, Brother Song, Byun Soo rapidly ran to the private and held him down from the back. The captain of the platoon threw himself on to the private from the front. But when the hand grenade exploded, Brother Song lost consciousness. The explosion took both arms of the captain but the body of the private disintegrated into the air. This incident had been televised and made into a documentary. Now Brother Song would sometimes meet the captain who was in the same difficult situation. They are both living faithfully with a grateful heart. They thank the Lord for surviving because they know it was by His grace that they had survived. Even after the horrific accident, he had not given up with his life but had overcome. He went through difficult physical therapy. He had endured and he overcame the difficulties and despairs of continuing his life. Normal people could not understand the difficult times he had to go through. Brother Song had written a few pages of his life. The content of the letter was related to the accident. As a pastor, I had held on to the precious letters to this date.

During the most difficult time of his life, he did not give up but with deep tenacity, he overcame. Therefore, the Lord had granted him some very special gifts. One gift was the nickname given to him by the Lord, 'Maeng Doll.' The Lord had also granted him a precious wife who will spend the rest of her life with him. The Lord had also given her a nickname; it was 'Maeng Soon.'

Page 234

Maeng Doll saw his wife, Maeng Soon, as a woman with much vitality. Her original name is Kim, Soo Kyung. She is from Jeollabuk-do Kim Jae, her hometown. The Lord had sent her to the Lord's Church as well. Kim, Soo Kyung is 32 years old and she was a nubile woman. She was also a woman of character and faith. In fact, she was a sister of great faith and her personal life was impeccable as well. Brother Song and Sister Kim came to the Lord's Church almost at the same time.

It is amazing how the Lord created the environment so that Maeng Doll and Maeng Soon. Their circumstances naturally lead them to marriage. Although I was their pastor, I did not at first realize the handy work of the Lord. Both families from each side acknowledged and approved the wedding. Moreover, Maeng Doll and Maeng Soon were loved very much by both sides of the family. With the Lord's persistent nudging, Maeng

Doll and Maeng Soon became close to one another in a natural sort of way. With the blessing of the church members, the couple had a beautiful wedding ceremony. The event was joyous and a blessing to the church. However, the event was more of a blessing to the couple. Their love for one another is their strength and comfort.

*** Seam, Hae Lin from the city of Kwangju**

A little girl named Seam, Hae Lin, from the city of Jeon-nam Kangju contacted us after she had read the book, 'Baptism by Blazing Fire.' The little girl was still in elementary school, a fifth grader. She told us that she will visit the Lord's Church in Incheon. Seam, Hae Lin further stated that she would notify us of her reason to visit once she arrives. On the next day, Saturday, 2 PM, Hae Lin and her mother Lee, Yoon Sim arrived to the Lord's Church. Lee, Yoon Sim was a deaconess from her church. When we met, we discussed about many things. Hae Lin was a little girl who had her spiritual eyes already opened.

Page 235

Hae Lin was able to converse with Jesus at anytime and she had the gifts of tongues and the interpretation. The church where she and her mom attend constitutes about 20 people. It is a fairly new established church. The pastor at that church was a female. Their congregation prayed all night as well and on a daily basis. Their spiritual level is very deep. Their church walks in holiness and purity.

The little girl stated that the Lord suddenly came to her and commanded her to go to the Lord's Church located in Incheon. She was supposed to obtain spiritual training with us. She said that on November 4th, Friday night, the Lord spoke. "My beloved Hae Lin! Go to the Lord's Church in Incheon. Go early in the morning of Saturday. You must go with your mother. You will have spiritual training at the Lord's Church. When you arrive in Incheon, you will find a place to rent. You will be spiritually trained and you will learn how to walk in faith, properly. I will help you find a house to rent close to the church. You must deliver my command to your mother, Deaconess Lee, Yoon Sim.

When the little girl heard the voice of the Lord, she thought to herself, 'What? Why does Jesus want me to move?' Perplexed and confused, she casually went to bed and fell asleep. As usual, she prepared to go to school on Saturday morning. But suddenly the Lord appeared in front of her. He was on a fire chariot with fire horses. "Oh, Hae Lin! What are you doing now? You should be getting ready to leave for the Lord's Church." Hae Lin was very surprised and said, "Jesus, what about my school?" The Lord replied, "Hae Lin, is your school important or am I important?"

Page 236

With the Lord's command, Deaconess Lee, Yoon Sim and Hae Lin rushed without delay to the Lord's Church. When they arrived, His words have come to pass. The Lord had prepared a place right across the Lord's Church. According to the Lord's will, Hae Lin's

family had moved to Incheon and near our church. Currently, Seam, Hae Lin has been attending and participating with the members who have their spiritual eyes open at the Lord's Church. With her participation, the Hae Lin has received many gifts such as prophecy, seeing through, spiritual discernment, and etc. She has also received the gift of the Holy dance. Now with a vision, she is growing spiritually very well. Regrettably and pitifully, the Lord looked at the little children who have eyes that are spiritually opened but not properly administered and cared for in their own churches. They are being neglected and therefore, the Lord is sending them to our church. The Lord said that the little children with opened spiritual eyes will be valuable and later greatly used.

Page 237

June 29th 2005, Wednesday

“Moreover he said unto me, Son of man, eat that thou findest; eat this roll, and go speak unto the house of Israel. So I opened my mouth, and he caused me to eat that roll. And he said unto me, Son of man, cause thy belly to eat, and fill thy bowels with this roll that I give thee. Then did I eat it; and it was in my mouth as honey for sweetness.”

(Ezekiel 3:1-3)

*** The Room with the Gift of Spiritual Discernment**

“Now concerning spiritual gifts, brethren, I would not have you ignorant. Ye know that ye were Gentiles, carried away unto these dumb idols, even as ye were led. Wherefore I give you to understand, that no man speaking by the Spirit of God calleth Jesus accursed: and that no man can say that Jesus is the Lord, but by the Holy Ghost. Now there are diversities of gifts, but the same Spirit. And there are differences of administrations, but the same Lord. And there are diversities of operations, but it is the same God which worketh all in all. But the manifestation of the Spirit is given to every man to profit withal.” (1 Corinthians 12:1-7)

Kim, Joo Eun - As I earnestly prayed, I was firmly determined to beseech a certain matter to the Lord. Brother Joseph had entered the room with the gift of spiritual discernment many times. I quietly envied this privilege. Today, if I have to persistently insist, I will do so. I wish to experience the room with the gift of spiritual discernment. Therefore, I earnestly cried out over and over again. As the church members earnestly prayed in unison, the Lord, Jesus, appeared. He was dressed in bright shining white linen. He walked and hovered over us and received our prayer. In an audible voice, I beseeched the Lord. “Jesus! Jesus! I want to be able to visit the secret room in heaven, the room of gift! Please do not only take Brother Joseph. Please take me as well!” The Lord came in front of me and without me being aware of Him in front of me, He answered. “Alright, I understand, Freckles! Where would you like Me to take you?” I quickly answered, “Jesus! I like to go to the room with the gift of spiritual discernment. I would like to receive the power!”

Within a moment, Jesus and I had already arrived in heaven. We were standing in front of the throne of Father God. As I held the Lord's hand, we began to walk toward the room with the gift of spiritual discernment. During our walk, the Lord commanded an angel. "Spurk, come angel Spurk!" With His command, an angel rapidly flew and stood in front of Jesus. The angel appeared from no where. The angel quickly obeyed. "Take my beloved daughter Joo Eun to the room with the gift of spiritual discernment and meticulously show her around!" The Lord then spoke to me. "Freckles, go observe the room of the gift of spiritual discernment and explain what you see to Pastor Kim so that he may document it in the book. In heaven, there are numerous rooms with the gift of spiritual discernment. You will be able to see one of them."

Page 239

* The Name of Angels

Although Jesus was not with us, I still asked the Lord. "Wow! Jesus, the angels have names?" The Lord replied, "Joo Eun! You have your eyes spiritually opened and you don't know this?" I later asked the Lord for the names of the angels that are assigned to my family. The guardian angels that are assigned to my father, mother, and Brother Joseph. It is amazing and surprising to find out that the angels have names that are similar to ours. I know some names of angels as stated in the bible.

"And the angel answering said unto him, I am Gabriel, that stand in the presence of God and am sent to speak unto thee, and to shew thee these glad tidings." (Luke 1:19)

"Michael, one of the chief princes, came to help me; and I remained there with the kings of Persia." (Daniel 10:13)

The guardian angel for the pastor was called Preniel and the angel assigned to my mother was Khanvas. Brother Joseph's angel was called Crystal. My guardian angel is Demos. In fact, all the angels assigned to the members of our church have names also. The angel who is in charge of the book of life at God's throne is called Seraphim. It was very interesting as I heard the names of angels that were familiar to me.

I followed behind the angel named 'Spurk' as we walked toward the room with the gift of spiritual discernment. As the angel led me, my heart rapidly raced. Finally, I could see the room from a distance. There was a tall building with its top shaped like a triangle and a beam of light shot up into the air from it. I could see it from a far distance. The height of the building was so tall that it appeared as though it was piercing the sky of heaven. The width was also immense. The top of the building shaped as a triangle stood unimaginably dignified.

Page 240

The room with the gift of spiritual discernment felt like a structure bigger or taller than

any other building. It was no ordinary room. A small door with no lock or keyhole was located at the very bottom of the building. Two tall angels greeted me as I got near the door. It appeared as though they already knew who I was. “Welcome, Saint Joo Eun. By the Lord’s command, we have been waiting for you.” The angels stood guard at each side of the door. They were wearing full armor and the armor radiated white light. The angels wore a unique sash that went over their shoulders to the waist. It formed a X. There were large and small weapons attached to the sash. The weapons shined with a bright golden color. They also appeared to have a long sword attached to their side. I somehow knew their wings were folded inside their full armor.

Similar to automatic doors, the doors opened to one side. Angel Spurk and I entered together. Spurk had three pairs of wings. It appeared as though he was a higher rank. As we entered the room, the reflecting light was so strong that I almost fell stunned. However, Angel Spurk assisted me and supported my body. I was able to get a very good look of the room.

Page 241

*** The inner structure of the room with the gift of spiritual discernment**

I was able to view the room with the gift of spiritual discernment with one glimpse. But the height and width was endless. Being able to view it with one glimpse, I knew the Lord was helping me. I was able to look, feel, and memorize all in harmony. I felt I had become smart. I felt as though my head had become refreshingly clear and intelligent. The room was busy with many angels moving about. I asked the angel who had led me. “Why are they so busy moving about?” The angel explained, “Saint Joo Eun, they have received instructions from Father God. They are preparing to deliver the gift to all the saints who have longed and desired it. It is also a process of preparation.”

(I don’t understand whole paragraph, help me-영분별 은사의 방은 크게 세 부분으로 나뉘질수 있는데 양쪽 벽면에서 가운데 쪽으로 삼분의 일씩 차지하는 곳에 세로로 경계선 같은 큰 기둥이 서 있었으며 양쪽으로 서 있는 정중앙 부분은 가로로 칸칸이 높이 되어 있으며 선반 같이 보였다. 오른쪽과 왼쪽 벽면에서 세로의 기둥 사이에는 세로로 칸칸이 작은 기둥들이 있고 기둥과 기둥 사이에 위에서 아래로 내려오는 금목걸이 같은 사슬들이 일정한 간격을 하고 수직으로 많이 달려 있었다.)

As the beam of light shined down, an array of full golden colors shined in harmony. The light radiated brightly. The display of gifts in all the shelves reminded me of a museum. The things that were being displayed looked like contact lenses. They were evenly stacked. The stacks were so numerous; it looked like as much as a mountain can hold. There were also items that looked like different types of eye glasses. However, they all looked very unique. Angel Spurk stated that if a person wore one of the glasses or the contact lenses, that person would be able to discern the spirit.

There were other unique looking items besides the glasses and lenses. I also observed different colors of stickers. Some stickers were transparent; some looked like eye brows, while the rest look like a person's eye. Within that moment, Jesus, suddenly appeared and began to explain it in detail. "Joo Eun, come over here. You have already received many kinds of spiritual discernment gifts. You observe closely and explain it to Pastor Kim."

Page 242

The Lord walked over to the side of the room and returned with an object that looked like a beaker. The beaker was made of gold. The beaker was half filled with a light blue colored liquid. Light was flashing and reflecting from all directions. The Lord then began to explain about the liquid. "The Holy Spirit provides this liquid when granting a gift or I would personally sprinkle the liquid to grant a gift. This is the gift of spiritual discernment." The Lord sprinkled the liquid onto my eyes. The golden colored liquid went into my eyes like a dew drop. After the liquid had entered my eyes, I was now able to see clearly and more vividly. "Wow! Lord! Thank you so much!"

As Jesus lightly patted my back, He said, "Alright, Alright. Always have a grateful mind even with the smallest matter." I then closely looked toward the center. The contact lenses and glasses were displayed along shelves in order. As I continued to walk forward, I saw the light blue colored liquid that was in the beaker. This time, it was completely filled in a huge Napa cabbage shaped bowl. At the end of the center of the room, a round object with a strong shinning light like the sun was moving as though it was alive. I was very curious and asked Jesus. "Jesus, what is that? Why is the object shinning so brightly? I am not able to look straight into it with my eyes open. Can I just touch it once? Wow...it is making a sound of static electricity." The Lord replied with a smile. "Alright, do not be afraid but draw closer and touch it." I cautiously went toward it. In my mind, I was a bit afraid. However, I wanted to risk it. I slowly thrust out my hand and touched it.

From a distance, it looked like a shinning bead but when I touched it, it felt like Jell-O. It felt weird and unique. Once I had touched it, it made a sound of electricity and sparked.
Jesus began to explain it clearly.

Page 243

"The angels take these gifts from this room of spiritual discernment and distribute it to the saints who have justifiably longed and desired them. This one is especially precious among all the other gifts of spiritual discernment. This particular one gives the ability for people to discern most clearly. The angels take a small piece to each person." I asked the Lord, "Lord! Lord! Please take a small piece for me!" The Lord permitted and the angel took a small piece from the shinning object. As soon as I received it in my hand, the piece gently soaked into my body as it radiated in different colors. With the Lord by my side, I view the whole room. After I had viewed the whole room completely, I returned to the church and finished the service in prayer.

* Fireball instantly kills the rat

Pastor Kim - The more I prayed, God continued to grant me a handful of more powerful weapons. I received the weapons of fire, electricity, and poisonous thorns. As people would attempt to touch me or draw their hand toward me, they would begin to fall to the floor from the shock of the fire or electricity. Within time, almost all were on the floor. The church members would ask me, "Pastor, please impart to me fire! Please impart to me electricity!" I scolded them. "Who am I? Am I the person to distribute fire and electricity? Ask the Lord and Holy Spirit! If you continue to ask or demand that of me, I would be no better than a false religious leader. Wouldn't I?" The power and gift that God will grant are living and active. The power and gift will be shown externally and noticed to those who desire, seeks, and longs for it. A person can have power but if they do not walk in humility, they will become pride and conceited without even realizing it. Their selfishness would eventually lead to apostasy.

Page 244

At dawn, a group of our church members returned home after an all night prayer service. I was exhausted and I was out of strength. I decided to lie down on the long bench. Although my physical body was without strength, the Holy electric and fire that ran through my body would make noises. The noises sounded like normal electrical current as it flowed through my body. However, as it flowed within my body, I would sometimes hear unique and unusual sounds. I was experiencing a phenomenal event.

Inside the building of the church, a door was located which exited to the first floor. As I laid on the bench and rested from exhaustion, I heard the sound of a rat. I was constantly hearing the rat move about. I thought to myself, 'How was a rat able to come inside our church building? It should soon go away.' However, the sounds of the rat's movements continued to hover into my ears. The sounds eventually became annoying as it got louder. Within that moment, I raised my hand and shouted, "Holy Fire!" As I shouted the words, a fireball went out from my palm and I heard the rat loudly squeaking. Within a few seconds, silence had returned to the church.

'Why is it so quiet?' I decided to check on the rat. Curiosity began to race through my mind. 'What had happened?' When I opened the door, I saw that the rat had been hit with the fireball. The rat's internal organs and brains had blown up. Blood had poured out from the mouth and ears and a pool of blood surrounded near its body. The rat briefly shook. As I looked, I was shocked and I had to calm myself as my heart raced. 'Wow! The Holy Fire is very powerful!' There were two rice bags near the rat's body. The rat was sneaking around eating the rice when it instantly died from the fireball.

Page 245

The Lord said, "Pastor Kim, do you now realize the power of Fire?" The Fire that your church members had long to receive and now has received is the power that the evil

forces are most afraid of and fear. Therefore, you have to continuously accumulate it daily. Charge it up everyday!” Some of the church members had witnessed the scene of the dead rat while the others who had returned at a later time were only able to view the trace of blood. One of the youth joked and commented, “Pastor, I will bring a larger rat so that you can shoot it with Fire one more time!” We all had a good laugh. As we spiritually battle with the evil forces, the church members realize that the weapons of Holy Fire, Electricity, and Poisonous thorns are manifesting enormous power. The weapons of the Holy Spirit are more powerful and stronger than beyond our imagination.

“God also bearing them witness, both with signs and wonders, and with divers, miracles, and gifts of the Holy Ghost according to His own will?” (Hebrews 2:4)

As long as I do not refuse the work of the Holy Spirit, He lets me experience them immediately. The Holy gifts manifested in the Lord’s Church were gifts received through difficult trials. But as I observe people who so easily experience the gifts, I feel as though they are getting a free ride. As a result, many are obtaining the opening of their spiritual eyes. With their spiritual eyes so easily opened, rumors are spreading within the church community that others can obtain it just by sleeping over night at our church.

The spiritual eyes of innocent little children are especially opened immediately and most often with them. The adults experience their spiritual eyes opening as well but not as quickly but gradually. There have been numerous people visiting our church and they have experienced their spiritual eyes opening.

Page 246

The Holy Spirit dance has been imparted to other church members. Moreover, the various movements of the Holy Spirit dance are being reenacted by other church members. We are experiencing and witnessing amazing events.

Every night, we always begin our prayer rally at 9 PM. We have never advertised in newspaper or leaflets to solicit members. Instead, we prayed all throughout the night on a daily basis and the Lord revealed Himself to us. He then assisted us and sent longing and thirsty souls to experience amazing events at our church.

*** The sin of blasphemy of the Holy Spirit**

God grants the deepest things such as the Holy gift to His chosen people and they are gifts for the salvation of souls. With the gifts, His chosen people are sent forth to preach and bring the news of salvation. The gifts of the Holy Spirit are manifested in many different ways to the ones that long, seek, and desire it. The gifts are granted by the Holy Spirit. The Holy Spirit will always grant it to the ones who seek and knock. There are many Holy gifts documented in the bible but there are also many other different Holy gifts which are not stated in the bible. There are people who have a difficult time in believing the gift of the Holy Spirit. There are some who have the gift stated in the bible but do not use them properly. When the Holy gift manifest, there are those who assume

and recognize it as dangerous. People have become ignorant about the gift and they do not admit it. Instead, without knowing, they without hesitant commit the sin of blaspheming the Holy Spirit.

Even if you defy, speak foul language, speak disbelief, and or evil words against the Son, Jesus, the Lord will always forgive you if you repent and seek forgiveness. Actually, I was hesitant for some time whether I was going to disclose the definition of blaspheming against the Holy Spirit. How the sin of blaspheming the Holy Spirit will not be forgiven. How opposing the Holy Spirit is blaspheming as well.

I am in careful thought about the shock and aftermath of how the Korean Churches will have after I expose the truth.

Page 247

“Wherefore I say unto you, All manner of sin and blasphemy shall be forgiven unto men: but the blasphemy against the Holy Ghost shall not be forgiven unto men.”

(Matthew 12:31)

“If any man see his brother sin a sin which is not unto death, he shall ask, and he shall give him life for them that sin not unto death. There is a sin unto death: I do not say that he shall pray for it.”

(1 John 5:16)

“But he that shall blaspheme against the Holy Ghost hath never forgiveness, but is in danger of eternal damnation. Because they said, He hath an unclean spirit.”

(Mark 3:29-30)

Jesus had commanded me many times to disclose and document the sin of blaspheming against the Holy Spirit. But I was in distress because there were so many pastors and church members who were committing this horrific sin. I have personally witnessed the people in hell who have committed the sin of blaspheming the Holy Spirit. I have also experienced the torment of this sin in hell.

“But the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned.”

(1 Corinthians 2:14)

Page 248

I will briefly state some basic descriptions of blaspheming against the Holy Spirit. They are neglecting, ignoring, or totally opposing the gift of tongues, prophecy, and interpreting tongues. They are aggressively opposing the gift that have or are manifested

in different ways. If I include the people who incorrectly allege based on their prejudices and humanistic views, the range of blaspheming against the Holy Spirit is very wide. With that said, judging and condemning risk the possibility to progress into the sin of blaspheming against the Holy Spirit.

With the revival at our church, the Lord had especially showed the members of our church and myself the many pastors and believers who were in hell tormented for the blaspheming of the Holy Spirit. The Lord had personally led me to the place in hell to witness the pitiful scene of those torments for this sin. In fact, He even had me personally experience the torment. The Holy Spirit can manifest in many different ways. In fact, the range is very wide. I think in order for people to be free from committing the sin of blaspheming against the Holy Spirit, they must at least admit and acknowledge the gift of the Holy Spirit.

“Now there are diversities of gifts, but the same Spirit. And there are differences of administrations, but the same Lord. And there are diversities of operations, but it is the same God which worketh all in all. But the manifestation of the Spirit is given to every man to profit withal.” (1 Corinthians 12:4-7)

Page 249

*** Making the Lord exclusive in your life**

There are numerous churches in Korea that totally forbids the praying in tongues. How can one possibly experience the power of prayer or the Holy Spirit if one only prays quietly and silently at any given time of prayer? Sometimes a contemplative prayer is required but when the person praying is dynamic, strong, and active, the Lord will powerfully work in us. This can be verified through the bible. The Lord often shouts to us, “If you powerfully pray with a mind of a warrior rather than in a contemplative way, I will become exclusive in your life!” They type of prayer that will make the Lord exclusive to us! The type of prayer in which forceful people can take the Holy treasures from heaven. The prayer that shouts in tongues all throughout the night with passion which never wearies and perseveres. In heaven, there are many treasures heaven a forceful people can take.

“And his disciples remembered that it was written, The zeal of thine house hath eaten me up.” (John 2:17)

“And from the days of John the Baptist until now the kingdom of heaven suffereth violence, and the violent take it by force.” (Matthew 11:12)

*** The gift of the Holy Spirit**

The gift of the Holy Spirit is the gift that the Holy Spirit grants to Christians who believes in Jesus Christ. The gift is used so that Christians can execute the special ministry or for the common good

“And God hath set some in the church, first apostles, secondarily prophets, thirdly teachers, after that miracles, then gifts of healings, helps, governments, diversities of tongues. Are all apostles? are all prophets? are all teachers? are all workers of miracles?”

Have all the gifts of healing? do all speak with tongues? do all interpret? But covet earnestly the best gifts: and yet shew I unto you a more excellent way.”

(1 Corinthians 12:28-31).

Examples that represent the gift are meticulously stated in 1 Corinthians 12:8-10.

“For to one is given by the Spirit the word of wisdom; to another the word of knowledge by the same Spirit; To another faith by the same Spirit; to another the gifts of healing by the same Spirit; To another the working of miracles; to another prophecy; to another discerning of spirits; to another divers kinds of tongues; to another the interpretation of tongues.”

“Wisdom, knowledge, faith, healing, miraculous powers, prophecy, distinguishing between spirits, speaking in different kinds of tongue, the interpretation of tongues.” A total of nine. Moreover, the various kinds of gifts can manifest in different degrees. 1 Corinthians 12:31 implies that the greatest gifts can be desired and manifested.

Page 250

And as you can see in Ephesians 4:7, grace has been granted as Christ apportioned.

“But unto every one of us is given grace, according to the measure of the gift of Christ.”
(Ephesians 4:7)

As Apostle Paul teaches the Christians, he strongly emphasized the practical (utility) side of using the gifts. The reason is for the edifying of the church (1 Corinthians 14:12), serving the church, and so that our character can bear fruit. Furthermore, the verse emphasizes the significance of responsibility of spiritual gifts.

There are some who give undue prominence to the gifts as universalism; however, they are only inclining toward mysticism. There are some that only emphasize the systematic side which inclines toward chilly doctrinism. Therefore, they do have the possibility of losing the experience of the Holy Spirit's presence and miraculous powers. People must always remember that after they had done that, they have the possibility of denying the work of the Holy Spirit. This can eventually and possibly lead to the sin of blaspheming the Holy Spirit. It is very important to have a balance.

*** People that are in hell for the sin of blaspheming the Holy Spirit**

Kim, Joo Eun - Jesus said, “Freckles! You will now witness a very frightening scene. Since Pastor Kim is documenting about the sin of blaspheming the Holy Spirit, I want to

show you the frightening scene of the torment. You only have to witness the frightening scene but your father, Pastor Kim, will personally experience the torment.”

Page 251

As soon as father began his prayers, he fell onto the floor and screamed in pain. He tumbled, rolled over the floor, and groaned. “Oh, Lord! Oh, Lord!” Jesus told me that He took my father’s soul to the lowest part of hell to be tormented. The Lord then quickly returned me. I grabbed the Lord’s hand. After we had passed the dark tunnel to hell, I saw a sign that was shaped like an arrow. On that sign, I saw the word written, “Forward.”

Whenever Jesus took my mother and father to hell, He had always led them to hell within a breath. It was within an instant second and He helped my parents be able to endure the speed of instance. However, whenever He took little children like me, He had always led us slowly and carefully. He had always asked us to be cautious as well. Maybe it is because my mother and father have stronger faith.

When we arrived in hell, I began to hear the sound of ear splitting machines. It sounded like big machines and it came from the area where it was dark as a pit. The Lord took me to the area where the sound was coming from.

Naked people were laid and tied up in piles of layer upon layer of each other in the very center of the machine. As the people laid in the center, the machine had two enormous rectangular shaped blocks made of possibly iron, one on top and one on the bottom of where the people laid. It reminded me of a compactor. The two rectangular shaped iron blocks moved slowly to one another. As they moved, they were making an awful sound.

One block from the top and one block from the bottom came to close on the people that were laid out. As the blocks came closer to close on each other, the people screamed and shouted in horror. “Ugh! Please, Stop it! No! Please No! Ugh!” The two rectangular shaped blocks began to rub against each other as the people were squeezed and tormented. Like a hand mill, the people were being squashed like beans. I was very scared and buried my face into the Lord’s bosom. “Lord! Lord! I am so scared! I am so scared! Jesus! For what reason are they being tormented like that?” As the Lord lamented, He explained. “They are the people who intentionally blasphemed the manifestations of the Holy Spirit. Most of them are pastor and their church congregations. One teaches incorrectly and the others believe incorrectly. Those pastors and teachers are now here. My heart aches.”

Page 252

*** Torment equipment that looks like a castanet**

Jesus led me and said, “Alright, let us go forward once more.” After we had walked forward a little farther, I began to hear machines as they became louder. The sounds were louder than the previous ones I had heard. I was startled and so I rubbed my eyes to get a

clearer look. The machine boomed and banged. The sound shook heaven and earth. The ground of hell was shaking violently. As I began to realize what was happening in front of my eyes, I almost fainted out of shock. "Lord! Please stop their torment! Save them!" The Lord then asked me to watch for a little longer. I, therefore, watched more closely. There were two enormous large objects shaped like a person's hand. One of them was opened wide as a castanet or clam. The size of the object was as tall and large as the large buildings on earth. When it closed and clamped, the loud noise sounded like two hard metals clamping down against each other. A huge giant devil stood next to the metal objects. The creature looked like it was a mix of a woman and a man. Its hair was mixed with two different colors, white and black. The devil did not have any eye balls and the color of its skin was dark. It appeared as though the devil's body was secured with full body armor. The devil formed the people into a single line and then placed a person into the castanet shaped object. One at a time, a person was placed in the object and the creature pounded the castanet shaped object. Screaming, the person's eyes shot out and their internal organs burst out to the open. They were smashed. I could only see the stream of blood that was left.

Page 253

In a loud voice, I asked the Lord. "Lord! Lord! I do not want to watch anymore. I feel so sorry for those people!" The Lord said, "Alright, Joo Eun, I am sorry that I have to show you. You are only a little child. But you must witness this scene. People who commit the sin of blaspheming the Holy Spirit will be greatly judged and tormented. Just because they have a difficult time believing the manifestations of the Holy Spirit, they do not have the right to judge or insult the work. People who deny or reject the work or manifestations of the Holy Spirit will be greatly dealt with. Furthermore, the people who so easily drive out the work of the Holy Spirit and judge it as a cult or condemn it will be subject to the torment of this place. People who have tasted the heavenly gift and become corrupt and fall away will also end up at this place to be tormented. Therefore, Christians must humble and lower themselves to guard and hold fast to their faith to the very end. The Lord's Church will also need to be very careful."

The devil continued to place the people into the objects as it continued to smash and torment them. The devil hummed a song, "Wow, it is fun! Hey are you also having fun?" The Lord said, "There are too many people coming to hell because they are committing the sin of blaspheming the Holy Spirit. This aches my heart the most. Joo Eun! We will leave hell after we witness one more place in hell." I tightly held the Lord's hand and we walked forward.

*** People made into soft coal**

Page 254

Years ago, I saw on television a machine that stamped out soft coals. Where I am right now with the Lord reminds me of that coal factory I saw on television. There was a huge shaped cylinder column and on top of the column were many holes with different shapes.

There were star shaped holes, triangle shaped holes, rectangular, pentagon, and many more. All the holes were of different shape. Sharp blades stood out from the edge of the holes. Among all of the other tormenting places in hell, what I am witnessing today is the most fearful and horrifying place. The fearful sight made me shiver.

On the right side of the cylinder column stood the giant devil that I had seen prior. The devil had been transferred to this place and was preparing to torment the people. A handle was located and attached to the side of the column. The devil was already holding the handle prepared to pull on it. I was worried and thought to myself. 'If the devil pulls down the handle, all different shapes of blades from the cylinder column will stomp on the people. What should I do?' With the sound of metal grinding, the cylinder column began to rise high into the air. It rose very high and the sight was fearful. The ground was covered with naked men and women. As they shivered, they cried and shouted. "Lord! Lord! I am so sorry! Please forgive me! I really did not know! Please forgive me! Give me another chance. Please?" They pleaded and shouted over and over. The sound was so loud that it felt like hell was splitting into pieces.

I also cried out and pleaded to the Lord. "My beloved Jesus! Please give them one more chance! Please? Jesus! Just one more chance! I feel so sorry for them! Ah~! Look out!" The moment I shouted 'Look out,' the devil pulled the handle forward and the enormous heavy machine fell to the ground and onto the people. The people got stomped, flattened, and torn into the different shapes and patterns from the various holes with blades. Their hearts burst open, eye balls shot out and the internal organs with blood shot out in every direction. I screamed out loud, "Jesus! Oh! I am so scared!" As the machine lifted back up to its original position, the peoples' body or flesh returned to normal. They experienced pain repeatedly. The torment continued endlessly.

Page 255

I pleaded to the Lord, "Jesus! Can you not give them just one more chance to believe in You for those who are in hell? How can they possible endure such punishment for eternity? I feel so sorry for them. I can't bear it! Except for the king of devil, Satan, can you please just give the fallen angels one more chance as well so that they may follow and believe in you? The fallen angels fell into Satan's temptation, right? Please Lord!" The Lord replied, "It is impossible! There is no possibility that can come to pass! Let us go out of hell." The Lord then led me out.

I was very thankful that I currently believed in Jesus. I assured myself that I will cautiously serve the Lord so that I will not become corrupt after believing in Him for many years. Among the believers that have come to hell, about 70% of them have committed the sin of blaspheming the Holy Spirit and the remaining 30% are believers who have not kept the Word of God as they lived their lives. They lived a double life, a life mixed with the world. They have lived a life of disorderly conduct. These are people who stated that they believed in Jesus Christ but did not keep and follow the Word of God (commandments) and as a result have ended up in hell. As I witnessed the scene, I felt so sorry for them. I was truly in lament.

“For it is impossible for those who were once enlightened, and have tasted of the heavenly gift, and were made partakers of the Holy Ghost, And have tasted the good word of God, and the powers of the world to come, If they shall fall away, to renew them again unto repentance; seeing they crucify to themselves the Son of God afresh, and put him to an open shame.” (Hebrews 6:4-6)

“But exhort one another daily, while it is called To day; lest any of you be hardened through the deceitfulness of sin. For we are made partakers of Christ, if we hold the beginning of our confidence stedfast unto the end;” (Hebrews 3:13-14)
